Paying your fees

If you are self-funding, you must either pay your fee in full before you register or pay 50% before you register and set up an instalment plan to pay the remaining balance. Please do not use third-party agents to transfer payments to the University of Leeds, as this can significantly increase your risk of being exposed to financial crime.

You may be asked to supply details on the source of your funds. We must do this (where relevant) as part of the controls implemented by the University to ensure compliance with financial sanctions and anti-money laundering regulations, and to ensure our bank will accept payments from you. This offer of study does not guarantee that we can accept your source of payment and failure to provide an acceptable source of payment may result in the withdrawal of this offer. During your studies and as part of the ongoing controls required to ensure compliance, we may require further information regarding the source of funds associated with payments. Failure to provide this information may affect your ongoing status as a student.

If you are receiving a Postgraduate Master's Loan from Student Finance England you can set up an alternative instalment plan of three payments by direct debit in line with your loan payments. This will only be available if we have received confirmation from Student Finance England that your Postgraduate Master's Loan has been approved, therefore you are encouraged to apply as early as possible at www.gov.uk/masters-loan/apply. The Postgraduate Master's Loan is available to help with course fees and living costs while you

study and therefore may not cover your tuition fees in full. For more information about postgraduate loans and eligibility, please see www.gov.uk/masters-loan.

If you are from a Channel Island or the Isle of Man, you should seek guidance from your island education office.

If you are sponsored by a third-party organisation, you must provide an official sponsor letter before you register. Please visit www.leeds.ac.uk/sponsoredstudents for more information.

Further information on fees, student loans and payment arrangements can be found at www.leeds.ac.uk/mastersfees.

Scholarships

Postgraduate students at the University of Leeds benefit from a wide range of full and partial tuition fee scholarships and maintenance awards from the University and external organisations. Due to the diversity of awards available, our scholarship application forms are customised and the criteria for eligibility vary between schemes. For more information, please visit our scholarships website at masters-scholarships.leeds.ac.uk.

Student visas

If you need a Student visa to study in the UK you will require a Confirmation of Acceptance for Studies (CAS) from the University. The earliest that a CAS can be issued is six months before the course start date and after you have met the conditions of your offer, supplied all the necessary information, such as your passport details, and paid a tuition fee deposit of £1,500, if applicable. You do not need to contact us to request a CAS. You must obtain your visa before travelling to the UK. We will only ask you to pay the deposit if you accept an unconditional offer via the application portal. More information about the deposit will be sent to you at that time. You should only pay if you are committed to attending for this year of entry.

If you are already in the UK and have a Student visa, (previously known as Tier 4) for a different institution, and you meet the conditions of applying for a new Student visa in the UK, you will not be able to register or start your studies unless you can provide evidence that you have used your University of Leeds CAS to apply for a Student visa to study with us.

You should make your visa application as soon as you have the required supporting documents (academic and financial). This offer of study does not guarantee that the University will be able to sponsor you for a Student visa. For more information, please see www.leeds.ac.uk/studentvisa.

Membership and alumni

As a University of Leeds student, you will automatically become a member of the University. This membership usually continues beyond your time of study as you will join a community of over 300,000 Leeds alumni, representing the University's lifetime commitment to you. You will have access to certain University services and a vast support network and will have opportunities to attend events and reunions, learn about volunteering and fundraising, stay connected and create new connections that can help your career.

Contract, withdrawal and disclaimer

This letter together with the student contract make up the agreement between you and the University. A copy of the student contract can be found at www.leeds.ac.uk/studentcontract.

You may cancel your agreement with the University and withdraw from your course, without reason, up to 14 days after the start date of your course (as stated on this letter) by emailing registration@leeds.ac.uk. You can also cancel this agreement and withdraw from the University if there is a material change to your course or fees that you do not agree to.

The University may terminate our agreement with you, not permit you to re-register next year and require you to withdraw from the University, if you become unfit to study or otherwise fail to meet your commitments to the University, for example, by the non-payment of fees, inappropriate conduct or making unsatisfactory academic progress.

The **University's disclaimer** can be found within the student contract. **We recommend you read the student contract** as it includes more details on the above points, together with other important information concerning your rights and commitments.

Updating your details

So that you don't miss out on any important communications from us, please let us know if your contact details change. You can use the [applicant portal](#) to update your postal or email address.

Disability and Wellbeing support

Our Inclusive Support Service can provide you with advice and information if you have a disability and/or a long-term health condition. Early awareness by [making a self-referral](#) to this service allows the University to understand your needs and identify the support we can offer, and for you to consider this before enrolling. We strongly encourage you to engage with the service as soon as possible so that advice may be given regarding any reasonable adjustment that we can make to adequately support you on your programme. Please note that what we are able to put in place as a "reasonable adjustment" may be impacted by the amount of time we have between being made aware of a need and the start of your studies.

If you have a disability, dyslexia, or long-term physical or mental health condition not previously mentioned in your application, we would encourage you to let us know so that relevant advice may be provided. Please note that we will share this information only with colleagues in our Wellbeing services team and it does not affect the decision to offer you a place.

Visa

We know that there is a lot to do when preparing for university. If you need a Student Visa to study in the UK, one of the most important things is getting your CAS (Confirmation of Acceptance for Studies) from us. You will need your CAS before you can apply for your Student Visa.

We use CAS Shield, an online self-service system, which allows you to upload all the vital information and documents that we will need to issue your CAS. We also have a dedicated Applicant Compliance Team who can support you.

You can find out more about the CAS process and what documents you will need to supply on our starting a new course [webpage](http://www.brookes.ac.uk/students/isat/visas/student-visa/getting-your-cas/starting-a-new-course) (www.brookes.ac.uk/students/isat/visas/student-visa/getting-your-cas/starting-a-new-course).

Please note in particular that issuing a CAS is an additional, and separate process to the conditions of your offer of study. We reserve the right, in certain circumstances, not to issue a CAS or to withdraw a CAS even after you have accepted your offer. If we do not issue a CAS, you will not be able to obtain a visa, and you will not be able to take up your place at Oxford Brookes University at that time.

How to get in touch

Please don't hesitate to get in touch, either to update us on changes in circumstances or with any questions about your application or studying at Oxford Brookes. Email us at apply@brookes.ac.uk or call us on +44 (0) 1865 483040.

I look forward to hearing from you.

Yours sincerely,

Admissions Officer

Oxford Brookes University

Additional Information:

Oxford Brookes University English courses

If your offer is conditional on improving an IELTS score, you may be interested in the [University English](#) courses run by Oxford Brookes International. Passing the relevant University English course is another way to meet the English language requirement. Even if your offer is not conditional on an English language test, the courses are also a good way to improve English proficiency as preparation for your degree studies.

Finance and Scholarships

You can pay your fees in full at the start of the course or in equal instalments at the start of each semester/term. You can find details of how to pay fees and more information about possible sources of funding at www.brookes.ac.uk/studying-at-brookes/finance/

Deposits – only applicable if a deposit is listed as a condition in the letter above

Deposits paid will be refunded at the discretion of the University and upon request if you are unable to enrol on your programme and you have notified us within the right to cancel period stated in the [terms and conditions of enrolment](#).

We will not refund your deposit if the reason you are unable to enrol is because we have evidence that:

- a) you have supplied false or misleading information relating to your application; and/or
- b) you have obtained any qualification or status by fraud

Under these circumstances, you may be unable to enrol because we have withdrawn your offer of a place or because your application for a visa has been rejected due to fraud.

Please note that in all circumstances, a fee of £100 will be applied to cover the administration of the cancellation and refund.

To request a refund, you will need to contact the [Admissions Office](#) and may need to provide documentary evidence in support of your request. In normal circumstances, the University will process refunds within 14 days of receipt of a complete refund request.

Student visas - only applicable for those requiring a Student Visa to study in the UK

In order to apply for your visa you will need to hold a confirmed unconditional offer. After this, you will then need a *Certificate of Acceptance of Studies (CAS)* - which we will issue to you once your offer is unconditional.

To be issued a CAS, or to confirm an immigration status authorising you do not need one, we will ask you to complete a *Visa Information Form*. The Visa Information Form will be sent to applicants holding unconditional accepted offers (Unconditional Firm (UF)) with us.

You can get more information on visas from our International Student Advisory Team:

www.brookes.ac.uk/students/isat/

For January and September on-campus courses, we expect students to attend an Induction and Enrolment week. We will send you specific guidance for your programme nearer to the time, and information will be available on <https://www.brookes.ac.uk/new-students/> from August for September Entry, and during early January for January Entry.
