GOLDEN HANDS (INIATIVE ON VALENTINE'S DAY)

This event held to show our love towards workers(sweepers and workers in mess).

We provided gloves to around 40 workers.this event was done to show our affections towards them thanks to Marimuthu sir(head warden) and staff advisor for helping us to do this initiative.

NAKSHATRA 2K18

Nakshatra conducted by students union was held on march 2 and 3. there were around 8 events conducted

- Bulls eye
- Talent pool
- Mock upsc
- Youth parliament
- Sigma
- Areta
- Book boss
- Sneak a peak

Mock upsc:

A similar pattern resembling upsc has been given to participants .participants were short listed and were called for final session.

Book boss:

This event is for readers circle members. Participants were asked questions from the book they read and the best one was selected.

All events were held successfully. For mock upsc more than 100 participants appeared for the first round.mock upsc and book boss was conducted as trademark event.

All other events had good feed back.

PERIODICAL EVENTS/ACTIVITIES FROM(DECEMBER- MARCH)

- WEEKLY CHALLENGE
- BOOKAHOLIC
- WORD OF THE DAY
- THINAM ORU KURAL

We know that **WhatsApp** is a powerful medium for sharing. We thought of using this powerful sharing medium for the self-development of the club members and other interested people. We came up with these three WhatsApp based events:

1. Be a bookaholic
2. Word of the day
3. Thinam oru thirukural

BE A BOOKAHOLIC:

It is typically a book review that will lure the person into reading. We select one of the best books and give its review so that the beginners can come to know which book the best for them is. The review will be shared in the WhatsApp app group. This is a weekly event.

This event was initiated on 18th December 2017.

The format for the “**BE A BOOKAHOLIC**” is:

KALAM KNOWLEDGE CLUB

READER'S CIRCLE

BE A BOOKAHOLIC

THE SHIVA TRILOGY

Genre: Mythological fiction

How did our Rishis live for over 200 years?

Why does Lord Vinayaka’s face resemble that of an elephant?

Why is Kali having more hands than necessary?

And countless other questions can be answered not by absurd answers but by scientific mind-blowing answers.

These books have opened a new genre of book called Mythological fiction, which wasn’t main stream in Indian literature.

The Shiva Trilogy as the name suggests is a series of three books

1. The Immortals of Meluha
2. The Secret of Nagas
3. The Oath of Vayaputras

This book is packed with amazing facts, love, history and overwhelming cliff hangers. Even an atheist would love this series.

STATUS: Available in CIT Library.

WE DISAPPEAR INTO BOOKS. WHAT'S YOUR SUPER POWER?

No. of reviews: 7 (till March 8th)

This review has been found useful and the feedbacks are good.

WORD OF THE DAY:

In order to develop our Vocabulary this Word of the day has been initiated on WhatsApp on January 9th 2018.

It is a daily event where we share

- The word
- Its parts of speech
- Meaning
- Example

The format is:

KALAM KNOWLEDGE CLUB

READERS CIRCLE

08/03/18

#51 (8.4) WORD OF THE DAY

EXUBERANT

(Adjective)

MEANING: Highly spirited and cheerful

EXAMPLE: His exuberant attitude made him to be liked by all.

No. of words so far: 52 (till March 9th 2018)

This will be shared by our core team both WhatsApp group and the status. By doing this everyone in their contact can also learn the new word, thereby making a really favourable and pragmatic event. The feed backs were very encouraging and exuberant. There is also a weekly recap of the words learnt throughout the week on Sunday.

The in charge will be changed weekly and will be kept in rotation.

3.THINAM ORU THIRUKURAL:

In this busy and frequently changing world, we often forget the importance of our Mother tongue and fail to appreciate or even notice it. Thirukural is one of the biggest treasures of the world. Its simplicity in teaching life lessons cannot be found in any country's literature. It has been established in Tamil and it's high time we start to take respect for this classic. "THIRUKKURAL" - The universal book on moral way of life is the crown of human intellect! Learnt and admired by Kalam sir too at many occasions.

We initiated this event on Jan 14th on Thai Pongal, The harvest festival of Tamil Nadu. The reason was to sow an intellectual seed on the harvest Festival to reap our inner wisdom!

This will be posted in the WhatsApp groups and in the status as well.

The format is

அறன்வலியறுத்தல் குறள் எண்: 38

வீழ்நாள் படாஅமை நன்றாற்றின் அஃதொரு-
-வன் வாழ்நாள் வழியடைக்கும் கல்

If no day passing idly, good to do
each day you toil, A stone it will be
to block the way of future days of
moil.

விளக்கம்: அறம் செய்யாது வீணாகும் நாள்
இல்லாதவாறு, ஒருவன் நாள்தோறும் அறத்தை-
-தச் செய்து வருவானானால், அச்செயலே அவன்
இவ்வுலகில் (மீண்டும்) உடம்போடு கூடிவாழும்
நாள் (பிறப்பு) வரும் வழியை அலைக்குங்
கல்லாகும்.

Explanation: If one allows no day to
pass without some good being done,
his conduct will be a stone to block
up the passage to other births.

கலாம் அறிவுசார் ஆளுமை மன்றம்

#38 (4.8) தினம் ஒரு குறள் அறம்

மாசி 14(கசு) - 26/2/18

No of Thirukural so far: 48 (till march 8th)

Weekly challenge

This is more like a regular meet where things are structured. weekly challenge is started in interest for both (readers and upsc) forum.

Weekly challenge includes

- Ice breaking speech
- Ncert seminar
- Ministries report
- Topic discussion
- Evaluation

All this will be co ordinated by TMOD (task master of the day)

Till date we have conducted 09 weekly challenges.

Ice breaking speech

Members of the club are given oppurtunity to speak about the given topic in a allotted time

This is started in interest of developing public speaking abilities

Ncert seminar

Since ncert is the base for upsc preparation .every week there will be a session on ncert topics.and finally questions will be asked

Ministries report

Members are allotted a specific ministries based on the interest .And each week they will update information that the ministries have brought out.this has been very useful for preparation and for updating ourself

Topic discussion

Every week current topics will be discussed. For example

- 1) one belt one road
- 2) israel-palestine
- 3) dokhlam issue

Evaluation

All weekly challenge will have evaluation done by evaluation master. Positives and negatives of the speaker will be discussed.

This helps them doing better.

“Wom”menia

On march 8, womens day was celebrated. Some un familiar successful womens life history was pasted in the college premises.and a special iniative was done where everyone wrote the woman whom they like in sticky notes and it was displayed on the boards

KALAM KNOWLEDGE CLUB

ANNUAL REPORT 2018-19

Stepping into the second year of Kalam Knowledge Club, we the Taskmasters hoping to accomplish the club's motto for gaining knowledge as well as self development of the taskmasters planned to do various activities covering the three forums. Here is the annual report for the year 2018 – 2019 in which we tried our best outcome to enhance the club.

1. ENVIRONMENT DAY CELEBRATION:

A Discussion was held among the Taskmasters of the club on 04.06.2018 regarding Environmental Day Celebration at Bosch Corner, Library. We as humans should do something to make our earth sustainable. We created posters each telling us the pledge we are going to take this day and follow them to make our earth a better place. The Members set an example through maintaining consistency and self-discipline as a team from that day by following the pledge. The meeting adjourned at 6pm.

2. GENERAL MEET:

The Taskmasters conducted a meeting for discussing the upcoming events of the club and improvisation in the existing events. The meeting took place at the Bosch corner, Library from 5:00 pm to 6:45pm on 12.6.2018, Tuesday. The ideas for Inauguration and other events for the present semester were gathered from the taskmasters. In the meet, Youth Parliament event has been clearly explained and guidelines for an event/meeting were ruled out. New postings were updated for the present year and a rule book has been created for providing the guidelines to the club for the current and upcoming years.

3. WEEKLY CHALLENGE – 1:

This is a regular event conducted every week started on the day 20.06.2018, Wednesday. The event was organized to develop speaking skills, reading habits and newspaper reading covering all the three divisions of the club. It was held at Bosch corner from 5:05pm to 6:45pm and was attended by Taskmasters, Members and Guests. Public speaking was given by Taskmasters regarding morals and economics. The Readers' circle event consisted of the benefits from book reading and the changes it could bring to people. Topic discussion covered the details about Aadhar card and smart card, its merits and demerits. Posting and Power of the President of India were discussed in a clear way. It was concluded with the results from Evaluation master, Time master, listening master and Periodical Event Director.

4. MONTHLY MEETING:

The meeting held for scheduling the month's plan of events at Bosch corner, Library on 21.06.2018. Taskmasters attended the meeting and discussed their ideas. The vision of the club is clearly explained to them. The monthly plan consisted of planning for Weekly challenge, Youth Parliament, NCRET Seminars and other Social events. The method of event conducted, its new way and better way of conduction is thoroughly discussed. Certain rules were implanted for starting an event and tasks were given to Taskmasters. It started at 5:00pm and ended at 6:15pm.

5. WEEKLY CHALLENGE – 2:

This is a regular event conducted every week started on the day 27.06.2018, Wednesday. The event was organized to develop speaking skills, reading habits and newspaper reading covering all the three divisions of the club. It was held at Bosch corner from 5:10pm to 6:45pm and was attended by Taskmasters, Members and Guests. Public speaking was given by Taskmasters regarding laziness and Perspective view. The Readers' circle event consisted of the live book review of two books. Topic discussion covered the details about currency, its values and economic growth. Posting and Power of the IAS Officer were discussed in a clear way along with his responsibilities. It was concluded with the results from Evaluation master, Time master, listening master and Periodical Event Director.

6. WEEKLY CHALLENGE – 3:

This is a regular event conducted every week started on the day 05.07.2018, Wednesday. The event was organized to develop speaking skills, reading habits and newspaper reading covering all the three divisions of the club. It was held at Bosch corner from 5:10pm to 6:45pm and was attended by Taskmasters, Members and Guests. Public speaking was given by Taskmasters regarding three pieces of advice and a short story. The Readers' circle event consisted of the importance of book reading and perspective view of author. Topic discussion covered the details about crypto currency, its merits and demerits and their transactions. Posting and Power of the Chief Justice of India were discussed in a clear way along with his responsibilities. It was concluded with the results from Evaluation master, Time master, listening master and Periodical Event Director.

7. WEEKLY CHALLENGE – 4:

This is a regular event conducted every week started on the day 11.07.2018, Wednesday. The event was organized to develop speaking skills, reading habits and newspaper reading covering all the three divisions of the club. It was held at Bosch corner from 5:10pm to 6:45pm and was attended by Taskmasters, Members and Guests. Public speaking was given by Taskmasters regarding MAD organization and life values. The Readers' circle event consisted of live book reviews of Power of Positive Thinking and Students who carved me (Tamil version) . Topic discussion covered the details about Trade War, Tariff and Current affairs. Posting and Power of the Chief Secretary of India were discussed in a clear way along with his responsibilities. The Science facts discussed in the meeting comprised of material property and review of a science fiction movie. It was concluded with the results from Evaluation master, Time master, listening master and Periodical Event Director.

8. WEEKLY CHALLENGE – 5:

This is a regular event conducted every week started on the day 18.07.2018, Wednesday. The event was organized to develop speaking skills, reading habits and newspaper reading covering all the three divisions of the club. It was held at Bosch corner from 5:15pm to 6:45pm and was attended by Taskmasters, Members and Guests. Public speaking was given by Taskmasters regarding dreams and expectations and passion. The Readers' circle event consisted of live book review of the book You can win. Topic discussion covered the details about Basics of Banking and related terms. Prevailing social problem was discussed by a member regarding Manual Scavenging. The Science facts discussed in the meeting comprised of buoyancy and brain function and about thoughts and imagination. It was concluded with the results from Evaluation master, Time master, listening master and Periodical Event Director.

9. KALAM SIR'S REMEMBRANCE DAY:

The event was conducted to show our respect and gratitude towards Kalam sir on his remembrance day. The event held at Library, on 27.07.2018 which started at 5.15pm. PENCIL – the green pencil was distributed by our alumni. Debate was conducted on the topic “How to achieve Kalam sir vision by Agriculture boom or by Technological boom”, in which valuable informations were discussed. Quiz competition regarding current affairs and Kalam sir was organized, which refreshed and provided with some useful topics for the participants. Posters and crafts related to Kalam sir has been submitted in the meeting. The session was adjourned with a motivational video and a wonderful quote.

10. INTERACTIVE SESSION ON TNPSC AND UPSC EXAMS:

The session was mainly organized to create awareness among the members, guests and taskmasters regarding TNPSC and UPSC Exams. The session held on 28.07.2018, at Main Block Conference Hall. Chief Guest – M.Senthil Kumar, who was the director of the ARAM IAS Academy gave a beautiful outline regarding the UPSC Exams and also cleared students doubts. Mohamed Yasar Arafath, IRS Assistant Commissioner of Customs and GST made a clear session for students. Shankara Narayanan, who is a Faculty of History ARAM IAS Academy explained the audience and cleared their queries regarding exams. The session started at 3:30pm and ended with fruitful informations.

11. YOUTH PARLIAMENT:

Youth parliament was conducted on August 15th on our 72nd Independence Day. It is a new initiative of the club which had a tremendous response. It also helped to find the “solution providers” among the students community. Taskmasters and Members of the club took responsible as Ministers and Deputy Ministers of each department as like in Parliament. Each Ministry took up one problem and discussed an approximate solution. The queries of other departments regarding the solution of the problem are cleared by each representative. More sessions are expected to come often from the huge response. No of participants: 40.

KALAM KNOWLEDGE CLUB YOUTH PARLIAMENT

12. INTERACTIVE SESSION WITH IFS OFFICER:

It was conducted on 20.08.2018 to provide an interactive platform for the UPSC aspirants. The session had a speech addressed by the chief guest Mr. Vignesh Appavu IFS followed by 2 hours of queries. The club members asked their questions and the honorable chief guest was very happy to answer them. The meeting adjourned at 8 PM with refreshments.

20. GENERAL MEET FOR THE YEAR 2019:

The Taskmasters conducted a meeting for discussing the upcoming events of the club and improvisation in the existing events. The meeting took place at the Bosch corner, Library from 4:45 pm to 6:45pm on 18.12.2018, Tuesday. The ideas for enhancing the quality of the events and to give everyone an equal opportunity to participate were discussed. Thus we created teams among the taskmasters and listed out the six teams and its members to the taskmasters. The points committee was newly appointed for the better performance of the teams and equal weightage is given to all the events and the way of interaction. The schedule for daily challenge has been decided.

21. UPSC ASPIRANTS MEET 1:

The session was mainly organized to interact with the UPSC Aspirants on “Basics of Indian Polity”. The session held on 22.12.2019, at Library hall 101. Chief Guest – Dr. Merun Shankar Sir, who is a doctor in ROBERT BOSCH. The topics covered were election, executive, legislative, judiciary, federalism, local government, rights in Indian constitution and its introduction. He said about having a driving force, how to get adapt to situations and dynamic nature of exams. He also gave us schedule and daily plan. The session started at 3:30pm and ended with fruitful information.

22. WEEKLY CHALLENGE – 10:

This is a regular event conducted every week started on the day 02.01.2019, Wednesday. The event was organized to develop speaking skills, reading habits and newspaper reading covering all the three divisions of the club. It was held at Bosch corner from 4:40pm to 7:00pm and was attended by Taskmasters, Members and Guests. Public speaking was given by Taskmasters regarding self introduction and pearl harbor. The Readers' circle event consisted of book review of three books namely "FIDAL CASTRO", "DIGITAL FORTRESS" and "THAMILINI". Topic discussion covered the details about POSCO ACT and current affairs of the week. Debate was conducted on the topic, "Is agriculture loan waiver good or bad politics?". It was concluded with the results from Evaluation team.

23. UPSC ASPIRANTS MEET 2:

The session was mainly organized to interact with the UPSC Aspirants on "Basics of Indian Polity" part 2. The session held on 07.01.2019, at Library hall 102. The topics covered were election, executive, legislative, judiciary, federalism, local government, rights in Indian constitution and its introduction. The session started at 3:30pm and ended with fruitful information.

24. GENERAL MEET FOR THE TASKMASTERS:

The meeting is conducted to discuss on relationship between religion and politics in society. The meeting took place at the Library Hall- 101 from 5:00 pm to 7:00pm on 26.01.2019, Saturday. The directive principles of state policy are guidelines for framing of laws by the government. The concept was borrowed from the Irish Constitution. These rights defined in Part III of Indian Constitution applied irrespective of race, place of birth, religion, caste, creed or gender. The chief guest Dr.Merun Shankar sir effectively communicated with the taskmasters.

25. INSPIRA 2019:

The Taskmasters conducted the flagship event for the second years for self development, teaching them that knowledge could be learnt through fun. The event took place at the Bosch corner, Library from 4:45 pm to 7:00pm on 28.01.2019, 29.01.2019 and 30.01.2019. The events conducted by the third year taskmasters were enhancing the quality of the learning as well as thinking and to give everyone an equal opportunity to participate. Thus a platform is created to share their thoughts, ideas and to make taskmasters bond stronger by coordination and teamwork.

26. GENERAL MEET FOR THE TASKMASTERS:

The Taskmasters conducted a meeting for discussing the upcoming events of the club and improvisation in the existing events. The meeting took place at the Bosch corner, Library from 4:45 pm to 6:45pm on 05.02.2019, Tuesday. The ideas for enhancing the quality of the events and to give everyone an equal opportunity to participate were discussed. Thus we gathered the positives and negatives from the club events held till date. The schedule for daily challenge has been decided.

27. STEP IN:

The Taskmasters conducted the flagship event for the first years for self development, teaching them that knowledge could be learnt through fun and for joining the club as well. The event took place at the Bosch corner, Library from 4:45 pm to 7:00pm on 13.02.2019. The events conducted by the third year taskmasters were enhancing the quality of the learning as well as thinking and to give everyone an equal opportunity to participate. Thus a platform is created to share their thoughts, ideas and to make taskmasters bond stronger by coordination and teamwork. The second years and other taskmasters volunteered the event. It was a great success with the active participation of first years.

12.KALAM SIR'S REMEMBRANCE DAY:

The Taskmasters visited the Irugur farm land on 27.07.2019 to help the farmers as per the words of Kalam sir (i.e.) Youngsters have the potential to change this world. The taskmasters had gone to the place where crops are cultivated as natural as they are and had a peaceful experience. They have undergone several works like removal of weeds and Plant 50 Saplings. They started the work by 8.00a.m. and ended it by 4.00p.m.

13. LET'S CELEBRATE LIBRARIAN'S DAY:

August 12th is being celebrated as National Librarian's Day in India, in remembrance of national professor of library science, **Dr S R Ranganathan** (1892-1972), who had spearheaded library development in India. So, the event named "Lets Celebrate Librarian's Day" was conducted by the Readers Circle of Kalam Knowledge Club to recognize the efforts of Librarian staffs. This event was conducted on 8th August 2019. The event was conducted from 5 PM to 7 PM in Library Bosch Corner, Library Block, CIT. On that day four events were conducted.

SPIN THE YARN

The first event conducted was 'Spin The Yarn'. In the event a Story's beginning will be given and each participant should continue building the story line. The next participant must continue from the previous participants story. The event was conducted till every participant got a chance.

CONNECTIONS

In this event the game "connections" was conducted relating to authors and book names. In this event the participants were divided into groups of five, as a team they were supposed to identify the words.

START READING BOOKS IN 10 MINUTES

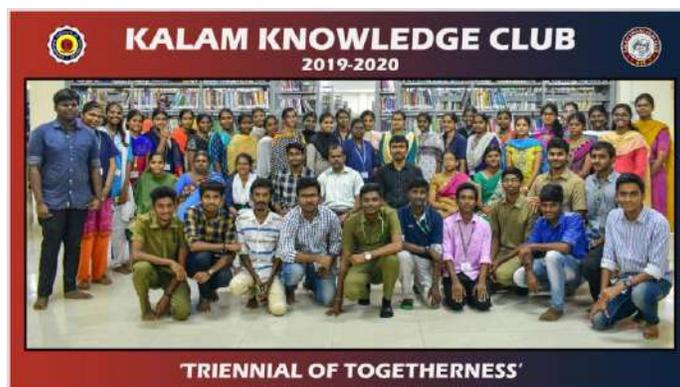

This event was conducted as a powerpoint presentation. Few practical methodologies were suggested to start reading book daily.

DUMB CHARADES

This event was conducted as a fun event. The participants were divided into team of five and were asked to recognize the name of the books when a team enacts to them.

RECOGNISING THE LIBRARY STAFFS

A video specially made for the Librarian day was played. On behalf of Kalam Knowledge Club, a Memento was given to the library staffs.

14. INSPIRA-2K19:

CONJECTURE THE PLOT

Conjecture the plot was an event conducted to develop an interest in the participants to read a book. This event was conducted in the second day of Inspira - 2K19. During the event the participants were divided into teams of five. Each team will be given a book. The participants are requested to read the synopsis in the back of the book and the prologue of the book to get an idea about the plot. With this idea they should build their own Story together as a team. After a preparation time of 15 min, a team member represents their team and is requested to narrate the story created by the team. The marks are allocated on the basis of creativity in the story, expression in narration, clarity of thought and expression.

DR.ESCAPE

This event helps students to involve in group activities and their decision-making things make them to realize their selves. Situation like chemical explosion, car accident, tsunami will be given to them and along with that some kinds of stuff or materials will be given related to the situation. Their work is to prioritize the materials for long survival if they were in that situation. This activity boost students to think problems in a reasonable manner. Since it is a group event, initially they were asked to give rank to the materials individually and were allowed to discuss with teammates to give team rank for the situation. At last, their ranking will be checked with international ranking. If a person in a group were ranked correctly with international ranking, they were supposed to convince other teammates. Team coordination will be developed among the students.

DEBATE

Debate had been conducted under the topic “Which plays a vital role in students’ life either the society or college” held in Library Bosch Corner. Students were participation was very energetic and all were representing their valuable points and it was very interesting and finally it came to conclusion that society plays a vital part in students’ life by saying that society teach you how to lead your life.

QUIZ EVENT

This is a 3rd day event of the INSPIRA-2K19. It was fun based learning event. Questions of the event was taken in the manner that logical connectivity between the answers, which gives a new dimension approach to the Quiz events. Answers was very familiar to everyone but Questions will be in the unknown manner with sharp point within that. There was about 10 Questions asked in the open to all manner with the new feature of quiz event called pounce which means showing answer in paper. Although Event was the Group event but Individual performances are also noted.

The topics discussed is ‘Issues faced by the tribals in getting education’. The session ended with solutions for the tribals issue from the aspirants by 6.40 pm.

28.STEP-IN:

DAY 1:

Step-in day 1 saw enthusiastic participation from around 50 students of various departments and was conducted at IT-213 on 18 February 2020 (Tuesday) from 5pm to 7pm. They were pooled into 5 teams for the events.

GOOGLE TRENDS

This event checks the students' knowledge in current affairs, harnessing the "Trends" feature provided by Google. Students were asked to provide a keyword related to the question and their score will be gauged based on the number of hits the keyword has recently generated from Google. This not only brushes up the students' current affairs knowledge, but was also used to explain surges in hits at specific time periods, based on recent-past.

MIRROR IMAGE

This event tests the students' geometrical thinking skill level. Students were flashed a common word of the English language for a few seconds and were asked, as a team, to sketch down the mirror image of the flashed word. Participants resorted to various techniques to solve the question as a team. In the end, a tie-breaker was used to decide the ultimate winners wherein one member from each team was asked to write the entire set the English alphabets in mirror image form.

DAY 2:

Step In Day 2 was conducted on 19.2.2020 (Wednesday) at IT - 213. On step in Day 2 the participants were divided into 8 teams and ice breakers and fun events were conducted. The first event was IPL Auction.

IPL AUCTION :

Each team was given a team name like Chennai Super kings, Royal Challenger Bangalore, etc... Each team was given 25 crores in order to auction cricket player. The base price for each player is Rs.2 crore and it keeps on increasing as the teams bid. Each team is required to auction at least 5 player for their team. There were totally 50 players from which each team can auction player.

CHEMICAL EXPLOSION :

The same team for IPL auction was continued for chemical explosion. In the chemical explosion event every one will be given a do or die scenario and the participant should tell how that will person survive with the given objects. The participants should rank their preferences of object which they will use for their survival. Each team member's preferences are given marks and aggregated marks of team are calculated based on this the winner and runner teams were decided.

DAY 3

Step-in day 3 had a phenomenal participation of around 65 students from first year of various departments.

TREASURE HUNT

This event uses scientific method of QR scanning to explore different places in the CIT campus. At first a keyword hidden in the QR is provided to the teams participating in the events. The clue consists of the idea that would lead them to the next place by exploring the subsequent clues the final place is explored. Based on the timings in which the team has explored the places prizes for the teams has been given.

CONNECTIONS

This event has been conducted as a alternative event for the treasure hunt while some people hunt for the places provided to them remaining people prepared themselves for the connections event. The event has slides that consists of clues split up into different pictures the teams should identify the connections provided to them within the allocated time.

HEADS UP

This event consists of different words and theme that is displayed in the charts a person from each team has to act accordingly their team members should find out the exact theme or word within the specified time.

After all the events prizes for individual events and the overall events awards has been distributed to the participants

29.WEEKLY CHALLENGE-14:

This is a regular event conducted every week held on the day 25.02.2020, Tuesday. It was held at Library Bosch Corner from 5.15pm-6.45pm and was attended by Taskmasters, Members and Guests. Public Speaking was given by one of the Taskmasters about the “Life ethics”. The Readers’ Circle event consisted of the live review of the book “Vandhaargal Vendraargal” by the author “Madhan”. Topic Discussion covered the “Secrets of Chidambaram Temple”. The science facts session discussed about “Astro physics” .It was concluded with the results from Evaluation Master, Time Master and Listening Master.

30.NAKSHATRA:

Nakshatra was a grand festive conducted exclusively for First years. This year Nakshatra was held for two days from 06.03.2020 to 07.03.2020. During those days many events were conducted by Task masters.

DAY 1

Innovator(Science Forum)

Round 1:

Like connection four series of photos were displayed in a printed format to depict the innovation related to science or particular scientist. Below these pictures there will be two lines to describe origin of the innovation or innovator.

Round 2:

Interview will be conducted to evaluate the participants' justification on his description. Based on Round 1 & 2 participants will be evaluated.

Riddlemaster

Each group must have 3 members for participation. Many groups from one team can participate. Four questions will be asked for one group. There will be two rounds. The selected top three groups will go for second round.

Peak Brain

The event consist of crossword puzzles and math games with two participants per team.

Knock Out

This event is like a debate .The participants split into 2 teams and given a current topic (current affairs) and they have to speak for and against about that topic .

Based on how they are expressing their points and how strong they are with their points the marks will be awarded. The participant's points are with statistics then the weightage will be more .

DAY 2

Razzle dazzle

The event of Razzle Dazzle is a game based learning new places. This event will help the students in sharpening their mind. The students can get to learn about more interesting places around them and to locate the searched places in the respective map. This event has 2 rounds.

ROUND 1 :

A book will be given to the students which have some district places mentioned in it. The places mentioned will be only within Tamilnadu. They will be given the random page numbers where the place name is found for eg, if the place mentioned is in page no.100, then they will be told the random pages from 70 to 110. The participants have to find the place within 1 minute. Afternoon they have completed their search, the participants will be given a map. For eg, Tamilnadu map will be given if the place is Coimbatore. Participants have to map the identified places.

ROUND 2 :

Once if the participant has identified the place in Tamilnadu, they are eligible to participate in second round. In second round, some general knowledge questions will be asked from which they have to identify the famous places. The place to be identified will be only within that district that they found in first round eg, Maruthamalai if the place they found in first round is Coimbatore. To map their search, that particular district map will be given and places have to be mapped on the map eg, Coimbatore map will be given if the district is Coimbatore and the place is maruthamalai.

Book O Philic(Reader's Circle)

This event is mainly for book lovers. In this event any number of participants can participate from the same team and this is an individual event. The participants are supposed to describe about their reading experience and the books that they have read till today. The winner will be decided based on the numbers of books they have read and their insight from reading.

Mr/Ms Aspirant (UPSC Forum)

PRELIMINARYTEST:

It is a written test, where the participants will be provided with a question paper with 15 objectives and 5 descriptive type questions. They should complete it and should submit within the given time (can be completed in hostel).

INTERVIEW:

The participants will be shortlisted based on their preliminary performance and will be called for the interview. The panel members decision will be the final one.

REGULAR EVENTS:

1. WORD OF THE DAY:

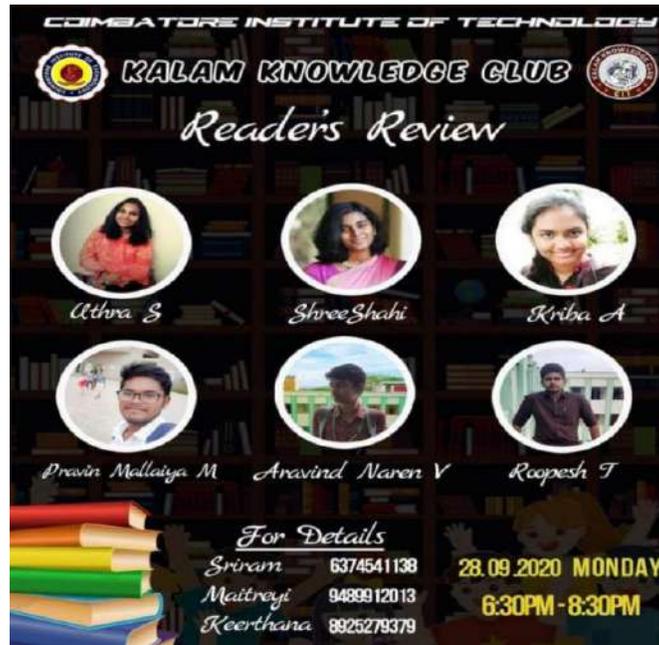

This event aimed at enhancing the vocabulary and also for increasing the reading habit of the people. A word with its meaning and an example along with the picture related to the example was created by the taskmasters. This will be posted in social media for the general people to read which received positive response from the people.

2. APTITUDE:

The aim of this event is to enhance the mathematical and logical skills exclusively for the students. An aptitude question is posted by the taskmasters twice in every week in the social media and solution for the same was posted on the next day. This will also be posted in the social media for the general audience.

1. READERS REVIEW

This was an event of the reader circle which was held on 28.09.2020. “A reader lives a thousand lives within the page of books”. Here the joy of reading was shared with everyone, by reviewing a lot of amazing books. Everyone narrated the story in their own way but it was enjoyed by all. We had 37 participants, who added their feedback after every review, encouraging and supporting the reviewers and also gave their favorite authors names. The event was hosted well and carried forward in a very good manner and also the participants gave tips to the audience on how to get the best benefits from their reading. We were humbled and honored by the presence of Kavya akka, the founder of our beloved KKC club and Nishith anna, the former secretary of our club, who gave their valuable feedback about the event. We plan to conduct the Reader's Review as a monthly event.

2. READERS REVIEW

This was an event of the reader circle which was held on 27.10.2020. “A reader lives a thousand lives within the page of books”. We had our taskmasters, who added their feedback after every review, encouraging and supporting the reviewers and also gave their favorite authors names. The books which were reviewed by our members are Five pint someone, Waiting for the Barbarians, Think like a monk. The event was hosted well and also the participants gave tips to the audience on how to get the best benefits from their reading.

It is a regular event which is being conducted every week held on 12.01.2021 via Google Meet. Meeting was attended by Taskmasters and members of the club. It began with the famous saying by Swami Vivekananda. Public speaking was given by one of our taskmasters under the topic **“Where there is a will there is a way”**. Reader circle session consisted of book review on the book **“The story of Swami Vivekananda”**. Topic discussion was under the topic **“History of Galvan valley”**. In science facts, many facts about the human brain were discussed. The meeting ended with the words of Evaluation master, Time master and Listening master.

WEEKLY CHALLENGE- 15

Weekly challenge 15 was held on 21.01.2021 via Google Meet. Meeting was attended by Taskmasters and members of the club. It started with the quote of the great Chinese philosopher **“Choose a job you love and you will never have to work a day in your life”**. Public speaking was given by one of our taskmasters under the topic **“Medical scam behind COVID-19”**. Reader circle session consisted of book review on the book **“Literature and Fiction”**. Topic discussion was under the topic

“Coalition Government”. Many facts about certain countries and the animals belonging to that place were discussed. The meeting ended with the words of Evaluation master, Time master and Listening master.

WEEKLY CHALLENGE- 16

This weekly challenge was held on 06.02.2020 via Google Meet. Meeting was attended by Taskmasters and members of the club. Public speaking was given by one of our taskmasters under the topic “The key to emotional Intelligence”. Reader circle session consisted of book review on the book “One step at a time by Venkat Iyer”. In science facts, many unknown things about sleep were presented by our taskmasters. The meeting ended with the words of Evaluation master, Time master and Listening master.

PONGALO PONGAL- MAZHALAI THIRUVIZHA:

On behalf of Pongal festival, we conducted an event “Pongalo Pongal- Mazhalai Thiruvizha”. The event involved taking the videos of children with their new clothes. The video should contain Pongal wishes by the cute children. Many children participated in the event and a video containing wishes of all children was posted on our Instagram page.

PONGALO PONGAL- KAARANI

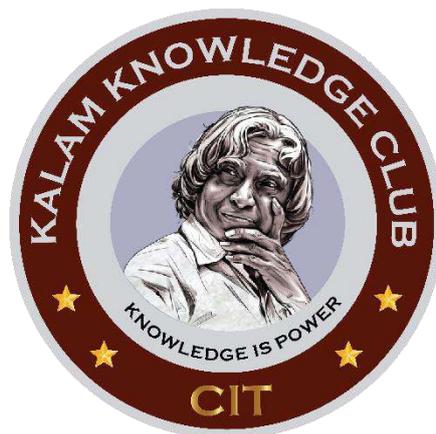

It is another event conducted on account of Pongal. There are many rituals which we often do during our Pongal celebration without knowing the scientific reason behind that. It was an event to help the students to find the exact reason for doing such rituals. The participants need to take a video explaining the scientific reasons behind certain rituals during Pongal.

“CAPTION THE PICTURE”

For the occasion of World Environment day on June 5, 2021, we introduced an intriguing event exclusively for 1st and 2nd years. The event was conducted for five days wherein we shared pictures everyday related to Environmental issues and participants have to give a description for those pictures. The descriptions were collected in a Google form shared to the participants every day. Students participated very energetically and all were expressing their valuable points by their writings. And Winners were announced and active participants were congratulated for their participation.

“NEWSPAPER DISCUSSION”

Date	: 05/06/2021
Mode	: Online
Venue	: Google meet
Duration	: 2 hours
No. of participants	: 34
In chargers	: Srinath.S, Kokila.P, Hansika.V
Special Guest* (If any)	: -

For the occasion of World Environment day 2021, we were proud to launch a stunning event “Newspaper discussion” exclusively for 1st and 2nd years. A Good discussion increases the dimensions of everyone who takes part. Initially 30 minutes were given to the participants for reading through the newspaper. Next 30 minutes were spent for the discussion on Environment related articles. The article given was – “Indian government wants to strip even the Andaman Islands of their environmental protection”. Students actively took part in the group discussion and many environmental issues were addressed and views were shared among students. And Winners were announced and active participants were congratulated for their participation.

2.

WE INVITE OUR FRIENDS NOT FRAANDS TO REWIND THE YEAR
THEY CELEBRATED!

19TH JUNE, 2021 6.00 PM VRT-QOTII-UQJ

This session was exclusively for the batch of 2017. As Kalam Knowledge club family, all the students came together to bid goodbye to the outgoing batch of 2017 students. It was an evening filled with mixed emotions for everyone present in the virtual meeting to witness the send-off for 2017 students at the valedictory event. The day was a fiesta devoted to the years spent together with friends to reminisce the joyous moments of the 4 wonderful years on this amazing campus. To brighten up the event, the students of 2nd and 3rd years organized a brilliant farewell with great enthusiasm and endeavoured a lot of fun activities to make best memories. It was wholly dedicated for the seniors. The session went off well with fun and heart touching memories. This created a perfect mood and filled them with positive energy for the day.

5. **Discussion on “Insolvency & Bankruptcy Code, Bad Bank, Asset Reconstruction Company”**

14. STEP – IN “Fun-Filled event” – DAY 1

Date	: 08/07/2021
Mode	: Online
Venue	: Zoom
Duration	: 2 Hours 40 minutes
No. of participants	: 84
In chargers	: Suharini, Raksheka
Special Guest* (If any)	: -

STEP – IN (Fun Filled event) DAY-1 was a day packed with fun activities as “Learning has to be a joyful experience”. Participants from first years were polled into teams. The session started with the Welcome speech by the mentor – Ms. Harini. The students from first year were warmly welcomed to the KALAM KNOWLEDGE CLUB. And then, some of the members of KKC shared their experiences with the club. So, this icebreaking session included fun events like Kandupidi Yaaru, Lend your ears and Maja memes. An interactive session among Fresher’s and seniors enthralled with joy. The taskmasters and members of the club sang songs to encourage the participants. The young audience wholeheartedly participated in the same and the students also tried learning new things organized as part of the day.

“KALAM THIRUVIZHA – 2021” is a grand event conducted on October 15 2021 to commemorate the Student’s day on account of former President Dr. APJ Abdul Kalam’s 90th Birth anniversary. To appreciate and acknowledge the teachings and contributions of the great leader and to motivate the students towards Kalam Sir’s vision, this momentous occasion is held every year with lots of events. Kalam Thiruvizha 2021 was celebrated with great zeal and enthusiasm. Events like Poster making (Handmade or digital), Kalam avargalukku kavithai, JAM on Kalam Sir’s invention, Meme’s related to VISION 2020, Essay about Kalam Sir, Satellite or rocket model were organised. Students from second years actively participated in events. And their dedicated works were posted in the Instagram page of KKC Club.

SCREEN YOUR WORDS

Screen your words is a fun filled events to showcase creativity of the participants.

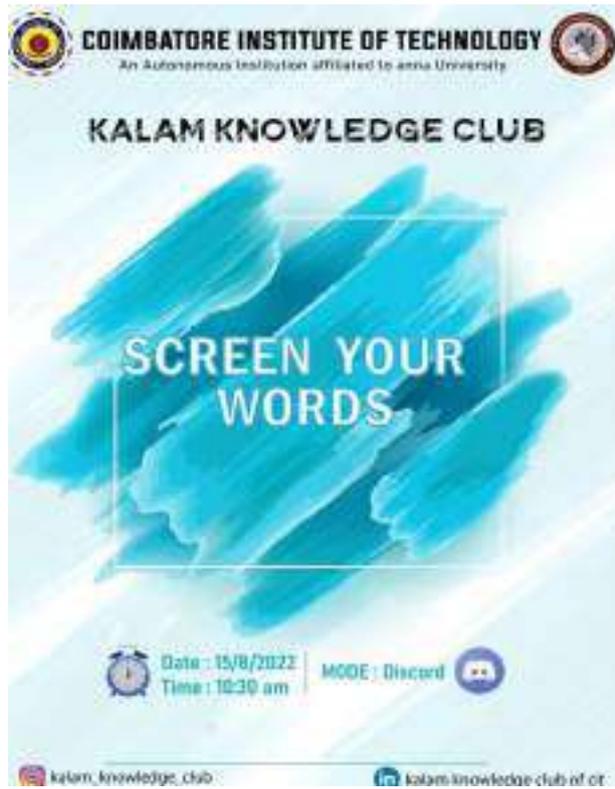

The events commenced with the welcome speech and club introduction by Secretary, TM Sriram Prasad. The event was conducted in a new platform called Discord. Participants were interested to use this new platform.

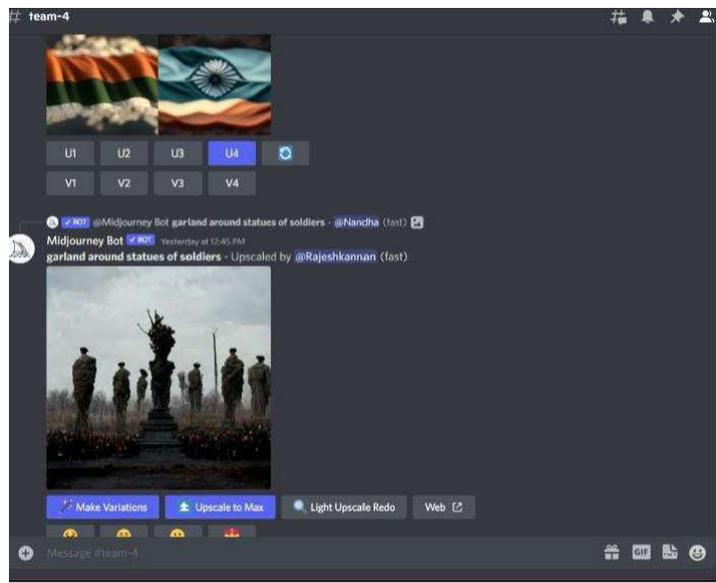

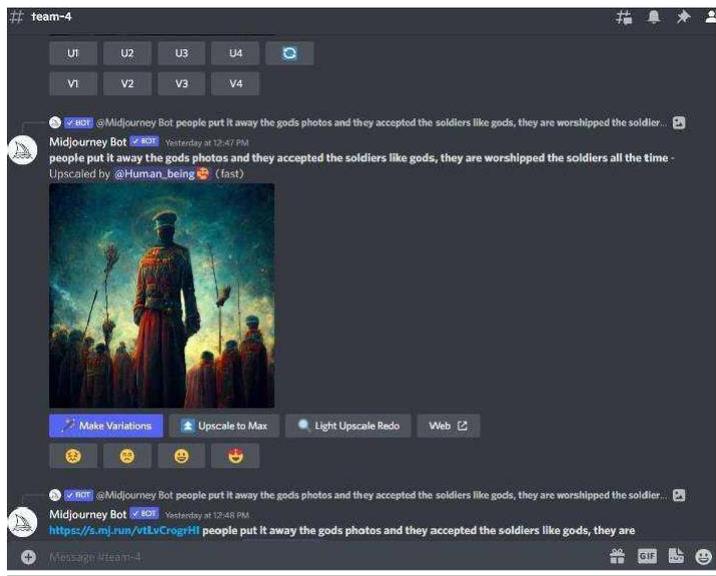

It's a kind of platform in which a prompt is given accordingly to our interest and by using mid journey bot we can create and edit the images according to our interest as it uses AI for its operation.

The event started at 11 am and after the welcome speech TM Bharathwaj has splitted participants into 3 teams and the event was conducted in 2 rounds.

Round 1: In this round the participants were asked to create images using discord in the theme of Independence Day. It's a team activity. Many of the participants were interested and created images enthusiastically.

Round 2: Here the participants were asked to create their prompts of their own interest and the better prompts were identified.

INK YOUR WEB THEORIES

Ink Your Web Theories is an event conducted to improve and analyze imagination, writing skills. It is an event to complete the incomplete portion of an anime.

In this event anime in various journals were given and the participants were asked to complete any one of their own interest. They can either rewrite the entire ending of the anime by adding or removing some characters or incidents and hence they were asked to upload their own creation. Active participants were noticed and rewarded.

JOLLITY

Jollity is a fun event conducted especially for first and third years.

The event commenced with a welcome speech by TM Harini at 6.10pm and club introduction by TM Analice Inbamalar. Interaction with the first years are done by the task masters.

Then the participants are divided into three teams each consist of 6 to 7 members and the event started around 6.40 pm.

Jollity consists of 3 events. The first event is **ATLAS OF CIT** which was conducted by TM Nasiha Thasneem and TM Dhevashree.

It is the event in which unidentified and unnoticed places in our CIT were asked to identified by the participants. It is conducted in 3 rounds. Participants were eager and the enjoyed in identifying those places.

The Active Participants of Atlas of CIT were Mugesh from Team 1 and Meialagan from Team 2.

The second event is **SCIENCE WITH CHEEMS** which was started around 7pm and it was conducted by TM Satheesh Kumar and TM Hari Haran.

This is also a fun filled event in which meme templates with some scientific clues were provided and the participants were asked to related the memes with the clues given and they need to create the meme of their own interest.

As the event totally depends on memes most the participants enjoyed it. The Active Participants of this was Vasanth from Team 3.

After these events some Ice Breakers questions were asked by TM Bharathwaj and TM Hari Haran which encouraged participants to involve in the event in a full-fledged manner.

The final event of Jollity was **PLATA 'O' PLOMO** which was conducted by TM Analice Inbamalar, TM Manoranjitham, TM Taruna at 7.35pm.

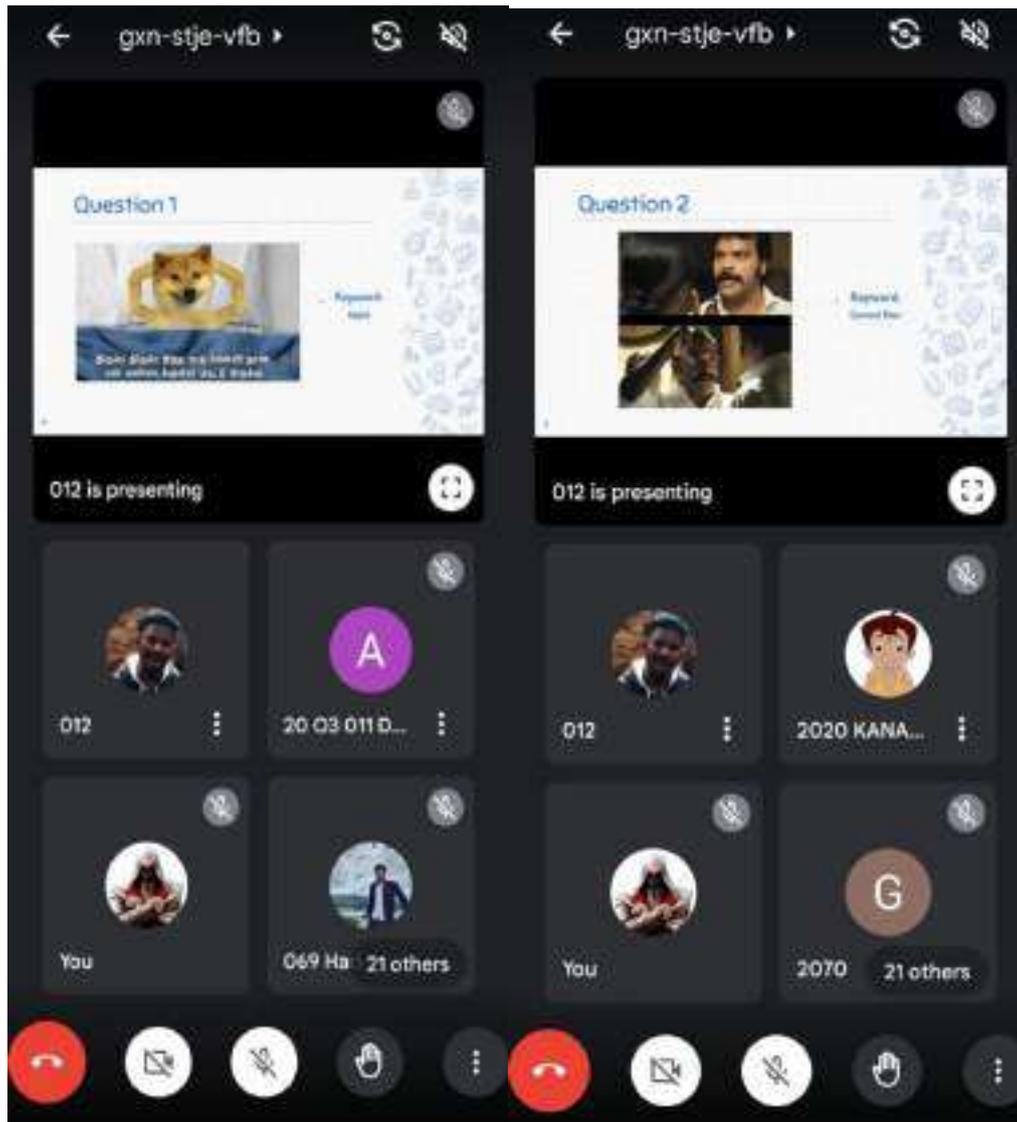

In this event the unfamiliar beats of trending songs were clipped, they were identified by the participants and they were allowed to sing the song. Points were given to each team accordingly.

The Active Participants of this event was Maadesh Kannan from Team 3.

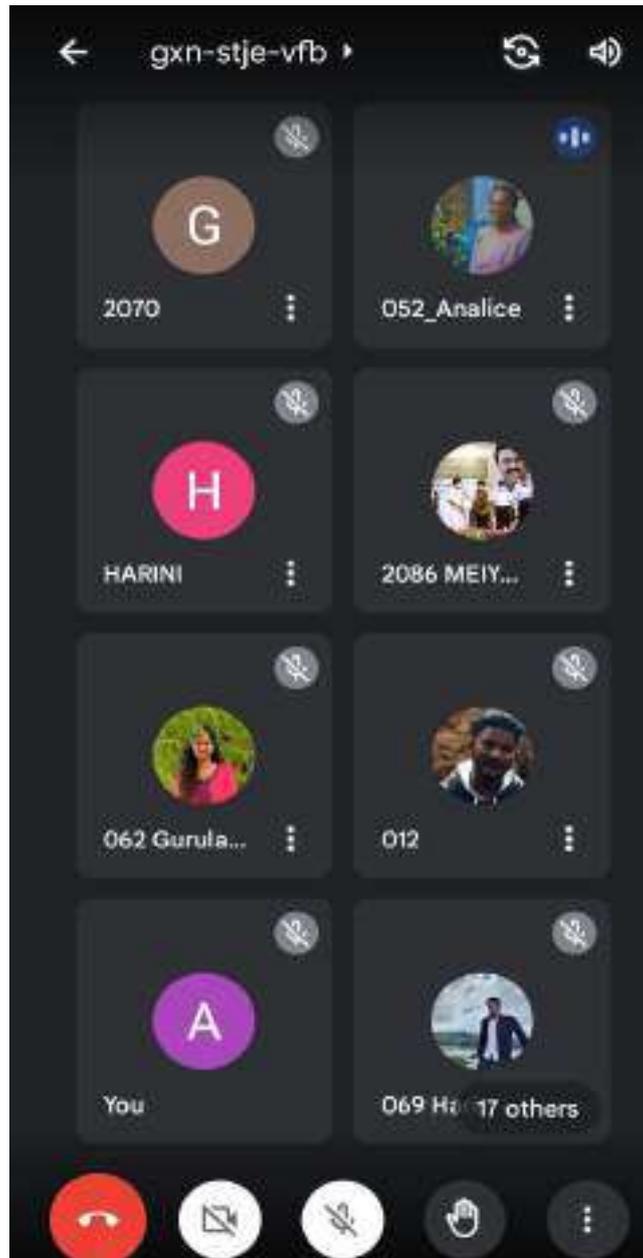

The Ex- Secretary TM Atchaya also joined the event. She encouraged and enjoyed the event Jollity.

The present Secretaries TM Sriram Prasad and TM Hansika and TM Ajay Prasad were joined and guided the new board of KKC 2K22.

STEP- IN 2K22 OFFLINE EVENTS

#Day 1

The first day consists of events like Treasure Hunt and Reel Engineers. Initially the participants were divided in 10 teams and each team was monitored by Task Master. In this events there were given with clues in various locations of college. The clue was given as QR code and they were allowed to scan that code to move to next destination and also the code has an another clue which gives the name of a film. The team which have completed visiting all the clues in correct order and also the team which said the name of the film correctly were awarded with points.

Reel Engineers is task in which the team members were allowed to build pyramids using cards and cups.

Day 1 totally consists of 171 participants.

#Day 2

IPL Auction - each team was given with a cricket team name and initial amount. This event is similar to how the auction takes place in real time IPL. They were given with the list of players and their corresponding fields and points Its is mandatory for every team to buy atleast 1 player in 1 round of auction. Finally the team which has the highest point is considered as the winner.

Takkunu Sollu is a fun event in which the participants were asked to find the word which was drawn by their teammates on white board.

Day 2 consists of 154 participants.

#Day3

Oh Saamiyoo – participants were asked to pitch the plastic ball and should drop inside the paper cups. The team which had higher count of balls inside the cups were considered as winner.

Vaayai Moodi Pesavum – teammates should identify the word by keenly watching the actions given by theirs cos.

It is the Valediction day in which various awards were given to participants and Taskmasters. Mr and Ms Adriot, Astral and Dynamic were given to top performers.

Day 3 has the count of 129.

WEEKLY CHALLENGE 3

TMOD - TM Thiyanesan

TMOD started the weekly challenge with an introduction to the club and its forums. He was very jovial and made the session very engaging and interactive. Ice breakers conducted by him was new and interesting and never let boredom hit the listeners.

PUBLIC SPEAKING: TM Harini

She started her speech by asking others about their dreams and hurdles they face to achieve their dreams . Her speech made it clear that all the hurdles we face are centred to one particular root cause - fear of facing failures. She also spoke about the importance of Review in our life and how it helps us to achieve our goals.

Difference between review and judgement was explained. The speech given by TM Harini made us to realise and understand many things in our life which will definitely help us in our journey of achieving our dreams.

BOOK REVIEW: TM Manoranjitham

She reviewed the book AMUDHAVUM AVANUM by Sujatha, and also told a great deal about the author who is a famous author, novelist, screen writer who wrote over 100 novels, 250 short stories, 10 stage plays and so on. It's a short story about a conversation between a girl called Amudha and 15 year old boy at Tamil Eelam.

This story was a hard-hitting story which made quite impact on me and other listeners. The author highlights even the smallest of events so we could literally visualise the story.

Although emotional at times, this book is the perfect feast for those hoping for a light read. Not only the story was great, the narration by TM Manoranjitham was perfect.She pulled all the listeners into the story.

TOPIC DISCUSSION: TM Sneha Priya

TITLE:JOSHIMATH LAND SUBSIDENCE

TM Snehapriya started her session with a question," what will all you do if your house undergoing a so many cracks?"

She explained the issue clearly, starting from the location of Joshimath and its Topography, reasons for Land subsidence, and remedies to be taken by the government. Atlast, she conducted a quiz in whatsapp using polls, related to the topic which is discussed.

YOUTH PARLIAMENT

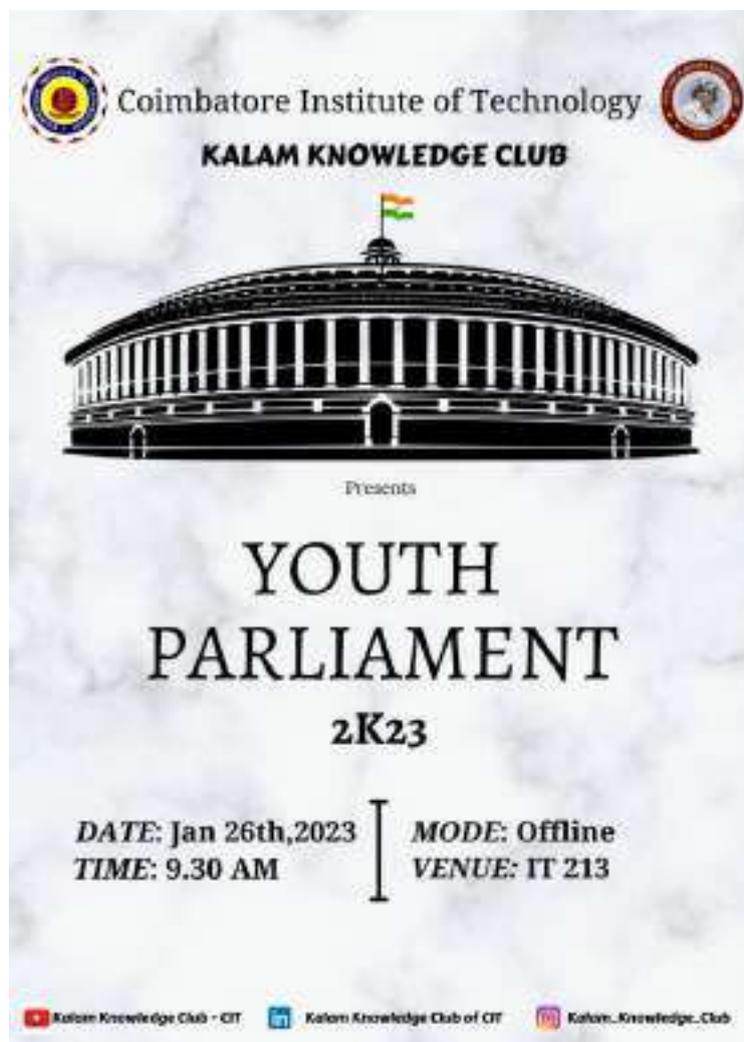

One of the Kalam Knowledge Club's signature events is Youth Parliament. On Republic Day, it is usual to conduct Youth Parliament. As the chief guest, Mr. Krishna Kumar, a UPSC aspirant, was present .

Students were divided into teams and the Lok Sabha Parliament was reconstructed for this exercise. Members of the team were regarded as ministers. UPSC candidates from the KKC were granted higher positions like speaker and prime minister.

Each team is a representation of a specific ministry, such as finance, health care, tribal welfare, etc. Each ministry presented a bill to the legislature. By considering the majority vote, the speaker passes or vetoes the bill.

Participants obtained knowledge about how parliament operates, how individuals fulfil their jobs, and how much influence each individual holds. Finally, several honors were presented, including the Best Minister and Active Participants awards. A token was presented to chief guest. A book named “Constitution of India” was presented by the guest to the Library of CIT.

WEEKLY CHALLENGE 4

TMOD - TM Snehapriya

TMOD started the weekly challenge with a small story followed by a question, "what do we need while traveling in a dark path?". Many of the participants answered _light_. She told that the light is the hope, that can driven through any kind of darkness.

She made the session very engaging and interactive. She conducted Ice breakers that checked the creativity and memory power of the participants.

PUBLIC SPEAKING: TM Rajagopalan

TITLE : EXPERIMENTING 20's

He said that 20's are the correct age for experimenting everything as one is free to decide on their own without thinking the effects.US is the only country which had drop-years for students to experiment everything and now BITS - Bilani also included this method in its curriculum.

Indians have a confusing mindset of fear to take risk and also feeling regretful after losing that golden opportunity. He concluded the session with his heart whelming advice to students that this is the perfect time to do crazy things.

BOOK REVIEW: TM Nandha Meenakshi

She reviewed the book **And Then There were none** by Agatha Christie.She gave a small outline about the story.

Unlike the recent authors, English used by Agatha Christie can be easily understandable and good one for beginners. As it is a thriller novel, she told that this book would keep all the readers at their seat end.

SCIENCE FACTS: TM Nasiha Thasneem

TITLE : BLACK HOLE

She gave a small introduction about black hole. Then ,She started the session by explaining the problems faced by the scientists in capturing the image of black hole.

She explained about EHT (Event Horizontal Telescope), a telescopic network, is used by Katie Bouman to get various interpretations of the black hole. Till now, they've not get the proper image of black hole, but got the shadow of black hole. She made the session very interesting by her way of presenting.

TOPIC DISCUSSION: TM Gurulakshmi

TOPIC : EARTHQUAKE

She started the session with a question to name the disaster that increased the death rate in recent days after pandemic? Many of the participants answered correctly. That is Turkey- Syria Earthquake.

She explained about that current disaster and also touched the reasons & mechanism of Earthquake. She interpreted that why Turkey hit more than Syria and also why the shake of earthquake observed in Nepal, Uttarkhand and J&K.

She ended her session with saying "Life is so unpredictable, So live your life not by your dreams but by your aims".

FEMINA 23

The Women Empowerment Cell of CIT hosts an event called Femina 23 to honor Women's Day. In collaboration with WEC, the Kalam Knowledge Club organized numerous programs for the students.

TM Sudarshan introduced a poem about women to begin the gathering. After then, teams of students were formed and instructed to use the provided clues to identify the famous female personality.

The next thing they want to do is imitate the well-known female stances that were on show. Boys then seek to appropriately recognize and choose the girlie items. Despite the fact that it is mostly for girls, boys actively participated.

WEEKLY CHALLENGE 5

TMOD - TM SATHISKUMAR

He started the weekly challenge with introduction of our club. He also mentioned about the three forums and club moto. He made the session very lively with his jovial speech and interaction. Icebreakers conducted by him was unique and interesting

PUBLIC SPEAKING - TM THIYANEESAN

Title - Utilising opportunities

He started his speech with importance of utilising opportunities.He also mentioned that we should work hard and create the opportunities instead of waiting for the right opportunity. We should never let external factors like nervousness, criticism etc to pull us back from using the right opportunity.He also conveyed an important message that participation is more important than performance.

BOOK REVIEW - TM ANALICE INBAMALAR

She reviewed a book named "Semmeen" written by TS Pillai . The way she reviewed the book created excitement to read the books in the minds of the listeners. The book beautifully described about the lifestyle about fisherman and their family. The book focuses about the relationship between Karuthamma and Pareekutti.

SCIENCE FACTS - TM AMRITHAVARSHINI

Title -Life at Jupiter

She explained about the planetary arrangements of our solar system. She also described about atmospheres present in Jupiter. The gravitational force exerted by Jupiter and the amount of force experienced by us when we fall into jupiter was visualised She also presented the video which helped us to visualise her explanation.

TOPIC DISCUSSION - TM RAJAGOPALAN

Topic : Chat Gpt

Everyone knows about Chat gpt but only few know how it actually works which was clearly explained by our TM Rajagopalan. He explained what Chat gpt actually does and how it does. He also mentioned about data collection, analysis, natural language processing etc. He gave us awareness about how to use Chat gpt in correct way.

WEEKLY CHALLENGE 6

TMOD - TM Analice Inbamalar

She started the weekly challenge with the introduction of our club and its three forums. She was very jovial and interactive. The Icebreakers conducted by her were unique and kept the participants glued to the session.

PUBLIC SPEAKING : Sagarrika Rajesh

Title : Importance of Uniqueness

She stated that most people pretend to be someone else in order to blend in with a group. She explained the impact of change with upma & sambar as examples. Never let the critics define who you are. Try new things whenever you feel like it to preserve your uniqueness & identity.

She shared her own experience in a fancy dress competition where she made a bold choice to express her uniqueness. At last, She ended her speech with her own poem.

BOOK REVIEW: Athish Nithin A

He reviewed the book "The subtle art of not giving a fuck" by Mark Manson. Unlike other self-help books, This one focuses on practical improvements in character that a person can achieve step by step.

He told that the book focuses too much on western culture The English used in this book is very simple and easily understandable.

SCIENCE FACTS : Pradhakshna M

Title : The Northern Lights

She explained how Aurora lights are formed by solar wind and earth's magnetic field. Electrons & protons from the solar wind reacts with Oxygen, Hydrogen and other atmospheric elements to produce different colours.The colours of the northern light depend on the altitude and they are named separately based on which poles they are formed.Norway and Iceland are famous for the Northern lights. A dark place with no light is necessary to view the northern lights.

TOPIC DISCUSSION : Aashika Laxmi T

Title : Custodial Deaths

She started her speech by explaining a crime scene and the cruel torture that was done to the victim. She explained that these inquiry crimes are now very frequent and happening around us on a daily basis. Even with proper measures taken, these crimes are going unpunished. The guilty are forcing the victims to withdraw their cases.

At last She ended the session by saying "Murder is murder no matter who commits it The severe punishment for custodial murder in our judiciary system is Termination and for civilians it is death penalty".

WEEKLY CHALLENGE 7

TMOD - TM Rajagopala

He started the weekly challenge with the introduction of our club and its three forums. He was very jovial and interactive. The icebreaker conducted by him was unique and never let the boredom hit the listeners.

PUBLIC SPEAKING: Dhivin Kumar

Title : Being Empathic

He stated that empathy plays a key role in solving 80% of our day-to-day life problems. Even small actions can harm others, so it's important to think about how our actions might affect them and choose carefully.

The foundation of the bond & understanding between best-friends is empathy. He said that the true way to achieve empathy is by putting yourself in others shoes.

BOOK REVIEW : Febiya Roy

She reviewed the book "AAYISHA" by R.Natarajan. The Tamil used in this book is very simple and easily understandable.

The story revolves around a schoolgirl named Ayesha, who constantly asks questions out of curiosity and meets a tragic end at the end due to her surroundings. At last, she finished by saying, "No matter what, we shouldn't let the ayesha inside us fade away."

SCIENCE FACTS : Agalya

Title : Bermuda Triangle

The Bermuda Triangle is an area in the western part of the North Atlantic Ocean, bounded by Miami, Bermuda, & Puerto Rico.

It is known for the unexplained disappearance of numerous planes & ships over the years, with some incidents remaining a mystery to this day.

She explained the cases of Airbus A330-200, MU-2B & Air France. She said that the sudden occurrences of rogue waves are one of the reasons for the disappearances.

Leading research organizations and scientists are struggling to explain the Bermuda Triangle incidents due to the limited scientific evidence that exists to explain these disappearances.

TOPIC DISCUSSION : Dinesh

Topic: LGBTQIA+

He explained the terms in LGBTQIA+ by comparing them with the spectrum of white light. He addressed the discrimination and challenges faced by them in today's society and our government's view on them.

Being LGBTQ+ is not a choice or a change that can be made. It is a natural aspect of a person's identity, which may become clearer as they grow and develop as individuals.

At last, he concluded with a quote "There is nothing wrong with being who you are... after all, we are all humans."

WORLD BOOK DAY

This event was conducted in collaboration with SALIS (Society For The Advancement Of Library And Information Science) and NDLI Club. Committee members of SALIS and NDLI joined in this event.

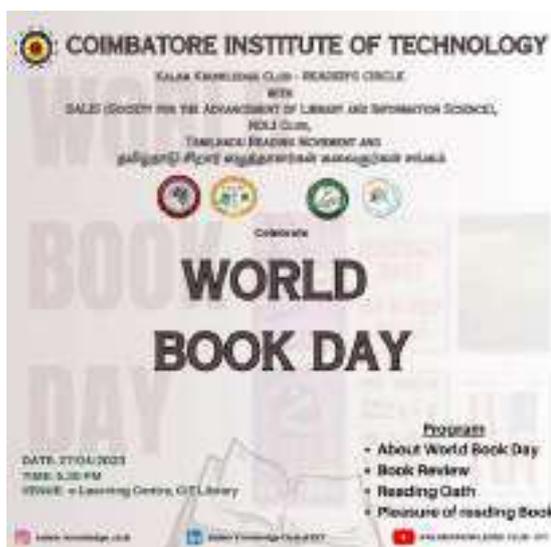

Event started with a warm welcome by TM Snehapriya. Then the importance of book, how to read and handle book, how book can enhance one's life, how to relate book with soul and life, where to start, when to start were discussed by various professionals.

TM Nandha Meenakshi reviewed book "The Brass Verdict" by 'Michael Connelly'. This is the kind of book which reveals its mystery at the last line. This was interesting to hear.

TM Manoranjitham reviewed "Irandaavadhu Kadhal Kadhai" by Sujatha. This book explains how a woman overcome her life struggles after she failed in her first love. Its easy for our generation to relate with this book even though it was written ten years back.

Each person was given with a book and asked to read for few minutes. This promoted reading among students. Then oath was taken by everyone in the meet that they will read and also protect and promote reading books especially to the upcoming generations.

On behalf of SALIS and NDLI prizes were distributed to various professional on honouring their works.

INSPIRA 2023

Inspira is one of the flag ship events of KKC conducted especially for Second year. This is completely a fun event which creates bond between third and second year. It also acts as a bridge for second years to enter into the club.

DAY 1

In the first day around 28 members were participated. Students were divided into various teams based on the colour these choose. Then the events like Murder Mystery and Sonnapadi Kezhu were conducted. In Murder Mystery clues were given to the teams and based on the clues they were asked to find who the murderer was, its like a detective game. Points were given based on the answers.

Sonnapadi Kezhu is a fun event in which a member from a team was made to use earphones and words were given to other teammates they were asked to enact and find the words. Atlast songs and dance were done by winning team.

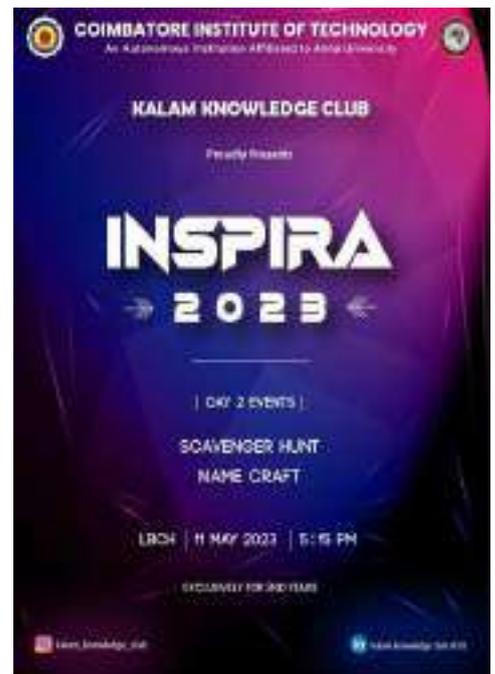

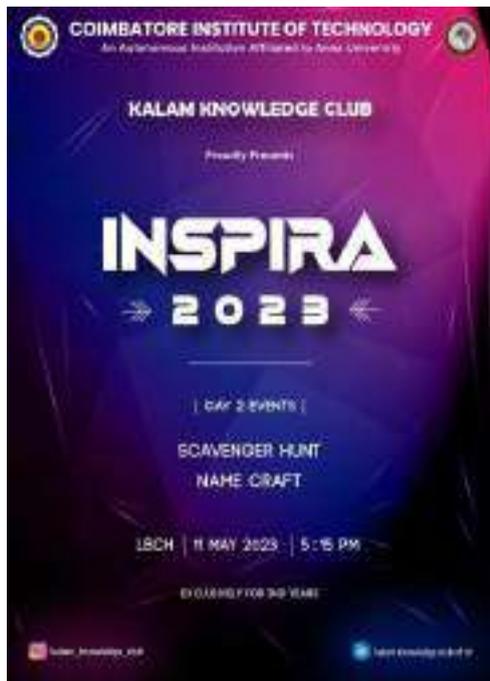

DAY 2

In day 2 around 32 members were participated. Scavenger Hunt is the main event in which the students were asked to find and protect their respective team's treasure. Initially a person from a team was chosen as captain and only those captains saw the map for finding treasures. Then they were instructed to find their treasures and the advantage is that they can also find other teams treasure to get extra points. Each treasure is attached with a riddle additional points were given if exact answers to the riddles were given.

Name Craft – in which name of the personality was given both first and last names. They have to develop names such that the first letter of the name should be the same as the first letter of the last name of the previous name. Each team will say a name based on the rules and it went until the team can't think of new names.

DAY 3

This is the final day in which price distribution was done. Prices like Mr and Ms Inspira, Star of the event, active participants were given. Mr Inspira was given to Sri Suriya and Ms Inspira was given to Aashica. The works of the year 2022-2023 was given as a glimpse by TM Satheesh Kumar. Upcoming board of KKC was announced. Farewell to the past board members was celebrated. This day is filled with lots of memories and happiness.

VANDE MATARAM

At 10 am, the Vande Mataram event began. The event's host was TM Sagarrika.

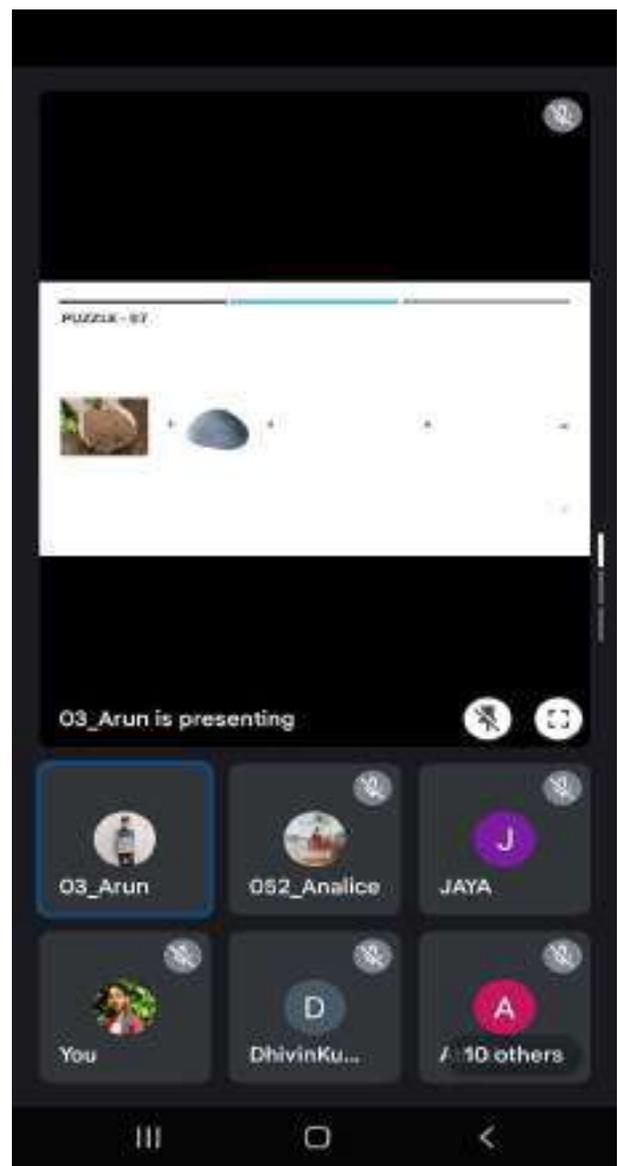

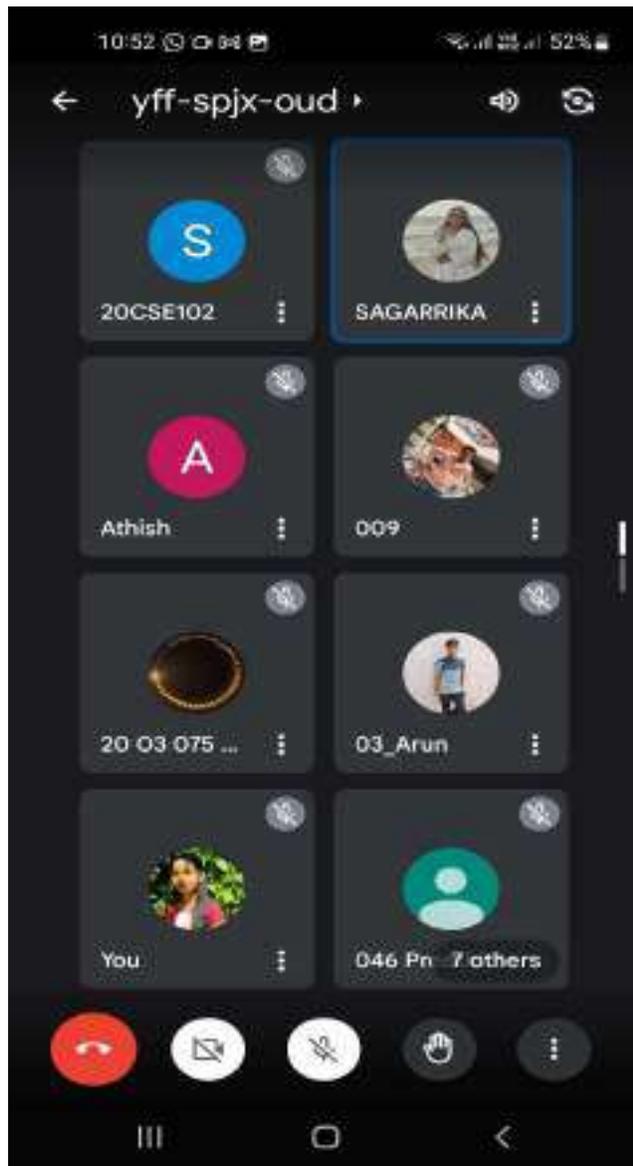

The opening activity was a connections game hosted by TM Arun. By linking the images that are shown on the screen in the connections game, you can identify the name of a Freedom warrior. The participants were engaged the entire time since the game was interesting.

An intriguing icebreaker was then conducted by the host.

In the second portion of the program, the question "DID INDIA ATTAIN ITS FULL FREEDOM?" was discussed. TM Athishnithin was the one who conducted it. All of the participants expressed their views on freedom as a result of it.

It was a conversational meeting. As a result, the event ended at 11 am

WEEKLY CHALLENGE – 1

The weekly challenge was introduced by TMOD Dhivin Kumar before it began. He did a creative icebreaker that kept the audience from becoming bored.

TM Febiya Roy performed public speaking. She focused her remarks on her passion. She said that your passion will help you pick your future.

Review of the book was provided by TM Analice Inbamalar. She gave a Malayalam critique on Sundara Ramasamy's Tamil translation of the novel by Thagazhi Sivasankara Pillai. The plot centers on a sanitation worker who aspires to provide for his son's education against social tyranny that has been inflicted on their family for many generations.

TM Agalya provided some scientific facts. She gave an explanation of the plant defense mechanism.

TM Athishnithin conducted the topic discussion. He discussed Chandrayan 1 and Chandrayan 2 missions and failures. He discussed correcting mistakes from earlier expeditions to Chandrayan 3 in his speech.

The evaluation was carried out by TM Akshaya, a former KKC secretary. TM Atchaya was in charge of timing.

CHANDRAYAAN-3 (MOON SOFT LANDING)

The event was hosted by TM Sagarikka. She did an icebreaker so the audience could become energetic, and the event went well.

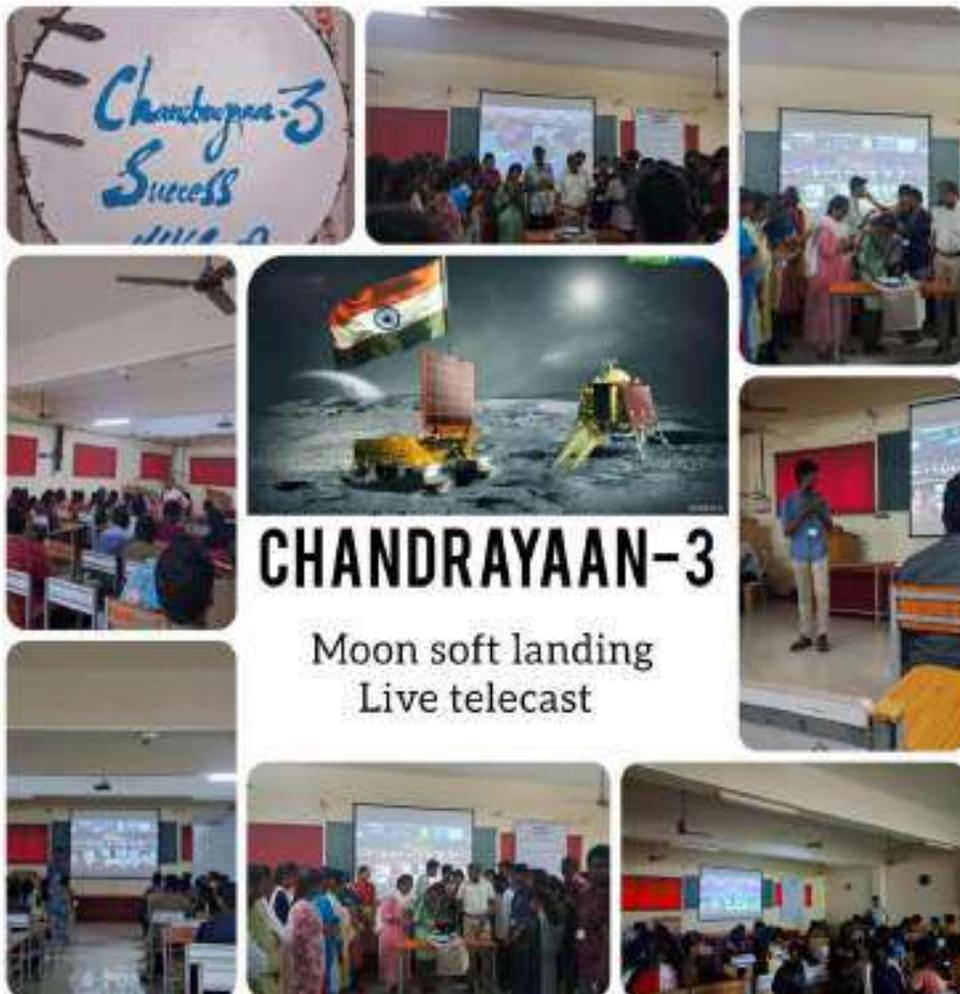

TM Athishnithin provided an introduction to Chandrayan-3 prior to the live event. He said that Chandrayan-3 is the third mission of Chandrayan, and it was launched by ISRO on July 20, 2023. He also added that this spacecraft entered lunar orbit on August 5, 2023, and the lander will touch down at the lunar south pole on August 23, 2023. One of the main objectives of the ISRO is to conduct experiments on the materials available on the lunar surface to better understand the composition of the moon”.

This event drew approximately 125 members who were eager to participate. The students were curiously waiting for the landing of the Chandrayan-3.

The Vikram lander successfully landed on the lunar surface at 6:03 p.m. At the same time, the participants clapped their hands, indicating our victory.

Additionally, the event was celebrated simply by cutting the cake by our club adviser, Dr. M. Mandhirasalam sir, and all our students celebrated the success of the landing of Vikram’s lander on the lunar surface.

Finally, our club secretary, TM Analice Inbamalar, introduced our club to our students.

WEEKLY CHALLENGE-2

TM Febiya Roy began the weekly challenge by discussing the functions of the three forums of the club. She was very effective in her interaction and created a comfortable environment for the audience. The icebreaker conducted by her was quite unique and interesting.

TM Agalya discussed the potential sources of oxygen production on ancient Earth. She created a new vision of oxygen production in the oceans. She also emphasizes the conservation of waterbodies, which are a huge source of O₂ production.

"How to Become a Public Speaker?" by TM Haripriya was a one-of-a-kind presentation. She listed the steps that are essential to becoming a public speaker. She gave some tactics to follow as a beginner public speaker.

TM Sowmiya reviewed a book called "ரங்கராட்டின ரகசியம்" by Baskar. The author was an alumni of CIT, which was very nice and moving to hear. She mentioned that books contained ideas about stress management and valuing relationships.

TM Atchaya spoke about some of the inspiring information about the moon and the Chandrarayaan-3 mission. She also explained about the Luna 25 and its failure. She explained the functions of the lander and rover for the mission.

The evaluation was carried out by TM Dhivin Kumar. TM Dinesh was in charge of timing.

WEEKLY CHALLENGE – 3

The weekly challenge was introduced by TMOD Sri Suriya before it began. He began the weekly challenge by briefly introducing the three forums of the club. The gist given by him after each section was creative.

TM Dhivin Kumar gave a public speech. He spoke about the importance of teachers for the betterment of future generations. He also insisted that there is a teacher within all of us, and we can realize it only when we have the curiosity to learn new things by ourselves.

TM Arun Kumar provided a book review. He reviewed the book 'கருவாச்சி காவியம்' by V Vairamuthu. The book contained the difficulties faced by a woman after her marriage. He recommended the book to all so that one can gain willpower during challenging times of life.

Science facts were given by TM Manisabari. He gave facts in the field of nanotechnology. He started the talk by explaining the boom of nanotechnology in today's world. He also gave an insight into the historical evolution of nanotechnology. He explained the application of nanotechnology in various fields of day-to-day life.

TM Dinesh led the topic discussion. He explained the origin of BRICS and the transformation of BRIC into BRICS. He briefly explained the functions and importance of the BRIC summit. He also explained the current BRIC summit being held in South Africa.

The evaluation was carried out by TM Snehapriya. Timing was managed by TM Agalya.

REEL DELIGHT

Reel Delight was a fun event that was only for second-year students.

At 5:15 p.m., TM Sri Surya introduced the club after TM Athishnithin offered a welcome speech. The second years were in contact with the taskmasters.

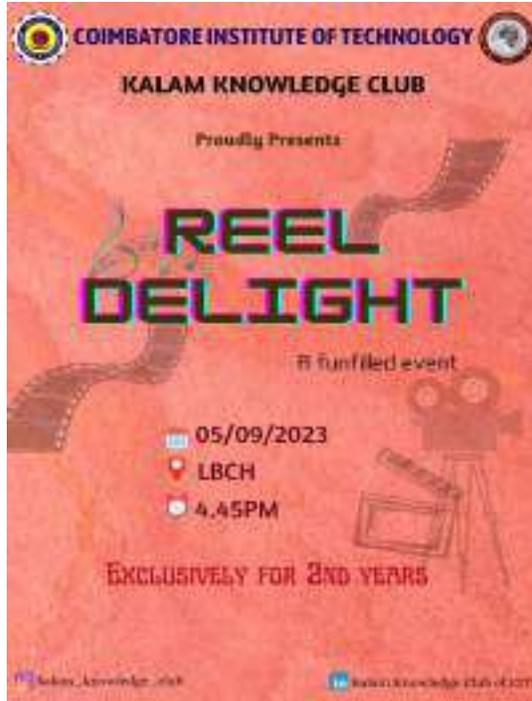

The participants were then divided into 10 teams, with each team consisting of six people, and the teams were overseen by taskmasters. The event commenced off around 5.30 p.m.

Reel Delight was a movie related event.

It was the event that caused the four letters to show up on the screen. The first letter seen on the screen stands in for the name of that particular movie hero. The initial letter of the name of the same movie heroine is shown as the second letter on the screen. The initial letter of the specific movie name is the third letter. The initial letter of the song from that movie is displayed as the fourth letter.

In this scenario, the letters are displayed on the screen, and the teams confer with one another to determine the solutions. Teams were invited to raise their hands if they can identify the solutions that particular teams' taskmasters are looking for.

Participants were enthusiastically participated in all of the games during the icebreakers. Kishore from team 5, Tamilselvan from team 6, and Sibiraj from team 3 are the participants that are actively involved.

Weekly challenge 4,

Date :12.09.2023

Village: S.Ayyampalayam

Venue: Panchayat Union Middle School

Duration: One Day

Participants: 24 Volunteers

This educational event was conducted by the UBA club members of Coimbatore Institute of Technology. We conducted an educational event on September-12th,2023. We visited the panchayat union middle school in S.Ayyampalayam village and conducted events to the students, with the help of other clubs in our college.

1. Martial Arts club
2. Kalam Knowledge Club
3. YOGA Club
4. EBSB (Ek Bharath Shrestha Bharath)

The aim of this event was to create an engaging and interactive learning experience for the students of the school, fostering a love for education and personal growth.

STARTING OF THE EVENT

The event started with a friendly welcome from the organizers. They thanked everyone for their support and enthusiasm. This set a positive tone for the day and showed that we were all there to give an engaging and interactive learning experience for the students of the school.

MARTIAL ARTS CLUB

The students from the Martial Arts Club introduced themselves and briefly explained the core principles and benefits of martial arts, such as discipline, respect, and self-defense.

PUNCHING PRACTICE

The participants were divided into smaller groups, and each group was assigned a dedicated club member who provided instructions and demonstrations on basic punching techniques. After the demonstrations, the school students had the opportunity to practice these

techniques with the guidance and support of the club members. This hands-on experience allowed them to understand the proper form and execution of each punch.

SILAMBAM

MAC club members demonstrated various Silambam techniques and then guided the school students through hands-on practice.

After the Silambam segment, the focus shifted to Kalari martial arts. Club members skilled in Kalari showcased dynamic movements and postures unique to this ancient art form. Participants were introduced to fundamental stances, kicks, strikes, and self-defense techniques.

KALAM KNOWLEDGE CLUB (KKC)

The Kalam Knowledge Club orchestrated an exhilarating and enlightening event that embraced both intellectual excellence and artistic expression. The event featured a stimulating Quiz Competition followed by a mesmerizing Dance Competition, tailored to engage and challenge school students.

The Quiz Competition commenced by testing participants' knowledge across a wide spectrum of topics, including science, literature, history, and current affairs.

This event was a platform for students to express their creativity and artistic abilities through the medium of dance. The competition not only celebrated diverse dance forms but also showcased the dedication and talent of the participants.

The participants, both solo and group performers, demonstrated exceptional talent and stage presence. Their confidence and passion were infectious, leaving a lasting impression on everyone present.

EK BHARATH SHRESTHA BHARATH (EBSB)

The Ek Bharat Shrestha Bharat (EBSB) Club organized an exciting and engaging event for school students, known as the "Cup Games." This event aimed to

promote teamwork, coordination, and creativity while celebrating the unity in diversity that defines our nation. The cup games included both team-based and solo activities where participants built pyramids using cups and straws.

What made this competition even more thrilling was that two teams competed simultaneously, each equipped with plastic or paper cups and straws. The objective was to create the tallest and most stable pyramid.

It's worth noting that the students displayed remarkable integrity throughout the games, adhering to the rules with the utmost honesty. They never attempted to cheat, ensuring a fair and competitive environment that contributed to the overall success of the event.

EBSB Club organized an inspiring drawing competition that celebrated the rich tapestry of traditional India. This event provided a platform for school students to showcase their artistic talents while highlighting the cultural diversity and heritage of our nation. The competition focused on creating drawings of traditional things, allowing participants to explore and depict various aspects of India's rich traditions.

The drawing competition revolved around the theme of "Traditional Things." Participants were encouraged to choose subjects that reflected the cultural heritage and traditional elements that are deeply rooted in Indian society.

YOGA CLUB

The Yoga Club facilitated a series of sessions that encouraged students to explore the transformative power of yoga.

This initiative aimed to promote physical and mental well-being while fostering an active and healthy lifestyle among the student body. The enthusiastic participation of students added vitality to the yoga program.

The yoga sessions promoted physical fitness, flexibility, and improved posture. Participants also learned stress-reduction techniques and mindfulness practices, empowering them to better manage the demands of academic and personal life.

The event received overwhelmingly positive feedback from participants who expressed gratitude for the opportunity to explore yoga and its myriad benefits. Many students mentioned feeling relaxed, rejuvenated, and mentally centered after the sessions.

PRIZE DISTRIBUTION

Prizes and certificates were distributed to students from all grade levels.

The event was a testament to the school's commitment to acknowledging every student's efforts and accomplishments.

Prizes and certificates were awarded to all participants of the one-day camp. This inclusive approach ensured that each attendee felt valued and appreciated for their active involvement.

THE EVENT'S CONCLUSION

Throughout the event, attendees enjoyed a variety of activities and experiences. event concluded with a sense of fulfillment and accomplishment that will be remembered by all who participated. It was a testament to the strength of unity and collaboration in achieving meaningful goals and creating lasting memories. As everyone departed, they carried with them the inspiration and motivation to continue making a positive impact in their communities and beyond.

POWER KICK'UH

Power Kick'uh was a fun event that was only for second-year students.

At 5:30 p.m., TM Dhivin Kumar introduced the club after TM Febiya Roy offered a welcome speech. Interaction with the first years are done by the task masters.

The participants are divided into five teams each consist of 9 to 10 members and event started around 5:45 pm.

Power Kick'uh consist of 2 events. The first event was FIND IT which was conducted by TM Dhivin Kumar and TM Sri Surya.

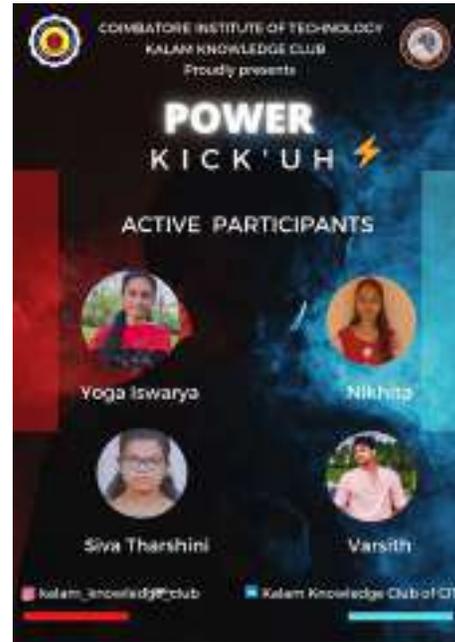

It was the occasion when Taskmasters read the song's middle lyrics. The first line of the song was hidden from the participants. Six rounds were used to conduct it. Participants loved identifying the songs and were eager to participate.

The active participants of Find It were Yoga Iswarya, Siva Tharshini from team 6.

The second event was MUSICAL CHAIR which was started around 6:30 pm and it was conducted by TM Dhivin Kumar and TM Febiya Roy.

The situation was similar to a musical chair game. Each player received an alphabet that, when put together, forms a full word. One or two additional players must have extra letters for the same word. Neither the song's lyrics nor the music were played. When the participants accurately recognize the song, they usually take their seats according to the words. The participant were lose the round if they fail to take their seat.

The active participants of Musical Chair were Varsith from team 3 and Nikhita from team 5.

WEEKLY CHALLENGE – 5

TMOD - TM Sowmiya

She began the weekly challenge by discussing the three forums of the club. She was very interactive and set a comfort environment for the audience. She made sure that all the events in the weekly challenge are completed. She had ice breakers that were spontaneous and fun.

PUBLIC SPEAKING: Suvarnamala

She gave a public speaking on the topic that focuses on courage. Courage is the most important character that takes a person to success. She started with a story that indicates the level of view differentiated between a courageous boy John and other fellow mates in reaching atop tip of a dangerous mountain. She used good irony, like ice cubes and iron rod to differentiate the blending quality within a comfort zone.

TOPIC DISCUSSION: TM Aashika Laxmi

She explained about Bharath Mandapam, its history, its infrastructure. She explained about the sequence of events that take place in that venue. She also said facts about the 8ft tall Nataraja Statue in the venue and the challenges faced in its transportation because of its huge weight.

BOOK REVIEW : Sharmila

She reviewed the book "Attitude is Everything" by Jeff Keller. She compared the qualities of the Attitude to a window and the dirt over it. She provided an example in which a sentence can be, positive, negative as well as medium level attitude.

Today the books, 'Attitude is Everything' and 'The Blue Umbrella' was recommended for audience to read and it was borrowed by two of them.

SCIENCE FACTS: Mega

Title: 5 Colour River

She listed all the five colours in the River. She Explained the reason behind the appearance of the five colours in the river. She also said the seasonal adaptation of the colour in the river according to the temperature and its vicinity.

TMOD - TM ATHISHNITHIN

He started the weekly challenge by discussing the functions of all three forums in our club. He was very effective in interaction and developed a comfortable environment for the participants. The icebreaker wink murderer conducted by him was unique and interesting.

PUBLIC SPEAKING: KISHORE

Topic: EGO

He started by explaining the two-sided nature of ego. He gave information on its origin, meaning, signs, and ways to overcome it. He delivered the story of a sculptor who lost his life due to his ego. He ended it by saying that ego kills love.

BOOK REVIEW: TM ANALICE INBAMALAR

Book name: POONACHI

Author: Perumal Murugan

She gave a brief introduction to this book, which belongs to the period of pre-independence. The book has been written by assuming the animal is a human who has all sorts of feelings, including joy, love, anxiety, etc. The plot twist of the book, especially the beginning of the goat's life with the old couple, made the book more interesting. Her way of expressing the emotions and plots in the story made all the participants curious.

SCIENCE FACT: NISHANTH BALAJI

Title: CRISPR-CCAS9

He gave an overview of genetic editing with the help of the CAS9 protein. It has two components, namely gRNA and CAS9 protein, which help in the precise cutting of the location. He explained its role in the medical field and the agricultural field and its drawbacks. He ended it by saying that its role depends on the handling methods.

TOPIC DISCUSSION: TM SRI VIGNESH

Title: The Flight to Siachen

He started by mentioning its importance in the Army and Navy fields. He explained its geographical features and mentioned that it is the highest battle field. a glimpse of the operation Meghadoot and India's victory in it. He explained the divisions of officers and the count of people who lost their lives for the nation's pride. He ended it by mentioning the importance of Siachen in India's history.

STEP-IN 2K23 OFFLINE EVENTS

#Day 1

TREASURE HUNT

Initially, the participants were divided into 10 teams, and each team were monitored by task masters. During this event, clues were distributed in various locations of the college. The clues were given as QR codes, and they were allowed to scan that code to move on to their next destination. All teams were provided photographs with a clue from social reformer Malala Yousafzai after all the clues had been discovered. The team that completed all the clues in correct order and also the team that correctly said the name of the social reformer were awarded points.

Day 1 totally consists 60 participants.

#Day 2

IPL AUCTION

The participants were divided into seven IPL teams. Each team were given placards with the cricket team name and logo. The event is similar to how the auction takes place in real time. Initially, a sum of 10 crores was given to each team, and they were asked to bid on the players within the amount provided. The players names, position of play, and base prices were projected and also given to teams in the paper. They were asked to bid for two batsmen, two bowlers, and a wicketkeeper. The teams enthusiastically bid the players. Finally, the team with the highest point is considered the winner. The Lucknow Super Giants team were selected as the winner, and the Chennai Super Kings team were the runner-up in the IPL auction.

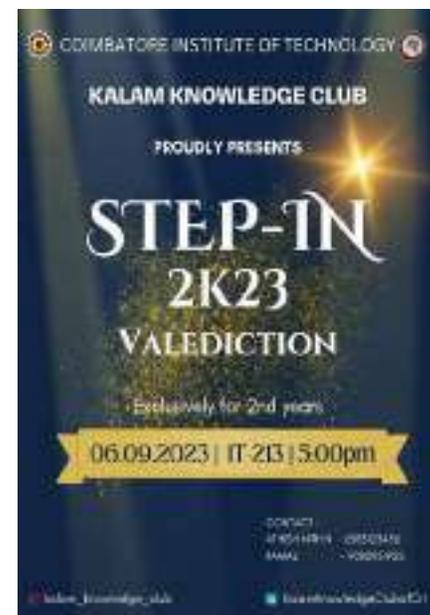

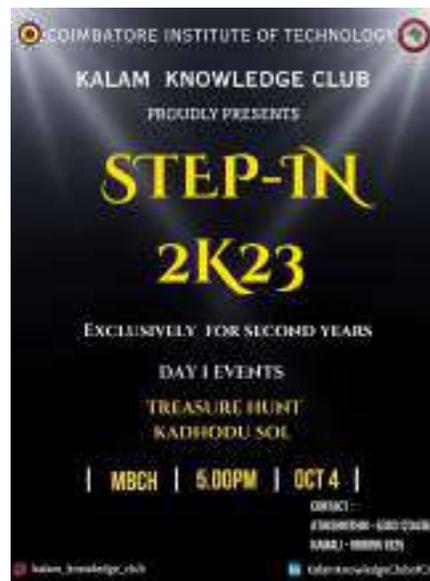

Day 2 consists 48 participants.

#Day 3

VALEDICTION

The opening remarks were made by Sivaranjani. Then TM Bharath Waj, our club's secretary for the current academic year, gave a brief overview of our club and its previous academic year's activities. Additionally, he discussed our club's impending KALAM THIRUVIZHA event. Dr. M. Mandhirasalam then gave a speech about each of our club's three forums. Participants received a variety of accolades. Top performers received Mr. and Mrs. Adriot, Astral, and Dynamic. The prizes were distributed by Dr.M.Mandhirasalam our club staff advisor.

Day 3 consists 25 participants.

YOUTH PARLIAMENT 2K24

In this Parliament simulation, students are organized into teams representing various ministries within a Lok Sabha setting. Notably, UPSC candidates are assigned pivotal roles like the speaker and prime minister. Each ministry presents legislation, subject to the legislature's vote, with the speaker wielding the authority to pass or veto bills based on the prevailing majority. This exercise mirrors real parliamentary procedures, fostering experiential learning and critical thinking.

SCIENTIFICALLY, IF I AM NOT WRONG

Scientifically, if I am not mistaken, this is an event conducted especially for the second year. In this event, our TM's conducted three games, namely connections, riddles, and mysteries. This event is arranged in such a manner that every participant can enjoy the event along with learning.

In the first round, riddles were conducted, and the participants were asked to solve the questions.

In the second round, mysteries were conducted; the five clues were given one by one to the participants. The mystery of the scientist's age, hair, profession, and famous personalities has been given as a clue.

In the third round, the connection games were conducted; the templates were given, and the participants were asked to connect the pictures and find the answers.

WEEKLY CHALLENGE - 13

The weekly challenge was introduced by TMOD Febiya Roy before it began. She did a creative icebreaker that kept the audience from becoming bored.

Ejaz performed public speaking. He gave a small talk about how to overcome the fake criticisms that have fallen upon us. He also kept forward the real-time example of Nambi Narayan as an ideal role model. He explained his life in a short note.

Review of the book was provided by TM Suvarnamala.

Book title: two states

Author: Chetan Bhagat

The book is an autobiography of Chetan Bhagat; he shared his love story, "How He Got Married to His Wife," in this book. This book was written in very simple English, so it can be very useful for beginners. He had explained each and every feeling of a man who falls in love. This book also says that "two different states are not the barrier to true love."

TM Athishnithin provided some scientific facts about brain. He gave many unknown facts about the human brain.

TM Sri Suriya conducted the topic discussion on the topic Rules and Laws Against Child Rape: The acts passed before POCSO were only aimed at educating and protesting against them. POCSO was the game-changing act that made harassment a very important and severe issue. After POCSO, the rules were implemented against sexual offenders and their imprisonment objectives. Each act by the sexual offenders has its own duration and type of imprisonment. But even now, what is finally happening to the offenders, "the criminals"? Think and find.

The evaluation was carried out by TM Manisabari. TM Sowmiya was in charge of timing.

FEMINA FUNTASTIC FIESTA

The Women Empowerment Cell of CIT hosts an event called Femina 24 to honor Women's Day. In collaboration with the WEC, the Kalam Knowledge Club organized numerous programs for the students.

TM Divinkumar introduced a female personality to begin the gathering. After that, teams of students were formed and instructed to use the provided clues to identify the famous female personality.

The next thing they want to do is imitate the well-known female stances that were on display. Boys then seek to appropriately recognize and choose the girlie items. Despite the fact that it was mostly for girls, boys actively participated.

WEEKLY CHALLENGE -14

TMOD - TM DHIVIN KUMAR

He began the weekly challenge by briefly introducing the three forums of the club. He created a comfortable environment for the audience. The icebreaker given by him was creative and pleasant.

PUBLIC SPEAKING: TM ARUN KUMAR

Topic: POVERTY

He started his session by speaking about poverty in comparison to the Indian population. He explained the difference between absolute and relative poverty. He shared some ideas to solve the poverty problem in India.

BOOK REVIEW: TM ATCHAYA

Book Name: கருவாச்சி காவியம்

Author: Vairamuthu

She shared her experience and interest in reading the book. The book contained the difficulties faced by a woman after her marriage. She recommended the book to all so that one can gain willpower during challenging times of life.

SCIENCE FACTS: TM SREE VIGNESH

TOPIC: DEATH ZONE

He started the talk by explaining the death zone, where oxygen is seen less. He explained the process of eutrophication and the growth of algae. He ended the session by saying that the ocean is essential to the survival of the planet and to avoid using chemical fertilizers.

TOPIC DISCUSSION: JAYASAKTHI

TOPIC: DRUGS

She started the speech by speaking about the Jaffer Sadiq case. She also spoke about the ill effects of drugs. She explained the role of government bodies in the decline of drugs. She shared the role of Article 47 of the Indian Constitution.

INSPIRA – 2K24 OFFLINE EVENTS

The Inspira – 2k24 is the last flagship event for the academic year 2023-24 conducted exclusively for second year students. It is a 2 days event which includes series of fun games on day-1. The day-2 was the club valediction ceremony of the Kalam Knowledge Club.

#Day 1

KADAL LAYE ILLAYAAM

Kadal laye illayaam is a fun event that is a combination of musical chairs and object-searching games. 10 members were allowed to sit around on chairs. On the count of three, an object is mentioned. The students sprinted towards a bag where numerous objects were present, and the participant should search and find out that object and come to the chair. The person who came last was lost.

KABEEM KUBAAM

Kabeem Kubaam is the game where connections are created based on various topics like movies and songs. And also, the translation of English words to Tamil was also part of the question. The Buzzer app was used to select the team to answer first.

LKG

LKG is the event, which is a small-scale simulation of the election process. This was conducted to spread awareness about elections and the importance of voting among the participants. Each team had a nominee who gave election promises for various problems prevailing in our college. Based on the practicability of their solutions, an election was conducted, and the winning party was chosen.

Day 1 totally consists 40 participants.

#Day 2

VALEDICTION CEREMONY

The valediction ceremony of the Kalam Knowledge Club for the academic year 2023–24 was organized on day 2. The event was honored by Dr. Mandhirasalam, Staff Advisor (Kalam Knowledge Club) and Dean of Library and ARRA, and the chief guest, Dr. A. M. Venkatachalam, Librarian and Director (Library and Student Affairs), K.S. Rangasamy College of Technology.

The event began with a welcome speech addressed by TM Athishnithin. The overview of club activities in the years 2023–2024 was addressed by TM Kamali.

An overview of the chief guest was delivered by TM Suvarnamala. Then Dr. Mandhirasalam shared his thoughts on club development and quoted about the chief guest.

Next, the chief guest, Dr. Venkatachalam, shared his words of wisdom. He mentioned the various activities led by the Readers' Club of K.S. Rangasamy College of Technology and also congratulated the activities led by the Kalam Knowledge Club. He also gave some tips for the upcoming board members to organize events that stimulate the ease of reading among the students.

The momentum was given to the chief guest, Dr. Venkatachalam, by our staff advisor, Dr. Mandhirasalam. A gift of honor was given to Dr. Mandhirasalam by the final-year board members.

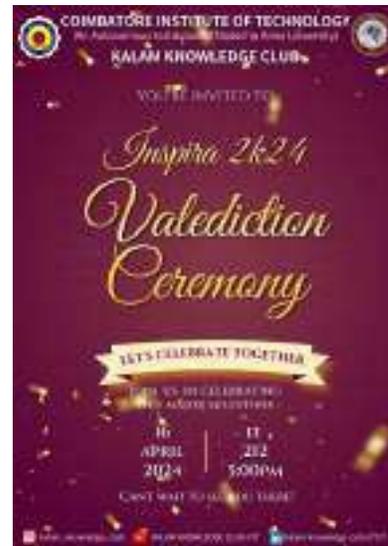

Next, a gift for the final-year board members was given by the third-year board members for appreciating their support throughout their era.

The prize distribution was done by Dr. Venkatachalam and Dr. Mandhirasalam for the winners and active participants of Inspira-2k24.

Then the board members for the next academic year were announced by TM Snehapriya. Dr. Mandhirasalam and Dr. Venkatachalam gave the certificates for welcoming the new board members.

Then the event successfully concluded with a vote of thanks delivered by TM Analice Inbamalar.

Day 2 consists 40 participants.

MOCK INTERVIEW

The event was organized as a flagship event for the Nakshatra 2k24, which was exclusively for the first year. The mock interview was conducted to raise awareness about the UPSC interview process and to prepare the UPSC aspirants for the interview process. Questions were asked of the participants to test their critical thinking, reasonability, leadership skills, and current affairs. There were two panels with three interviewers each. The UPSC aspirants from their first years have participated in the mock interview and gained experience from it. Marks were awarded to each participant based on their skills.

NAKSHATRA 2K24

The event was organized for the first-year students to step into the club. Out of four events, three were organized in M307: book reviews, knowing your country, and creative brains. The three events were started simultaneously in different areas of that room by TM Dhivin, TM Sri Surya, and TM Suvarnamala. The events are mentioned below:

EVENT NAME : BOOK REVIEW

No of participants: 16

This event is all about the participant reviewing any novels of their interest. This particular event was handled by TM Dhivin. The participants were evaluated based on their clarity of content and their capability to impress the audience. The participants started their book review briefly, and they were evaluated based on their performance.

EVENT NAME : KNOW YOUR COUNTRY

No of participants: 31

This event is about the participants being asked to locate the place on the map for the questions given on the question paper. Four different sets of question papers were distributed to the participants, and they started plotting the answers on the India map. Finally, they were evaluated by their answers.

EVENT NAME : CREATIVE BRAINS

No of participants: 15

This event is all about the participants creativity. They were provided with a balloon and asked to decorate it using a marker, and they were also asked to describe their work with a story. This particular event was handled by TM Sri Surya. The participants started drawing their thoughts in the balloons and reviewed their work with TM Sri Surya. The participants were evaluated based on their creative thinking and their efforts.

PODCAST

Title – **Sinthanaithuligal**

Every Saturday, an episode of Sinthanaithuligal is released on platforms like Spotify, YouTube, Google Podcasts, and Instagram.

Each episode is of a different genre, and the content is presented in such a way that it promotes awareness, gives motivation to overcome difficulties, and provides a positive mindset to listeners.

And also, special episodes were done for occasions like...

- Independence Day
- Teachers Day
- Engineers Day

- Episode 1: Hope
- Episode 2: Happiness
- Episode 3: நான் வீழ்வே னென்று நினைத்தாயோ
- Episode 4 உன் விழிகளில்
- Episode 5 நம்ம கோயம்பத்தூர்
- Episode 6: How Does the Economic Machine Work?
- Episode 7: Unbelievable success stories of companies that were startups
- Episode 8: Gumbalangara
- Episode 9: Hyperfocus by Chris Bailey
- Episode 10: Kadaikkalam
- Episode 11: Kalpana Saroj
- Episode 12: How to trick our brain to like doing hard things—Dopamine Detox

TEACHERS' DAY:

The gratitude towards the teaching community, which builds the future of our nation, was expressed.

HOPE:

In this podcast, the plane crash event in Indonesia was taken as an ideal example, and from that, the concept of hope was brought into the picture. The talk mainly focuses on how to improve the hope we have in ourselves.

UN VIZHIGALIL:

The significance of diverse viewpoints in shaping our understanding of the world. Through anecdotes and discussions, we advocate for empathy and open-mindedness, urging readers to embrace the richness of human experience.

GUMBALANGA :

Highlights the importance of standing out from the crowd by embracing your unique qualities and strengths. We encourage individuals to cultivate authenticity, confidence, and innovation in order to leave a lasting impression and achieve success in their endeavours.

How economic machine works? (Summary)

In that podcast episode, the timeless wisdom of Ray Dalio, a legendary American investor, was explored as he elucidated "How the Economic Machine Works." Listeners were provided with a clear understanding of economic cycles, debt cycles, and the role of central banks in driving the global economy.

BOOK REVIEW: HYPERFOCUS BY CHRIS BAILEY

The podcast aimed to present transformative insights from "Hyperfocus" by Chris Bailey, focusing on strategies for boosting productivity, managing digital distractions, enhancing creativity through mindfulness, and achieving goals effectively. The objective was to share practical insights and experiences from the book to help listeners unlock their full potential and achieve unparalleled results in work and life.

NAMMA COIMBATORE

This episode is a special dedication to celebrate Coimbatore district, the Manchester of South India. Everything about Coimbatore is explained in detail. Starting with the history of Coimbatore, the episode moves to discussing the specialties of the district, famous tourist places, and famous personalities (both from the cine field and non-cine field), and ends with the message that we must consider every place as our own place and every human as our own sibling.

UNBELIEVABLE SUCCESS STORIES OF COMPANIES THAT WERE STARTUPS

In this episode, unbelievable success stories of nine companies that were once just startups were elaborated, along with doses of motivation and lessons to be learned from each company's success at the end of each story. The companies discussed were Instagram, which was found by Kevin Systrom; Alibaba.com by Jack Ma; Pinterest by Ben Silberman; Airbnb by Brian Chesky and Joe Gebbia; Uber by Travis Kalanick; Paytm by Vijay Shekhar Sharma; Oyo Rooms by Ritish Agarwal; Zoom by Eric Yuan; and Zomato by Deepinder Goyal and Pankaj Chaddah.

KADHAIKKALAAM: BREAKING BOUNDARIES AND EMBRACING CHANGE

We usually worry about a particular thing, thinking about it again and again. This is of no use, as explained in the first story of this episode. We generally stay in our comfort zone. But it is mandatory for us to break the boundaries and go a step ahead in order to achieve success in life. This is explained in the second story of this episode.

HOW TO TRICK OUR BRAIN TO LIKE DOING HARD THINGS: DOPAMINE DETOX

In this episode, dopamine, homeostasis, tolerance, and how to do dopamine detox so that one can start liking to do hard things are discussed in detail with examples. Scientifically, what makes hard things harder and how to overcome this scenario are explained. Also, tips and tricks to keep oneself more productive are explained.
