

COIMBATORE INSTITUTE OF TECHNOLOGY
COIMBATORE-641 014.
(Government Aided Autonomous Institution)
DEPARTMENT OF COMPUTING
(Artificial Intelligence & Machine Learning)

SENIOR TUTOR : Dr.J.SHANA
ACADEMIC YEAR : 2021-2022

TUTOR : Dr.E.CHANDRA BLESSIE
YEAR : II SEMESTER : IV

CAC - I MEETING MINUTES

DATE OF MEETING : 29-04-2022

The feedback on Teaching Learning Process of IV Semester courses was received from the students through Google form for the last two months.

<https://forms.gle/rEK89Y4xwpDbCD3s9>

Review on Teaching and Learning process separately for each subject is given below

19MAM41 Operations Research

Teaching - Good. Great teaching. Excellent. Classes are good and application-oriented problem can be taught. Good and way of teaching is excellent.

Learning - It was clear and understandable.

19MAM42 Machine Learning

Teaching - Good. It would be much understandable, if the topics covered in the class be much elaborated. Some more problems can be added for teaching.

Learning - It was clear and understandable. Feeling difficult in few parts.

19MAM43 Design and Analysis of Algorithms

Teaching - Good.

Learning - It was clear and understandable.

19MAM44 Data Communications and Networking

Teaching - Good. Good and way of teaching is excellent. only pdf sharing and poor teaching. not energetic. Using the board more would be nice.

Learning - It was clear and understandable. Materials are needed

19MAM45 Operating Systems

Teaching - Good. Needs some more attention. It would be much understandable, if the topics covered in the class be much elaborated. Can be better. Using the board better would be nice.

Learning - It was clear and understandable. Feeling difficulty in few parts

19MAM46 Machine Learning Lab

Teaching – Good. Easy to understand.

Learning - It was clear and understandable. The subject is very different.

19MAM47 Design and Analysis of Algorithms Lab

Teaching - Good. Good but (lab facilities are too bad and inconvenient). Can be better.

Learning - It was clear and understandable.

19MAM48 Network Programming Lab

Teaching - Good. It would be much understandable, if the topics covered in the lab be much elaborated.

Learning - It was clear and understandable. We still don't know what's important in it

ACTION TAKEN

Sent mail and Informed the concerned faculty members to take necessary steps.
