1. Principal and Chairman, of I year Board of studies welcomed the members for the I year Board of studies meeting. Principal informed the members that AICTE model curriculum has been taken as the base for the formulation of the curriculum and the syllabi and also mentioned that care has been taken to frame a syllabus with appropriate weightage to science, mathematics, english and engineering courses which will cater to the needs of industry and academia. Chairman also informed the members that the students are also given the freedom to study either French or German instead of English during the second semester.
2. Dr.N.Muthukumarasamy, Head, Department of Physics described about the structure of the curriculum to be followed for all I year B.E/B.Tech programmes and the course content was described briefly by the respective Head of the Department.
3. Dr.Nagaveni, Head, Department of mathematics informed the members that syllabus for Mathematics for the I and II semester are department specific and much importance has been given to applications.
4. Dr.K.Chinnakali, Professor, Anna University, Chennai, gave some suggestions about the incorporation and removal of some topics in the Physics and chemistry courses and after discussion they were revised accordingly.
5. Dr.K.Marimuthu, Head, Department of Mechanical Engineering, explained about the Engineering Practise Laboratory.
6. The members discussed about the programming languages to be taught to the students during I year and it was decided to have C programming and Python programming for the B.E. Computer Science and Engineering and B.Tech Information Technology students and C programming alone for the other I year students. Dr.Malar of PSG College of Technology suggested that more number of programming laboratory classes should be conducted and this will improve the programming skill of the students.
7. It was also decided to have the credit for the I/II semester to be between 18 to 22 based on the programme.
8. The necessity for soft skill courses was discussed in the meeting and the members felt that the one credit course on Employability Skills offered during the first year will be much beneficial for the students.

9. Dr.M.Thirumarimurugan, Head, Department of Chemical Engineering informed the members that Physical Chemistry and Organic Chemistry courses have been introduced for the Chemical Engineering students in the I year itself so as to make them to have a strong Chemistry background in the first year which will be of much use for them during their higher semesters.
10. After discussion and incorporation of the suggestions provided by the members the I year curriculum and syllabi was approved by the members of the I Year Board of Studies.
11. Principal thanked all the members for their active participation.
