# CAREER OPPURTUNITIES FOR CIVIL ENGINEERING STUDENTS

DATE : 26.02.2024
VENUE : IT BLOCK 213
CHIEF GUEST : Er. S. ASWIN,
ASSISTANT ENGINEER,
TN Water Resources Department.

Er. S. ASWIN delivered an insightful talk on career opportunities for 2nd and 3rd-year civil engineering students. He emphasized the diverse paths available in the field, ranging from government roles like public works departments to private sector opportunities in construction firms and consulting companies.

Furthermore, he encouraged students to stay updated with the latest technological advancements in civil engineering, including sustainable practices and digital tools like Building Information Modeling (BIM) and Geographic Information Systems (GIS). Overall, his talk provided valuable insights and guidance for aspiring civil engineers to navigate their career paths effectively.

# REPORT OF TECH TALK
# On
# Tips To Crack Competitive Exams

**DATE :06.03.2024**
**VENUE : IT 211**
**CHIEF GUEST : Mr. P. VARUNKUMAR,**
**Senior Researcher,**
**NIT Trichy.**

---

He provided valuable guidance for tackling competitive exams, inspiring students to prepare effectively for the upcoming challenges. His advice highlighted vital topics necessary for thorough preparation and illuminated the array of opportunities these exams offer. Additionally, he outlined critical subjects crucial for achieving success in competitive endeavours.
He provides some technical tips like how to crack & how to be potential for competitive examinations (GATE , Public Works Department, UPSC , Group exams ,etc.,)
His technical talks on tips to crack competitive exams in the civil engineering field aim to provide aspiring engineers with guidance, strategies, and insights to excel in their exam preparation and achieve success;

He mainly focused on the following areas:
Understanding Exam Pattern and Syllabus
Time Management Strategies.
He highlighted to Focus on Core Concepts
Revision and Practice
Effective Study Resources

## REPORT

**Introduction:**

On the 29th of February 2024, the Alumni Connect Series hosted a seminar titled "A Beginner's Guide to the Civil Services Exams" at CM306. The seminar aimed to provide valuable insights and guidance to aspiring candidates preparing for the prestigious Civil Services Examinations. The distinguished speaker for the event was Mr. S. Agara Mudhalvan, an Alumnus of the 2017-2022 Batch of M. Sc. Decision and Computing Sciences..

**Keynote Address:**

Mr. S. Agara Mudhalvan commenced the seminar with an engaging keynote address, drawing upon his personal experiences and expertise as a civil services aspirant. He shared valuable insights into the various stages of the Civil Services Examinations, including the preliminary examination, mains examination, and the interview process. His address emphasized the importance of meticulous preparation, strategic planning, and perseverance in navigating the challenges of the exams.

**Key Insights**

During his presentation, Mr. Agaramudhalvan provided comprehensive guidance on various aspects of the Civil Services Examinations:

**Understanding the Exam Pattern:** He elucidated the structure and syllabus of the exams, highlighting the importance of familiarity with the examination pattern and marking scheme.
**Preparation Strategies:** Mr. Agaramudhalvan shared effective preparation strategies, including time management techniques, revision methods, and resources for study materials and reference books.
**Approach to Different Papers**: He offered insights into approaching the different papers of the examinations, including general studies, optional subjects, and essay writing, emphasizing the importance of clarity, coherence, and analytical thinking.
**Tips for Interview Preparation:** Mr. Agaramudhalvan provided valuable tips for interview preparation, including mock interviews, self-assessment, and confidence-building exercises.

**Conclusion**

The seminar on "A Beginner's Guide to the Civil Services Exams," featuring Mr. S. Agaramudhalvan, as the speaker, proved to be immensely beneficial for the attendees. His expertise, coupled with practical insights and tips, provided aspiring candidates with valuable guidance and motivation for their exam preparation journey. The event exemplified the spirit of the Alumni Connect Series in facilitating knowledge exchange and mentorship opportunities among alumni and current students. Moving forward, the insights gained from the seminar will undoubtedly empower aspiring civil servants in their pursuit of excellence in the Civil Services Examinations.

## REPORT

The Alumni Connect Series 2024 continued its tradition of fostering knowledge exchange and mentorship opportunities with a seminar titled "Unlocking Success: Navigating Internship Interviews - Insights from Alumni." Held on the 15th of March 2024 at CM306, this seminar aimed to provide valuable guidance to students preparing for internship interviews. The seminar featured distinguished alumni Ms. C.V. Padmavarshini and Ms. D. Srinidhi, both from the 2017-2022 Batch of M. Sc. (DCS), who shared their expertise and practical insights with the attendees. The event aimed to provide valuable guidance and strategies to students in the sixth semester, in preparing for internship interviews.

**Keynote Address**

Ms. C.V. Padmavarshini commenced the seminar with an engaging keynote address, drawing upon their experiences and expertise as successful professionals in the field. Ms. D. Srinidhi commenced her talk in the seminar with an engaging discussion, drawing upon their experiences as successful professionals in the field. They shared personal anecdotes, practical advice, and valuable insights into the internship interview process, emphasizing the importance of preparation, confidence, and professionalism.

**Key Insights**

During their presentation, Ms. Padmavarshini and Ms. Srinidhi provided comprehensive guidance on various aspects of internship interviews:

**Preparation Strategies:** They elaborated on the importance of researching the company, understanding the job role, and practicing common interview questions. They emphasized the need for candidates to showcase their skills, experiences, and achievements effectively during the interview.

**Resume Writing Tips:** The speakers offered insights into crafting a compelling resume that highlights relevant skills, experiences, and accomplishments. They emphasized the importance of tailoring the resume to the specific internship opportunity and showcasing one's unique strengths.

Interview Techniques: Ms. Padmavarshini shared effective interview techniques, including active listening, clear communication, and professional demeanor. Ms. Srinidhi emphasized the importance of demonstrating enthusiasm, curiosity, and a willingness to learn during the interview.

**Interview Techniques:** Techniques for effective communication, active listening, and professional demeanor during interviews were discussed, along with the importance of demonstrating enthusiasm and a willingness to learn.

**Handling Behavioral Questions:** The speakers provided strategies for addressing behavioral questions, such as describing past experiences, handling challenges, and working in a team. They encouraged students to use the STAR (Situation, Task, Action, Result) method to structure their responses effectively.

**Conclusion**

The seminar on "Unlocking Success: Navigating Internship Interviews - Insights from Alumni" proved to be immensely beneficial for the attendees. Ms. C.V. Padmavarshini and Ms. D. Srinidhi's expertise, coupled

with practical insights and tips, provided students with valuable guidance and motivation for their internship interview preparation. The event exemplified the spirit of the Alumni Connect Series in facilitating knowledge exchange and mentorship opportunities among alumni and current students. Moving forward, the insights gained from the seminar will undoubtedly empower students in their pursuit of internship opportunities and career success.

Venue: CM306

## Report

On the 20th of March 2024, a seminar on "National Security Paradigm - Cyber War Dimensions" was held at CM306. The seminar featured Mr. Balaji Venkateswar, Chief Mentor of Cyber Defence at Cyber Vidhyapeeth Foundation, as the distinguished speaker. The event aimed to shed light on the intricate dimensions of cyber warfare and their implications for national security.

**Keynote Address**

Mr. Balaji Venkateswar commenced the seminar with an enlightening keynote address. Drawing upon his extensive experience in cybersecurity, he emphasized the evolving nature of cyber threats and the imperative for nations to adapt their security strategies accordingly. His address underscored the interconnectedness of cyberspace and its critical role in modern warfare and national defense.

**Key Insights**

During his presentation, Mr. Venkateswar elaborated on various dimensions of cyber warfare, offering key insights into:

**Technical Dimension:** He discussed the rapid advancements in cyber weapons and defense mechanisms, emphasizing the need for continuous innovation to stay ahead of adversaries. Mr. Venkateswar highlighted the importance of understanding network vulnerabilities and deploying robust defense measures to safeguard critical infrastructure.

**Policy and Legal Dimension:** Mr. Venkateswar explored the challenges of formulating effective cyber policies and regulations, particularly in balancing security imperatives with individual privacy rights and economic considerations. He emphasized the role of international cooperation and harmonized legal frameworks in combating cyber threats at a global scale.

**Intelligence and Information Sharing Dimension:** The speaker emphasized the critical role of intelligence agencies in gathering actionable intelligence on cyber threats. He stressed the importance of fostering collaboration among stakeholders and sharing threat intelligence to enhance situational awareness and facilitate proactive defense measures.

**Cognitive Warfare Dimension:** Mr. Venkatesware explained that Cognitive warfare involves the manipulation of information, perception, and belief systems to achieve strategic objectives. Understanding and addressing the dimensions of cognitive warfare is crucial for safeguarding national security and countering the evolving tactics employed by adversaries in the information age. By recognizing the importance of information manipulation, psychological operations, and perception management, governments and organizations can develop more robust strategies to defend against cognitive threats and preserve the integrity of democratic societies.

**Conclusion**

The seminar on "National Security Paradigm - Cyber War Dimensions," featuring Mr. Balaji Venkateswar

as the speaker, provided valuable insights into the complexities of cyber warfare and its implications for national security. The event served as a platform for the students to get exposure to knowledge and dialogue with the revered speaker. Moving forward, the insights gained from the seminar will instigate the students towards efforts to enhance cybersecurity capabilities and safeguard the interests of nations in the digital age.

**About the Speaker**

Balaji is a Cyber Defense Professional with more than 25 years of experience and expertise in & Cyber Defense. He has innovated multiple solutions & created multiple de-novo frameworks to raise the bar of Information Security control and with "2 Global Patents" granted, 9 filed & "One Trade Secret". Balaji has also worked for State Bank of India, India's largest Bank, Wipro as Head (Risk Management & Compliance), Bank of America as Senior Vice President (Global Information Security) for Global Delivery Center & CISO(India), PwC as Executive Director- Cyber Defense, Qualcomm as Director-Cyber Defense, IDFC First Bank as CISO AND BSE AS CISO. Currently, Balaji is working as Chief Mentor, at CyberVidyapeeth Foundation - an Educational Entity dedicated to Advance Cyber Defense Research and education. In order to contribute to Cyber Security Ecosystem, Resilience planning and Policy Formulation at the Country level, Balaji represents the following Committees:

- *Member Advisory Board for Global Cyberlympics. 2014-2022
- *Member of the CII National Committee on Telecom & Broadband 2017-18
- *Co-Chair of CII National Sub-Committee on Cyber Security - 2016-17
- *Member of the National Committee on Cyber Defense for Critical Infrastructure

# GUIDANCE FOR HIGHER STUDIES

**DATE:** 25.08.2023

**TIME:** 2.30 P.M - 3.30 P.M

**RESOURCE PERSON:** Mr.S.Siddharth

Manager Operations, TIME Institute, Coimbatore

The primary aim of this event was to allow students the opportunity to explore their options for higher studies after their under graduate degree. Students should learn about the necessary steps they have to take to have a productive and useful time during their higher studies. Students learned about the various colleges and universities in which they can take up their higher studies and the best options for each type of study. They also learned about the necessary competitive exams they have to take for each specialization and some tips and strategies for successfully clearing them. Students also learned about the common pitfalls and mistakes they must avoid when pursuing higher studies.

# Placement Training Report

Placement Aptitude Training was organised for V yr. M.Sc. (SS/DS/DCS/AIML) students by the Department of Computing, Coimbatore Institute of Technology from 24.06.2024 to 28.06.2024. Trainers from INNOVATIVE HR & TRAINING SERVICES trained the students on Quantitative Aptitude, Logical Reasoning, Verbal Reasoning and many others.

**Trainers: Mrs. Banu & Mr. Ashok Kumar**

**Venue: LIB CONFERENCE HALL & IT 213**

**Date: 24/06/2024**

**9:00 AM - 12:15 PM:** Focused on Number Theory, including prime factorization, greatest common divisors, and divisibility rules. Worked on tasks that required determining highest common factors and least common multiples. Shortcuts of determining cubes and squares, number sequences and patterns, including geometric and arithmetic progressions, and used these ideas to solve challenging aptitude tasks.

**1:15 PM - 4:30 PM:** Covered topics on ratios and proportions, ages and percentage. Age-related challenges were analyzed by using logical reasoning and algebraic equations to solve related problems. Solved difficulties with ratios and proportions by calculating and putting ideas to use in situations involving mixes and speeds. mastered in calculating percentages, including computations for interest, profit and loss, and percentage increases and decreases. Emphasized logical methods and effective problem-solving strategies while applying these ideas to actual circumstances.

**Date: 25/06/2024**

**9:00 AM - 12:15 PM:** Topics covered were averages, allegation, and clocks. Focused on clock problems, such as calculating angles between hands and specific time conditions. Resolved issues with markups, discounts, and interest computations. concentrated on solving problems involving averages by computing mean values and comprehending weighted averages. placed a strong emphasis on effective problem-solving methods and rational approaches to averages, allegation principles.

**1:15 PM - 4:30 PM:** Mastered calculating simple and compound interest, solving problems involving principal, rate, and time. Focused on clock problems, such as calculating angles between hands and specific time conditions. Learned how to calculate profit and loss by figuring out margins of profit and loss. Worked on calendar problems, including determining days of the week for given dates and solving leap year puzzles. Emphasized efficient problem-solving techniques and logical approaches for interest calculations and clock, calendar problems and Profit& Loss logics.

**Date: 26/06/2024**

**9:00 AM - 12:15 PM:** Time, speed, distance, Problems on Trains, Boats and Streams are the topics discussed. Centered on figuring out how to solve time, speed, and distance-related challenges, such as estimating trip durations and speeds. Examined train problems, including figuring out relative speeds and crossing times. Solved race puzzles to determine winning margins and times. Computed effective speeds in upstream and downstream scenarios to solve stream-related issues. Learned logical methods and effective problem-solving strategies for each of these ideas.

**1:15 PM - 4:30 PM:** Covered topics are Blood Relations, Coding & Decoding, Directions/Routes, analogy and correlation problems to identify relationships and patterns. Solved coded relationship and blood relation puzzles using logical reasoning. Worked on coding and decoding problems by interpreting and translating various code patterns. Focused on deductions by drawing logical conclusions from given statements. Solved direction and route problems to determine paths and distances.

**Date: 27/06/2024**

**9:00 AM - 12:15 PM:** Focused on logical reasoning, solving problems involving mathematical operators, selections, number sequences, rank sequences, and series completion. Analyzed symbol-based problems and non-verbal reasoning tasks, including cubes and cuboids, cubes and dice. Worked on figure matrix, mirror and water images, and pattern completion problems. Solved logical puzzles and dot situation challenges, emphasizing efficient problem-solving techniques and logical approaches for all these concepts.

**1:15 PM - 4:30 PM:** Worked efficiently on time and work problems involving calculating work rates, completion times, and efficiency. Solved situations with several employees and different work rates. Determined fill rates, inlet and outlet combinations, and tank filling times to solve issues with pipes and cisterns. Placed a strong emphasis on logical methods for handling time and labor as well as the ideas of pipes and cisterns.

**Date: 28/06/2024**

**9:00 AM - 12:15 PM:** Studied permutation, combination, and probability, focusing on calculating arrangements, selections, and likelihoods of events. Analysed problems involving permutations of elements, combinations of selections, and calculating probabilities of outcomes. Emphasized understanding formulas, applying logical reasoning, and using efficient problem-solving techniques for these concepts.

**1:15 PM - 4:30 PM:** Solved problems on Venn Diagrams and other related problems. Syllogism was taught and some complex problems were analysed. Explored analytical reasoning through classification questions, seating arrangements, placing arrangements, and comparison problems. Analyzed sequential order of events and selection based on given conditions. Learned few concepts on logical reasoning and structured problem-solving techniques for these varied scenarios.

**Date: 08/0/2024**

**2.00 PM to 5.00 PM**

An extra session was organized for the students. Company specific problems were discussed and practiced on the request of the students. The students felt the session was useful and more practice will enable them to perform well in their placement drives.

## Feedback on Placement Training

## 24.06.2024 to 28.06.2024

## 2020 Batch M.Sc. (SS/DS/DCS/AIML)

A five-day Placement training programme was organized for the 2020 batch of M.Sc. (SS/DS/DCS/AIML) students during 24.06.2024 to 28.06.2024. The training was on Aptitude and logical reasoning.

The trainers were Mr. Ashok Kumar and Ms. Banu, they were largely knowledgeable, gave instructions appropriately and handled the classes in an interactive manner. Daily lesson plans on the topics were covered and reference materials for preparation and practice were provided.

Majority of the students were able to use the materials and practice the lessons taught. Overall, the training program was insightful and provided a deep understanding into the requirements of the process.

**Students were asked to respond to the following questions:**

Q1. The training objectives for each topic were identified and followed

Q2. This training will be helpful for my placement preparation

Q3. The trainer was knowledgeable

Q4. The quality of instruction was good

Q5. Class participation and interaction were encouraged

Q6. Adequate time was provided for questions and discussion

Q7. The training met my expectations

Q8. How do you rate the training overall?

Q9. What aspect of the training could be improved? (Descriptive)

Q10. I recommend INNOVATIVE SOLUTIONS for future training?

**MOCK INTERVIEW**

| | | |
|---|---|---|
| **Date** | **:** | September 25,26 & 27 2023 |
| **Venue** | **:** | M103 |
| **Expert Member** | | Ms.Priya,<br>BYTS Coimbatore |
| **Objective of the Programme** | **:** | To provide Final-year Electronics and Communication Engineering (ECE) students with practical experience in handling job interviews. |
| **Number of Participants** | **:** | 118 Students |
| **Programme Outcome \Impact** | **:** | Final year student showed marked improvement in their ability to articulate their<br>skills and experiences clearly and confidently. |

On September 25,26&27,2023, a mock interview session was conducted for final-year Electronics and Communication Engineering (ECE) students, facilitated by Ms. Priya from Byts. The session aimed to provide students with practical experience in handling job interviews, preparing them for the transition from academic life to professional careers.

Ms. Priya, an industry expert with extensive experience in recruitment and career coaching, led the session. The mock interviews were designed to simulate real-world scenarios, including both technical and behavioral questions pertinent to the ECE field. Each final-year student participated in a one-on-one interview, receiving feedback tailored to their performance. The session also included a brief presentation on effective interview strategies and common pitfalls to avoid.

**Key outcomes** of the mock interview session were highly positive. Students demonstrated notable improvements in their ability to handle technical and behavioral questions. The session allowed them to practice articulating their skills and experiences clearly, addressing technical challenges, and responding to behavioral scenarios with greater confidence. Participants reported a significant boost in their confidence levels. The practical experience of participating in a simulated interview environment, coupled with expert feedback, helped reduce anxiety and increase their preparedness for actual job interviews. The personalized feedback was crucial in highlighting each student's strengths and areas for improvement. This guidance was instrumental in helping students refine their responses, enhance their problem-solving explanations, and improve their overall interview performance.The session provided valuable insights into industry

expectations and interview practices, equipping students with knowledge on how to navigate the job market effectively.

## CIT-ECE-Mock Interview Sample Report Overall

### Feedback

- Presentation must be improved
- Have to be strong in the content
- Need more preparation on each topics( at least in the basics) of their area of interest
- Problem solving skills must be improved
- Some students are having starting trouble. If they prepare their self introductionwell , then the starting trouble can be reduced

| **Tharun** | **18/35** |
|---|---|
| **Self-Introduction** | Need to be Improved**(2/5)** |
| **Resume** | It is Good**(3/5)** |
| **Python** | **(3/5)** |
| 3/5 | Q. Tell me few global functions |
| | A. append , pop, insert , list -> all these are list methods.Didnot know about global function |
| | Q. What is print |
| | A. print is a fun used to print. can be used without () |
| | Q. Is python compiled or interpreted lang |
| | A. interpreted lang |
| | Q. What is interpreter |
| | A. line by line exe, stops when error occurs |
| | Q. What is mutable & immutable |
| | A. Ans is unrelated |
| | Q.what is iterators |
| | A. for is an iterator. for i in range |
| | Q. what is range? |

| | |
|---|---|
| | A. range(st,stop,step) . will not include stop value starts from st value. stop is needed. Got this explanation by asking q on every word |
| | Q. What is range return? |
| | A. tuple |
| | Q. What is tuple? |
| | A. unchangable.if we want to add, we cannot add |
| | Q. Which scenario will you use tuple? |
| | A. unrelated ans |
| | Q. What is dictionary and set? |
| | A: set does not allow dupicates, dictinary keys is not duplicate, value can be duplicated |
| | Q. How do you iterate dictinary |
| | A. using keys |
| | Q. what is aliasing |
| | A. donot know |
| **Problem Solving Skills** | **(5/5)** |
| | Q. remove duplicates from list |
| | A. simple solution -using set , using another list, Asked for optimization.inbulit. gave solution - replace the duplicate value with some character and delete it |
| | Logical thinking is good |
| | Coding is good |
| **Project** | **(3/5)** |
| | seweage block detection- 3 modules are there can collect 250grams of wastage. being budget issue could not do above that. Role: implementing the connection in hardware..and |

| | |
|---|---|
| | analysis Need to explain more about the project without the consecutive questions |
| **Area of Interest** | **1/5** |
| Comupter Network: | |
| | Q. Tell me about OSI layers |
| | A. told about all 7layers |
| | Q Explain about every layer |
| | A, not strong in the explanation |
| **Short term / Long Term Goals** | Q. What is your shot term and long term goal |
| | A. get selected in reputed company long term is to buy a specific car |
| **Presentation** | **1/5** |
| | |
| **Shreya** | **20/40** |
| **Self Intro** | **1/5** |
| | less than 30 secs. told about name, college a and school |
| | Q. Did you take anysteps to overcome your weakness |
| | A. Have taken many courses like C,C++,HTML , CSS |
| | Q. Tell me about your project |
| | A. CIT chatbot-academic only |
| **Communication** | **4/5** |
| **Resume** | **4/5** |
| **C** | **1/5** |
| | Q. What are the pointers |

| | |
|---|---|
| | A. Null pointer,void,wild,dangling pointers |
| | Q. Advantages of pointer |
| | A. to reserve the memory location, pointers useless memory |
| | Q. What is call by value & address |
| | A. calling by value , calling by address |
| | Q. what is storage class? |
| | A. auto,static,extern,register , nature of variable |
| | Q. What is an array |
| | A. Collection of same data type. index starts at 0 |
| | Q. Difference between structure and union |
| | A. different types of data can be stored in structure unrelated ans for union |
| **C++** | 0/5 |
| | Q. What is name mangling |
| | A. Dont know |
| | Q. what is object slicing |
| | A. Dont know |
| | Q. use of templates |
| | A. STL has many methods we can use it |
| | Q. tell me about STL |
| | A. STL has stack, queue,vectors |
| **Problem Solving Skills** | **5/5** |
| | Q: Find the mid point of SLL |
| | A: Slow and fast pointer wrote the functionality |

| | |
|---|---|
| **Project** | **1/5** |
| | Block Sewage System – Need more explanation |
| **Computer Network** | **4/5** |
| | Q: Explain about OSI Layers |
| | A: Explained well about all |
| | Q: What is encryption and encoding |
| | A: Encryption uses key to encrypt the message. for securtiy encoding-> all system mostly support encoding runlength encoding to reduce length |
| | Q. "aaabbbcddee" write a program to reduce the length "a3b3cd2e2" |
| | A. wrote Microcontroller |
| | Q. which microcontroller are you comfortable |
| | A. 8051 |
| | Q. Explain about it |
| | A. it has inbuilt timers, specific application , RAM, ROM, serial communicate ,RISK architecture |
| | |
| **Vinesh** | 15/40 |
| **Self Intro** | 3/5 |
| **Resume** | 4/5 |
| **Communication** | 2/5 |
| | Need to be improved |
| **C** | 1/5 |
| | Q. What is pointer? |

| | |
|---|---|
| | A. stores address of another variable and there are so many pointers |
| | Q. Advantages of pointer |
| | A. donot know |
| | Q. disadvantage of array |
| | A. We cannot perform insertion |
| | Q. tell me about little and big endian |
| | A. low order - lower bytes in little endian higher order lower bytes in big endian |
| | Q. Explain call by value & call by address |
| | A. explained swapping of two numbers |
| | Q. difference between call by address and reference |
| | A. do not know |
| **Python** | **2/5** |
| | Q. how to get input in python |
| | A. int(input()) |
| | Q. how to get multiple input in the same line |
| | A. map function is used |
| | Q. explain about map function |
| | A. Do not know |
| | Q. difference between partition and split |
| | A. do not know |
| | Q. do you any other string functions |
| | A. find, count, insert |

| | |
|---|---|
| | Q. how to traverse the list? |
| | A. for i in arr |
| | Q. can a function return  more than one value |
| | A. yes, |
| **DBMS** | 1/5 |
| | Q: Tell me about Joins |
| | A: Left Join right join, full join |
| | Q: difference between having and where clause |
| | A: where is used as if else, having is used in aggregation |
| **Project** | 1/5 |
| | Car Parking System |
| | Will check the parking area is available or not |
| **CN** | 1/5 |
| | Q: tell me about OSI |
| | A: Only 5 told |
| | Q: What is mac and ip address |
| | A: it is used in HUB |
| | Q: What is a HUB |
| | A: It is used to connect more than one system |
| | Q: What is ILAN |
| | A: Local Area Network |
| **Short / Long term goals** | |
| | Short: Good position in reputed company |

| | |
|---|---|
| | Long: full stack developer |
| | |
| **Rating on languages** | |
| **C** | 4/5 |
| **Python** | 3/5 |
| **SQL** | 3.5/5 |

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

B.E ELECTRONICS AND COMMUNICATION ENGINEERING

ACADEMIC YEAR: 2023-2024

**Name of the Activity/ Programme: 19EEOC33 - SEMICONDUCTOR LIFE CYCLE**

**Number of students/ Year: 140/II-year III Semester B.E ECE**

**Organizing Team: PLACEMENT CELL**

**Syllabus:**

**COURSE OUTCOMES**

On successful completion of the course, Students will be able to

CO1: Gain basic knowledge about the semiconductor device's life cycle from design to release

CO2: Understand the environments, tools, and processes in each stage of semiconductor's life cycle

CO3: Get to know the importance of design, instruments and technologies involved, and the role of Electronics engineers in the processes

**OVERVIEW OF SEMICONDUCTOR LIFE CYCLE**

High level overview of semiconductor life cycle – pre-silicon processes, silicon fabrication, post-silicon lab processes, mass production and market release – common terminologies (2)

**PRE-SILICON PROCESSES**

Requirement identification – IC generations – RTL Design – tools and processes – HDLs – designverification processes – design datasheet (3)

**SILICON FABRICATION**

Fabrication process basic overview – wafer manufacturing, oxidation, photolithography, etching, deposition & ion implantation, metal wiring, EDS, packaging – wafer level testing – IC packaging types (3)

**POST-SILICON LAB PROCESSES**

Lab validation process – environment, processes, and tools – wakeup, debug, characterization, compliance testing – test bench, test plans, test programs and automation – instruments in lab validation – final datasheet (4)

Electronics and Comm. Engg.
Coimbatore Institute of Technology
COIMBATORE - 14

Scanned with CamScanner

**SILICON PRODUCTION AND RELEASE**

Mass Production – production testing – environment, processes, and tools – ATEs – Market release –Evaluation GUIs – Version upgradesSummary – importance of design,instrumentation, GUIs, and data at different stages – role of Electronics engineers in the processes (3)

**TOTAL: 15**

**DAY 1**

**Date:** 07.10.2023
**Time:** 9.00AM to 1.00PM (FN)
**Venue:** MBCH
**Resource Person: Mr.Vignesh**
**Title: OVERVIEW OF SEMICONDUCTOR LIFECYCLE**

The session commenced at 9:00am, led by technical experts from Soliton. An alumni expert began by providing a concise introduction to the semiconductor lifecycle and engaged in a discussion with the students. The session encompassed various topics on overview of Semiconductor Life cycle, including

- Industry Trends and requirement Identification
- Design
- Pre-silicon Verification
- Design datasheet release
- Silicon Fabrication

Scanned with CamScanner

- Post-silicon validation
- High volume production and testing
- Release to market

It was centered around discussions of design, pre-silicon fabrication, silicon fabrication, and post-silicon validation. By 1:00 pm, as the session concluded, technical experts fielded questions from the students, and valuable feedback was exchanged.

**DAY 2**

**Date:** 14.10.2023
**Time:** 2.00 PM to 5.00PM (AN)
**Venue:** MBCH
**Resource Person: Mr. Vignesh**
**Title: PRE-SILICON PROCESS**

The session commenced at 2:00pm in the afternoon, with a primary focus on pre-silicon processes. It provided a comprehensive overview of the semiconductor fabrication process, detailing each step. The session covered a wide range of topics,

- Post silicon process
- Electrostatic discharge
- Test procedure Testbench
- Data collection
- requirements identification
- design
- pre-silicon verification

Scanned with CamScanner

During the discussion, there was an emphasis on electrostatic discharge in integrated circuits (ICs) shown in the form of video and the prerequisites for post-silicon validation were presented. It concluded with technical experts posing questions to the students, and this interactive session wrapped up by 5:00pm.

**DAY 3**

**Date:** 28.10.2023
**Time:** 2.00 PM to 5.00PM (AN)
**Venue:** IT 213
**Resource Person: Ms. Ramya**
**Title: SILICON FABRICATION AND LAB PROCESS**

The session commenced at 2:00 pm in the afternoon, with a primary focus on post-silicon processes. It provided a comprehensive understanding of the essential conditions and controlled environments required for semiconductor fabrication, as well as a discussion on potential contaminants. Contents like

- Silicon fabrication process
- Wafer Manufacturing
- Oxidation
- Photolithography
- Etching
- Deposition Process

Videos demonstrating the silicon manufacturing process were presented. The session further explored the advantages, disadvantages, and challenges associated with integrated circuit (IC) packaging. The session concluded with technical experts posing questions to the students, fostering interaction, and the event concluded by 5:00 pm.

Scanned with CamScanner

**DAY 4**

**Date:** 04.11.2023
**Time:** 2.00PM to 5.00PM (AN)
**Venue:** Auditorium
**Resource Person: Mr. Sri Hariharan**
**Title: SILICON PRODUCTION AND RELEASE**

The session commenced at 9.00 am, with a comprehensive discussion on the testing processes. This discussion encompassed

- Post-silicon testing
- Production testing
- Wafer-level testing Various

types of testing, such as

- Electrical testing
- Mechanical testing
- Environmental testing

along with considerations for electrical parameters, thermal parameters, and resistance testing, were thoroughly explained. Topics such as marketing campaigns, marketing strategies, supply chain management, e-commerce distribution, and launch strategies were also part of the curriculum. The significance of the Device Interface Board (DIB) was addressed, and the session concluded by 1 PM with an interactive question-and-answer session.

# Gen AI: A Depth Discussion

| | | |
|---|---|---|
| **Date** | : | October 09, 2023 |
| **Venue** | : | LBCH – Library Block Conference Hall, |
| **Resource Person(s) Name, Designation and Address:** | : | Mr. Anish Kumar, AI Software Engineer at Intel Bengaluru.<br>Dr. Shriram Kris Vasudevan, Lead Technical Evangelist at Intel India Pvt. Ltd., Bengaluru. |
| **Objective of the Programme** | : | To provide a comprehensive insight into Generative AI Technology and foster a deeper understanding of AI technologies and inspire future innovation in this rapidly evolving domain. |
| **Number of Participants** | : | 135 Students |
| **Programme Outcome \ Impact** | : | Gained a deeper understanding of Generative AI and its real-world applications. |

## Salient Features of the Programme

"Gen AI: A Depth Discussion" took place at the Library Block Conference Hall, Coimbatore Institute of Technology, Coimbatore, on Oct 09, 2023, from 02:00 to 04:45 PM. Mr. Anish Kumar, AI Software Engineer at Intel Bengaluru, and Dr. Shriram Kris Vasudevan, Lead Technical Evangelist at Intel India Pvt. Ltd., Bengaluru, shared their expertise on Generative AI. Dr. S Uma Maheswari, HoD of the Department of Electronics and Communication Engineering at Coimbatore Institute of Technology, presided over the meeting.

Dr. Uma Maheswari commenced the event with an insightful briefing on the fundamental concepts of AI, setting the stage for the ensuing discussion. She also welcomed and introduced to the students, the distinguished guests, Mr. Anish Kumar & Dr. Shriram Kris Vasudevan. Her introduction emphasized their remarkable contributions to the field of AI, establishing a foundation of expertise for the discourse that followed.

Dr. Vasudevan sparked the discussion by giving the students a brief introduction to Generative AI. He elaborated on the various types of prompting, emphasizing their influence on the job market and work productivity in the era of Artificial Intelligence. Dr. Vasudevan also shed light on the intricate relationship between Machine Learning and Deep Learning, providing valuable insights into their applications and potential advancements.

Following Dr. Vasudevan, Mr. Anish Kumar explored a range of intriguing subjects. He provided a comprehensive explanation of "stable diffusion," which refers to the method of effectively and consistently disseminating information. This technique is widely used in DALL - E and MidJourney for AI Image Generation. Additionally, he offered a foundational overview of "LLM: Large Language Model" Finetuning, a game-changing process in enhancing AI systems.

He also discussed the utilization of various coding platforms, both IDEs and free-to-use, as well as cloud resources for AI training, highlighting their role in augmenting the capabilities of AI. The session provided the audience with a clear understanding of these critical facets within the realm of AI technology.

After the discussion, Dr. M. Poongothai, in a gesture of appreciation and respect, honored Mr. Anish Kumar by presenting him with a memento. This act not only acknowledged Mr. Kumar's valuable contributions and expertise but also served as a token of gratitude for his enlightening insights and valuable time shared with the audience.

The meeting proved to be an invaluable learning experience for the students of Coimbatore Institute of Technology. Through the insightful presentations of Mr. Anish Kumar and Dr. Shriram Kris Vasudevan, students gained a deeper understanding of Generative AI and its real-world applications. Dr. Uma Maheswari's adept facilitation and introduction of the esteemed guests added a layer of inspiration, leaving students with a sense of purpose and excitement for the future of AI.

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

**B.E ELECTRONICS AND COMMUNICATION ENGINEERING**

**ACADEMIC YEAR: 2023-2024**

**Name of the Activity/ Programme:** 19HOC61 - Employability & Personality Development Skills II

**Number of students/ Year:** 113/III year B.E ECE

**Organizing Team:** Placement Training Cell

**Date/Period:** 01.03.2024 – 03.03.2024 and 10.03.2024 -11.03.2024

**Photos- Session wise:**

**Session 1: C Programming Fundamentals and Data Structures**

The placement training covered basic to advanced concepts of C programming language. Topics included are data types, control structures, functions, arrays, pointers, structures, file handling, etc. The practical sessions involved writing code, debugging, and implementing algorithms.

Electronics and Comm Engg.
Coimbatore Institute of Technology
COIMBATORE - 14

**Session 2: Data Structures**

The students are explored to fundamental data structures such as arrays, linked lists, stacks, queues, trees, and graphs. The emphasis of the training was on comprehending each data structure's implementation, algorithms, and operations. Also, the hands-on exercises included solving problems using data structures, optimizing code, and analyzing time and space complexity.

**Session 3: Interview Practice Questions**

The training provided guidance on how to approach and answer interview questions related to real-world scenarios. The trainer introduced the students to learn from the LeetCode site. The Leetcode provides an intuitive coding environment where users can write and test their code directly within the platform. This feature allows users to iterate quickly, run test cases, and debug code efficiently.

Coimbato... ogy
COIMB...

**Session 4: Problem-solving Skills:**

Students showcased enhanced problem-solving skills through the implementation of algorithms and data structures. They learned to analyze problems, devise efficient solutions, and optimize code for better performance.

**Session 5: Interview Preparedness:**

Students became more confident in facing interviews. They acquired valuable insights into common interview questions, strategies for effective communication, and professional etiquette.

The placement training in C Programming, Data Structures, and Interview Practice proved to be highly beneficial for the participating students. It equipped them with essential skills and knowledge, enhancing their prospects for securing placements in reputed organizations. Continuous efforts will be made to further refine and expand the training curriculum to meet the evolving needs of students and industry demands.

**Syllabus:**

**QUANTITATIVE:**

- Time And Work
- Time, Speed, Distance
- Averages
- Ratios & Proportions
- Sequence, Series And Progressions
- Co-Ordinate Geometry
- Statistics
- Combinatorics
- Percentage
- Trigonometry
- Set Theory
- Theory Of Equation
- Logarithm
- Functions And Graph
- Data Interpretation On Multiple Charts
- Profit And Loss
- Simple Equation
- Algebra
- Geometry
- Data Interpretion
- Alligations And Mixtures
- Simple Interest & Compound Interest
- Pipes And Cisterns
- Problems On Hcf And Lcm
- Linear Algebra
- Probability
- Percentages
- Permutations & Combinations
- Numbers
- Functions
- Mensuration
- Sudoku
- Areas, Shapes, Perimeter

- Height And Distance
- Partnership
- Races And Games
- Simplification
- Clocks & Calendars
- Problems On Ages
- Surds & Indices
- Data Sufficiency
- Logarithms
- Problems On Trains
- Cryptarithmetic
- Divisibility
- Numbers And Decimal Fractions
- Spatial Ability
- Chain Rule

**VERBAL**

- Paragraph Formation
- Sentence Completion
- Reading Comprehensions
- Sentence Correction
- Spotting Errors
- Sentence Selection
- Antonyms
- Synonyms
- Theme Detection
- Parts Of Speech
- Jumbled Sentences
- Selecting Words
- Sentence Improvement
- Odd Words
- Sentence Formation
- Fact - Inference - Judgement
- Fill In The Blanks
- One Word Substitution
- Idioms And Phrases
- Spellings

**Report on Placement talk held on 22/09/2023**

The Department of Computing organized a technical talk on the Topic "How to Excel in Interviews" on 22 September, 2023 from 2.30 pm to 3:30 pm. The technical talk was started with gratitude to the management and Principal. Dr.K.Sakthi Mala, Professor and Dean of Department of Computing, Dr.J.Shana, Associate Professor and Head, Department of Computing (AI & ML) and Dr.K.Swathine and Ms. R.BanuPriya, Assistant Professor, Department of Computing (AI & ML) introduced the resource person. Mr.Vignesh – Back end Developer

The speaker addressed the participants about What is Interview, Goal of Interview, Interview beyond your resume, Mindset of Interviewer. The primary points discussed included: The primitive discussion on "What is an Interview and what does an Interviewer expects from you".

The technical talk provided a comprehensive view of the current state of Job sector, Interview pattern, Recession, Expectations of an Interviewer. Mr.Vignesh discussed the Common Mistakes of fresher's in Interviews, The technique to design your resume, Ideal Time for each questions, climbing up the Corporate Hierarchy. He pointed out the Common Mistakes, ways to rectify it, the expectation of Interviewer beyond your Technical knowledge.

Around 60 students participated and got benefitted. The feedback was good, most of the topics were clear and useful, nice session, it was more productive. End of the session, there was a doubt session which revolved around C level jobs in Hierarchy and ways to achieve it. The Job promises in Research Side and about Recession.

## ASSOCIATION TALK – UNLOCKING CAREER POTENTIAL

## Report

**Event :**

**Date:** 14/03/2024 (Thursday)
**Time:** 3:00 PM to 4:00 PM
**Venue:** IT Block 212, Department of Computing
**Resource Person:** Mr. Vaitheeshwaran, Soft Skill Trainer, Leaders Desk Private Limited, Coimbatore

The session commenced with a warm welcome extended to Mr. Vaitheeshwaran, followed by his expression of gratitude for the opportunity to share his insights with the participants. Throughout the talk, Mr. Vaitheeshwaran focused on essential aspects of career development and interview.He emphasized the importance of understanding one's career potential and aligning skills and aspirations with industry demands. Mr. Vaitheeshwaran provided valuable guidance on navigating career paths and offered insights into emerging trends and skill requirements.

Mr. Vaitheeshwaran underscored the significance of soft skills in career advancement, emphasizing the continuous development of communication, leadership, and problem-solving abilities. He also highlighted the role of networking in fostering professional growth and creating opportunities across various domains.Addressing common challenges faced by professionals, Mr. Vaitheeshwaran offered practical strategies for overcoming obstacles and achieving success in interviews. He provided participants with valuable tips and techniques to excel in job interviews, covering essential do's and don'ts.

The event concluded at 4:00 PM, with participants expressing their gratitude to Mr. Vaitheeshwaran for his enlightening insights and practical advice. This event served as a platform for attendees to gain valuable perspectives on interview preparation and career advancement, fostering a culture of continuous learning.

# PREPAREDNESS TOWARDS CAREER

**DATE:** 21.06.2023

**TIME:** 2.30 P.M - 3.30 P.M

**RESOURCE PERSON:** Mr. Harshavardhan Maaran.

Spotknack Career Advisor

Spotknack hosted a seminar on career guidance, resume writing, and interview preparation on 21st June 2023. The seminar was attended by 50 people, and the speakers were two of Spotknack's career advisors. The first part of the seminar focused on career guidance. The speakers discussed the importance of setting career goals, identifying your strengths and weaknesses, and networking. The advisor conducted a game-like event, where we have to shade points on a triangle, which helps us to understand where we are in our career (Creamy layer). They also talked about the different types of jobs available and how to find the right one for you.

The second part of the seminar focused on resume writing. The speakers discussed the different types of resumes, how to format your resume, and what to include. They also talked about how to tailor your resume to specific jobs.

The third part of the seminar focused on interview preparation. The speaker discussed how to dress for an interview, how to answer common interview questions, and how to follow up after an interview.

The seminar was well-received by the attendees. They found the information to be helpful and informative. They also appreciated the opportunity to ask questions and get feedback from the speakers.

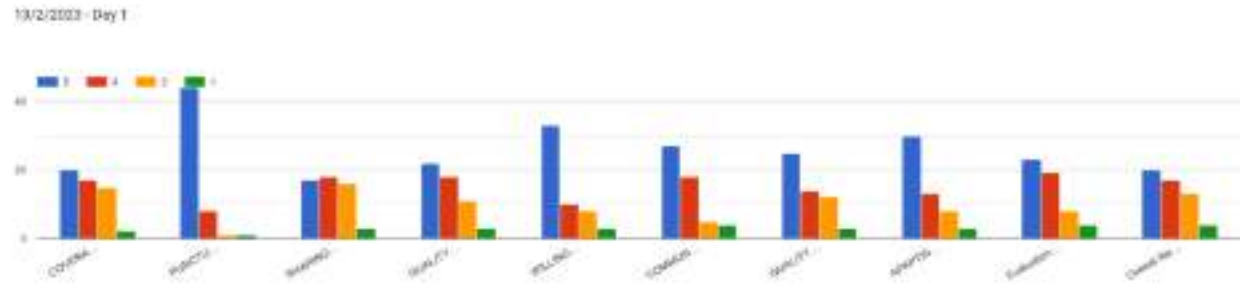
**Feedback from Students**

Feedback sought on a scale of 1 to 5 for the following questions, using a Google Form for each day:

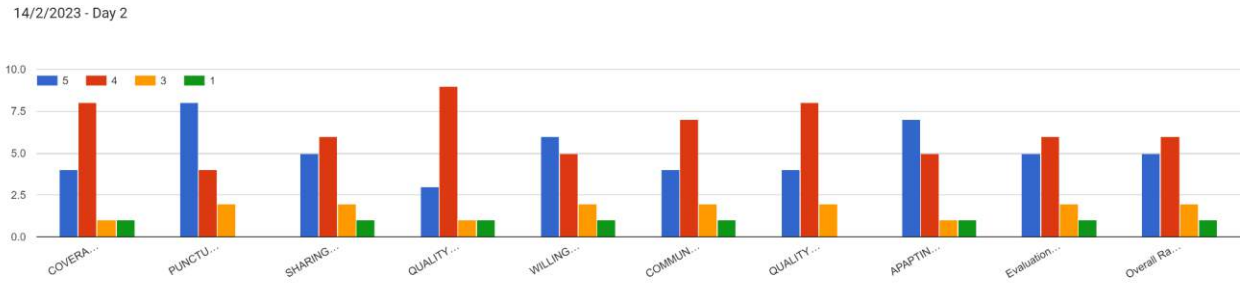
1. COVERAGE OF SYLLABUS
2. PUNCTUALITY TO CLASS
3. SHARING STUDY MATERIALS
4. QUALITY OF TEACHING AIDS
5. WILLINGNESS TO CLEAR DOUBTS
6. COMMUNICATION SKILLS
7. EVALUATION OF MID SEMESTER EXAMS
8. APAPTING TO CHANGES REQUESTED BY...
9. ASSESSMENT METHODS
10. Overall Rating

Graphs taken from Google Form responses are given below.

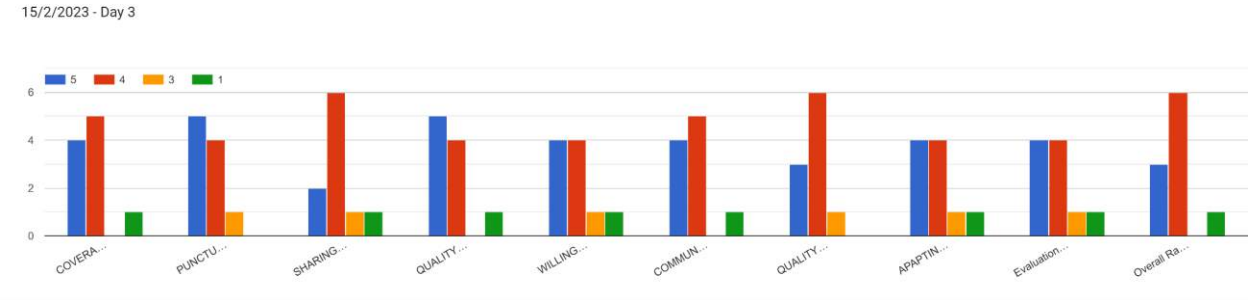
Day 1: 13/2/2023



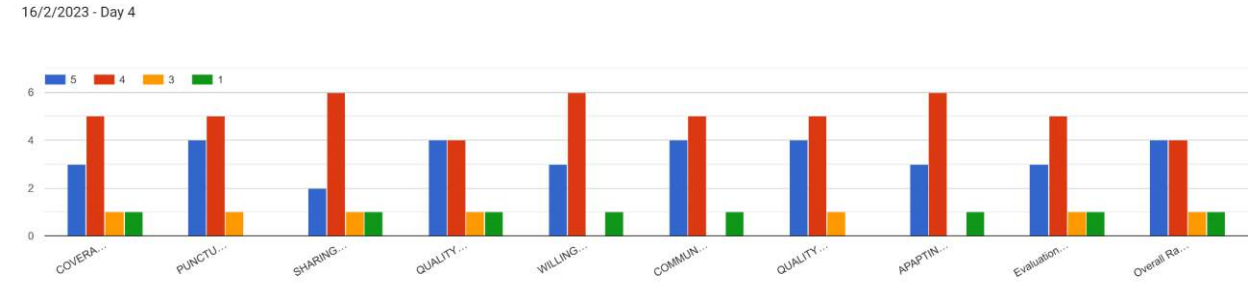
Day 2: 14/2/2023



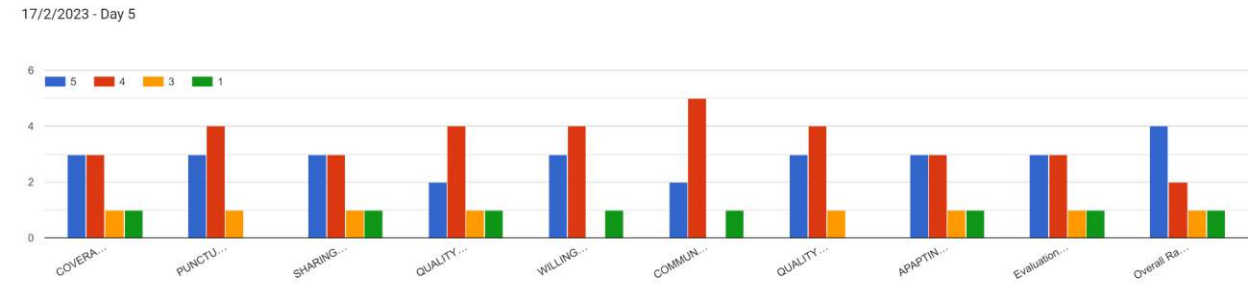
Day 3: 15/2/2023



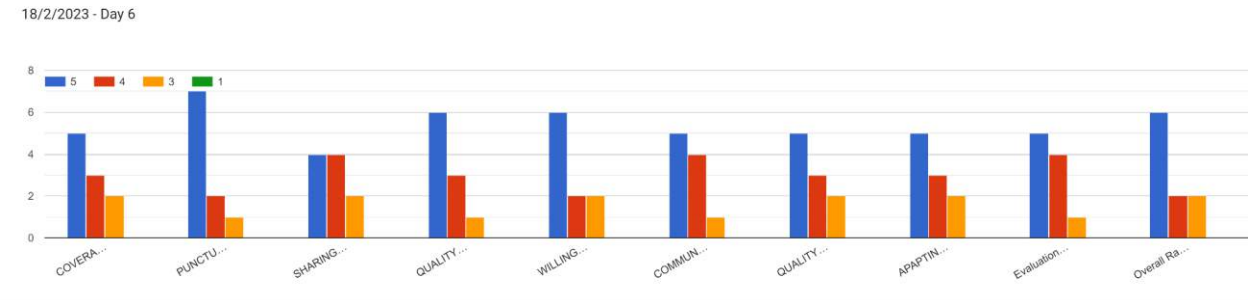
Day 4: 16/2/2023



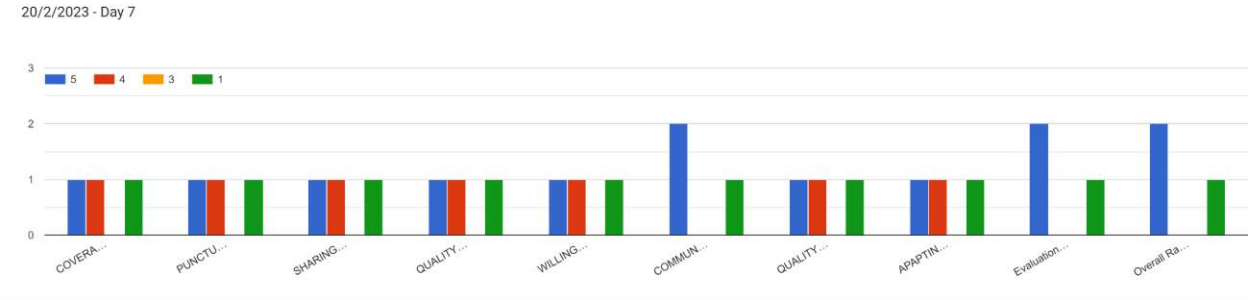
Day 5: 17/2/2023



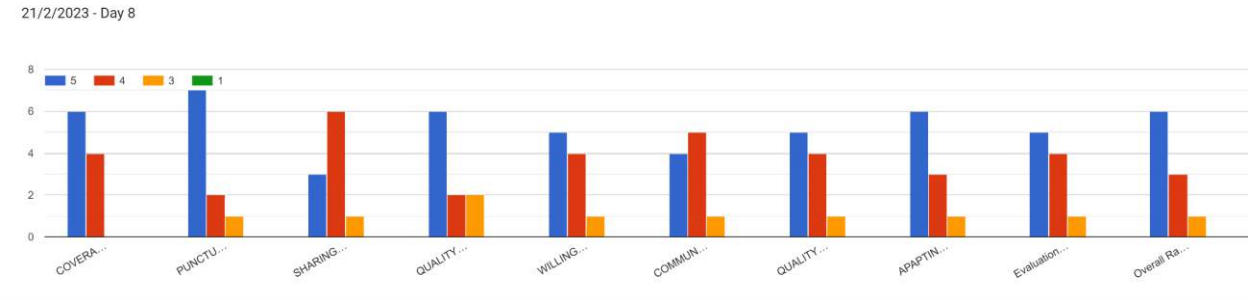
Day 6: 18/2/2023



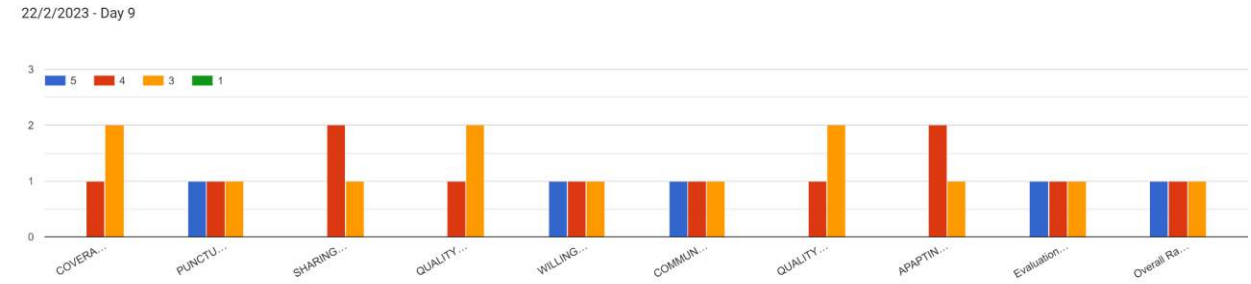
Day 7: 20/2/2023



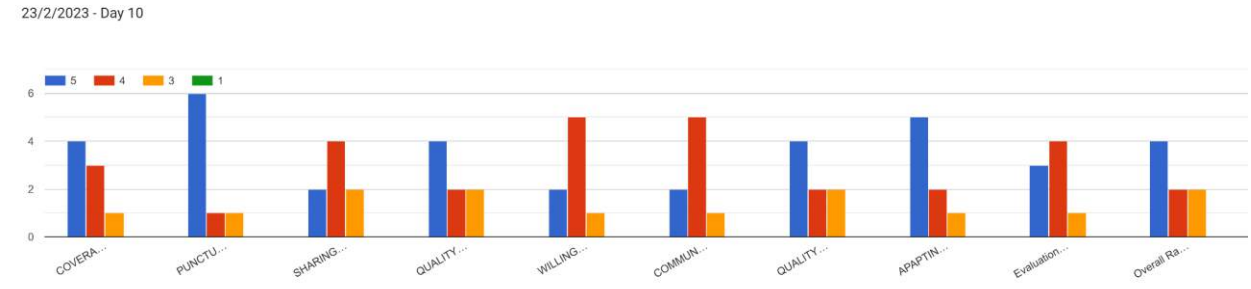
Day 8: 21/2/2023



Day 9: 22/2/2023



Day 10: 23/2/2023



**Feedback from Faculty Coordinators**

Feedback from Students after first two days' training was:

- Topics are very basic and are not covered in depth.
- Problem solving skills aren't developed instead the solution is just explained
- Want more of practical classes and in depth knowledge in topics covered

This feedback was conveyed to the trainers through Dr. Maheshvari, DPO, CIT. The trainers gradually changed their approach, and started to handle topics to the required depth, give more time for practice and provide more challenging problems.

On the whole, students were able to brush through the basics in data structures and algorithms, and were able to work out problems elaborately. Now and then, there were small issues and technical glitches in the training platform provided to the students. A few students were not able to solve the final assessment test due to technical issues.

**Feedback from the Trainers**

Trainers gave feedback on the students on the last day of the training. In their opinion, students were disciplined, interested in learning new things, interactive, and cooperative in carrying out tasks during the sessions.

**Coimbatore Institute of Technology, Coimbatore - 14**
**Department of Computing – SS/DS/DCS/AIML**

**2022-23 Even – Soft skills Training – 20.03.2023 to 28.04.2023**

Placement Training (Soft Skills) was conducted for the Prefinal Year Students of Computing Department i.e., VIII Semester Students during their Placement Activity hours from 20.03.2023 to 28.04.2023 in offline mode. The training was conducted on Monday from 3.00 PM – 5.00 PM for M.Sc. SS Students and on Wednesday from 3.00 PM to 5.00 PM for M.Sc. DCS, DS and AIML Students in their respective classrooms.

**Topics Covered in the Training**

| **Topic covered** | **Duration (in Hours)** |
|---|---|
| Resume Writing | 2 Hours |
| Orientation on Group Discussion | 2 Hours |
| Orientation on Personal Interview | 2 Hours |
| Personal Interview – Mock | 2 Hours |
| Total | 10 Hours |

**Feedback from the Students**

The soft skills training which was conducted in the month of March and April was really helpful in improving our interpersonal skills and work on our communication. During resume writing, the trainees analyzed our common errors that we have made and told us some improvements. The trainers made us understand the importance of Group discussion and how communication plays a vital role in any interview process.

Finally, the trainers gave tips on how to behave in an interview, even explaining the sitting posture. They gave insights on how to tackle any sort of question. A mock interview was also conducted which was really helpful in analyzing our own skills. Overall, the training was useful and made us improve our soft skills.

**Seminar on "GATE-To a rewarding career" on 14th October 2022 @ 3.00 PM**

The vision of Career Guidance and Counselling Cell is to cognitively empower students to discover and pursue a path to a fulfilling career to make their own unique marks on the world. The cell is a resource hub, with up-to-date information and global connectivity on conventional and non-conventional career prospects. It also establishes networks and collaborations with all possible organizations and institutions (Government and Non-Government) for training and empowering the students for placements and career development. In its contemporary form, CGC is elicited upon a number of disciplines, like higher education, Government exams, Psychology, Entrepreneurial skills, Arts and Science, etc.

Career Guidance and Counselling Cell, Coimbatore Institute of Technology in collaboration GATEFORUM organised a Seminar on "GATE-To a rewarding career" on October 14th, 2022, for all the Pre-final Undergraduate Engineering students. The seminar was coordinated by Dr. M.Poongothai, Professor, Dept. of ECE and Ms. A.Privadharshini, Assistant Professor, Dept. of EEE and Dr.T.Sivakumar, Dept of Chemical Engineering. One Eighty (180) students participated in the seminar.

**OBJECTIVES THE SEMINAR**

- To create awareness and an insight about the GATE Exam which will be helpful to choose a career after completing under graduation.
- To mold the students to crack GATE examination who aspire to get into IISc/IITs after B.E/B.Tech and for those who cherish the dream of joining prestigious jobs through IES/PSUs.

Dr.M.Poongothai, Professor , Department of ECE gave an overview of the seminar.

Mr. A. Saravana kumaran, Manager, GATE FORUM Educational Services Pvt Ltd. Coimbatore highlighted the benefits of the GATE examination.

The webinar covered the following topics in three parts:

Part 1: Details of GATE examination-Question pattern, eligibility, Qualifying marks for various categories, etc.

Part 2: List of Central Public Sector Enterprises (CPSE), How to apply PSUs through GATE Exam and Cut-off mark details, List of Private Companies Taking GATE Score.

Part 3: Details regarding admission for M.E./M.Tech- Top institutions: COAP and CCMT participating institutes, GATE preparation tips.

After the presentation, scholarship test was conducted. More than 180 students attended the scholarship test. Five students got 50% scholarship, Three students got 40% scholarship, Seven students got 30% scholarship and remining students got 15% scholarship.

The seminar was very useful for the students to know the importance of GATE and the opportunities with respect to various Public Sector Units. The session was interactive between the students and speaker. This was followed by the feedback from the participants. Dr.T. Sivakumar, Assistant Professor, Department of Chemical Engineering, CIT delivered the vote of thanks. The students provided very good feedback on the conduction of the seminar.

**Profile of the Speaker:**

Mr.A.Sarakumaran is Manager at GATEFORUM, Coimbatore , Managing Director-Radian IAS Academy, Coimbatore and Founder of Bankers Leader. He worked as Assistant Professor for more than 5 years and Entrepreneur for more than 12years. He has trained more than 10,000 Students in GATE & IES Exam and 6500+ Students Qualified for IIT, IISc, NIT & PSUs.

He has Trained more than 3000 Students for IAS, IPS, TNPSC, BANK Exams and 2000+ Students serving in various Government Sector

He received the award of Best Implementer of South India, Recognised by GATEFORUM PVT LTD, Hyderabad

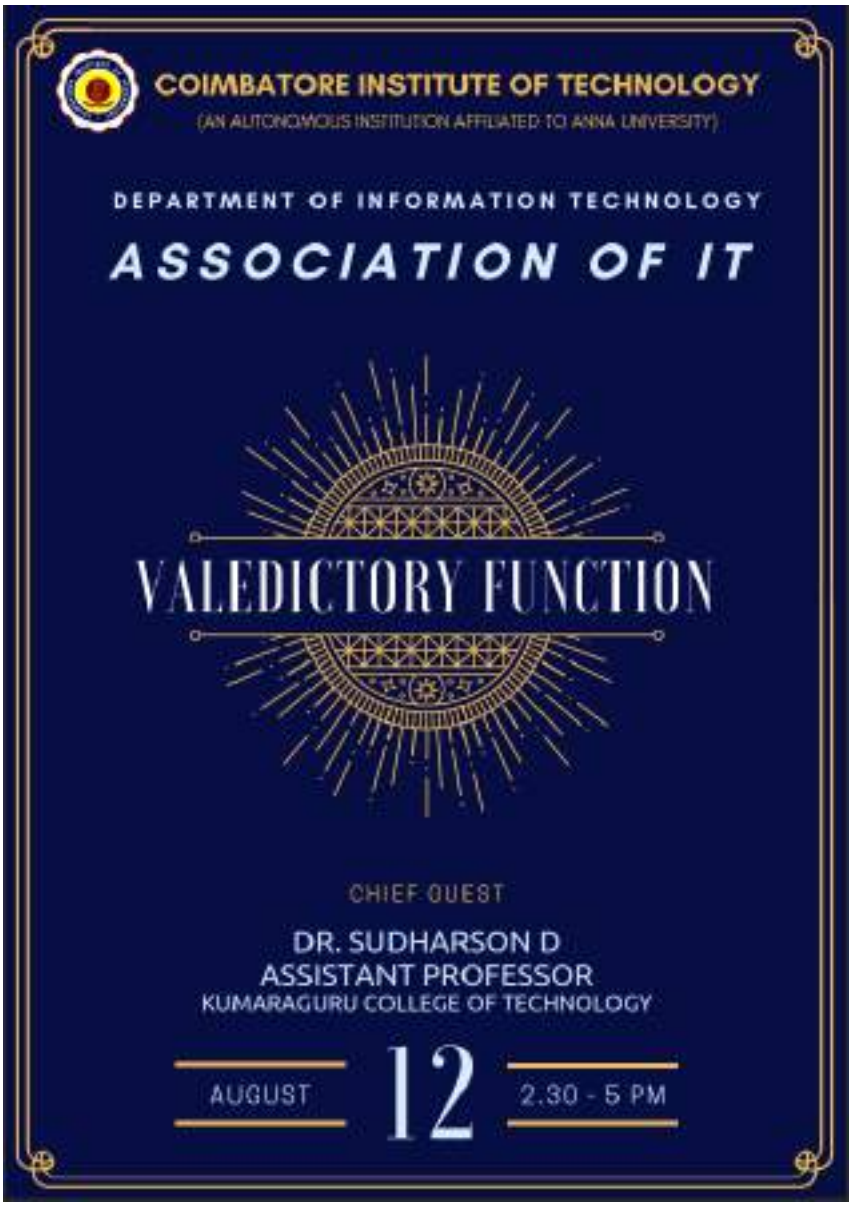
# CAREER VERTICALS AND NO CODE DATA SCIENCE

**DATE** **:** 12.08.2021

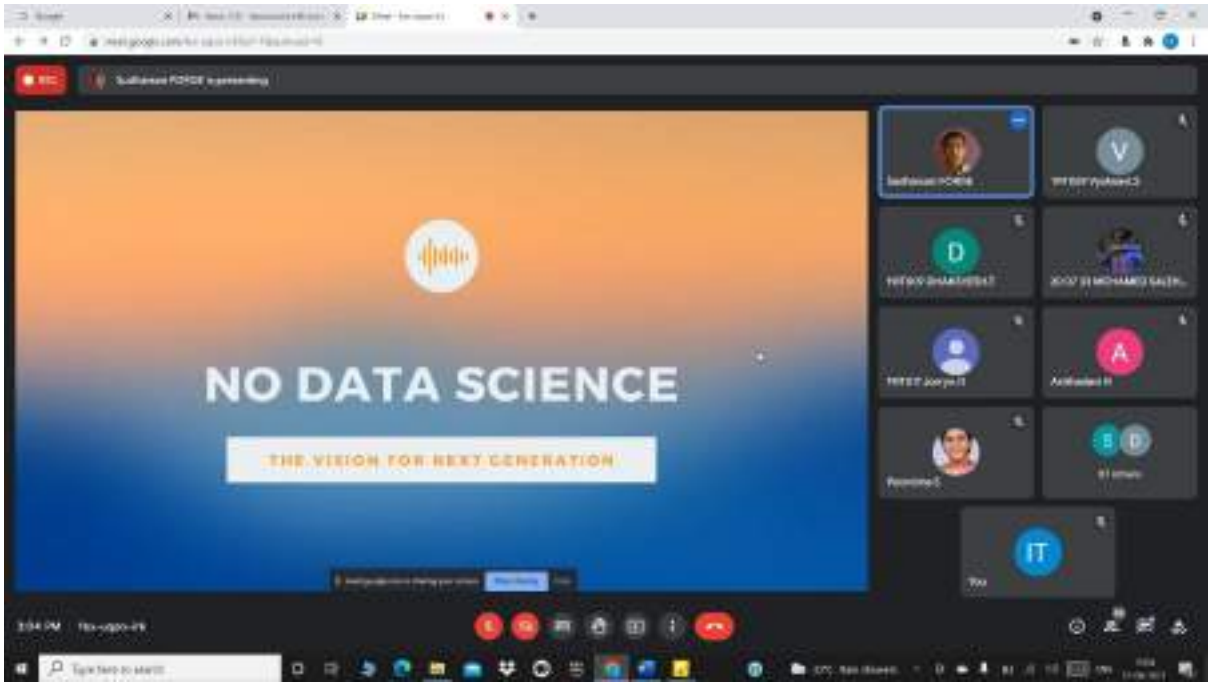
**SESSION DURATION** **:** 2.30 PM – 4.30 PM

**RESOURCE PERSON** **:** Dr Sudharson D, Assistant Professor, KCT



This session was planned to valedict the members of the Association of IT for the academic year 2020 – 21. Starting with a positive note initially, the felicitation address was delivered by the Head of the department. Then the winners of the various competitions for this academic year such as Hackathon, Syllogism etc, were announced and congratulated. The former Secretary of Association IT addressed the annual report

on what they achieved. Then comes the important moment of the session where the resource person released our department magazine named “Technowize”. The magazine contains many creative projects, articles etc which were presented by the students of IT. Later, the resource person started his presentation based on the topic “Career verticals and no code data science”. He depicted the numerous other career choices that a student can opt for who are not interested in the coding field. The potential for quantum computing and data science is huge in the future. Hence, he explained the concept behind ‘No Data Science’ with simple understandable presentations. He demonstrated how to implement the data science concept without any coding involved which was quite interesting and something new for the students to learn. He concluded his presentation with a Question-and-Answer session and students came up with their doubts and got clarified. Ultimately, motivational words and encouragement throughout the session made students give their attention. It was a learning experience overall and we hope the best for the beginning of a new journey next year.



# IMPACT OF BLOCK CHAIN REVOLUTION IN INDUSTRY

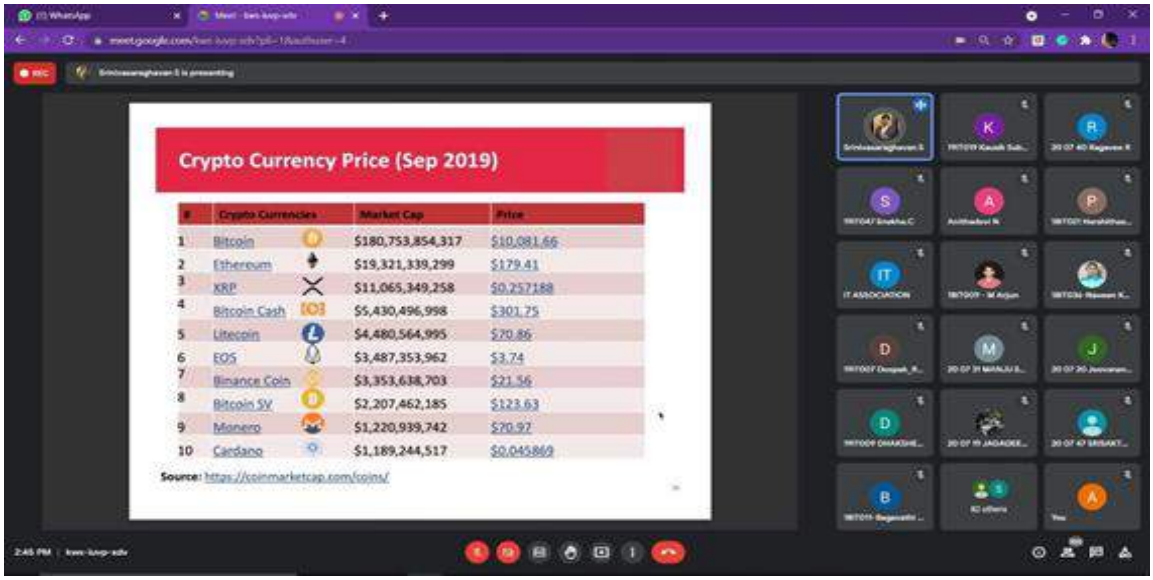
**DATE** **:** 19.08.2021

**TIME** **:** 2.30 P.M – 4.30 P.M

**CHIEF GUEST** **:** Mr. Srinivasa Raghavan, Research and Developer

The inaugural ceremony of the Association of Information Technology commenced with the prayer song. Then it was followed by a short welcome address. Next a small note of address was given by Dr.N.Anithadevi, Assistant Professor, Department of IT. The words were really encouraging and motivated every one of us to actively participate in the association activities. Next, the Association's annual plan for the year 2021 – 2022 was released by Ajay, Secretary which comprised of events like Syllogism, Coding contests and Hackathon etc., Following this, the association members for the year 2021 – 2022 was released. Next, the informative session on the topic **"Impact of**

**Block chain Revolution in Industry"** was started by the esteemed resource person **"Mr. Srinivasa Raghavan"**, Research and Developer, Smart Ant Technologies. Initially he started the session by giving a short introduction about What is block chain. Then he explained about the impacts of crypto currency and its current trends. He gave an insight about distributed ledger technology. He clearly explained the use of hashing and its role in encryption and decryption of information. The session was so clear that even beginners can learn about block chain technology easily. The future of the security system was also covered by the speaker. The end of his presentation included the most frequently asked questions about block chain which is very useful and informative. The students' queries and doubts were cleared by the speaker and it was a wonderful session to learn about block chain.

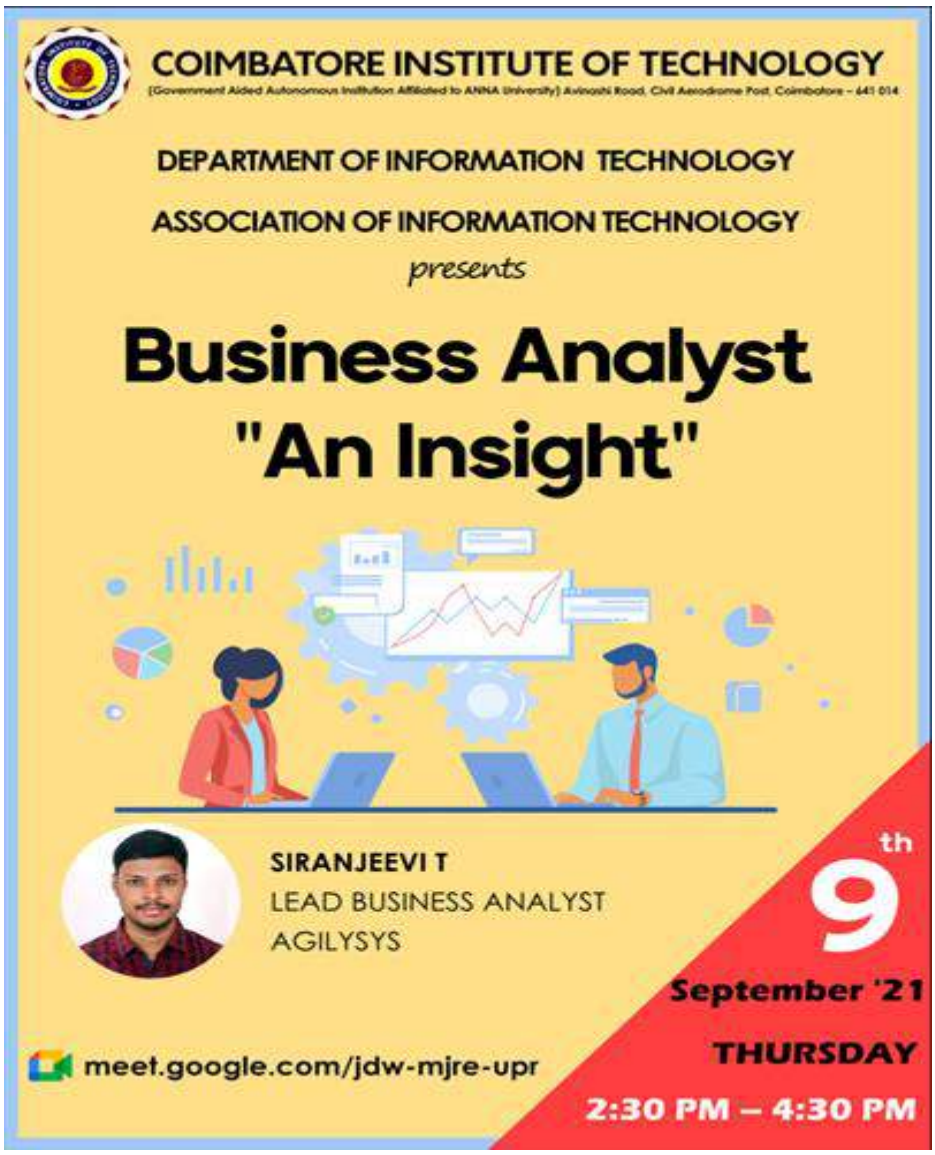


# BUSINESS ANALYST "AN INSIGHT"

**DATE:** 09.09.2021

**SESSION DURATION:** 2.30 P.M – 4.30 P.M

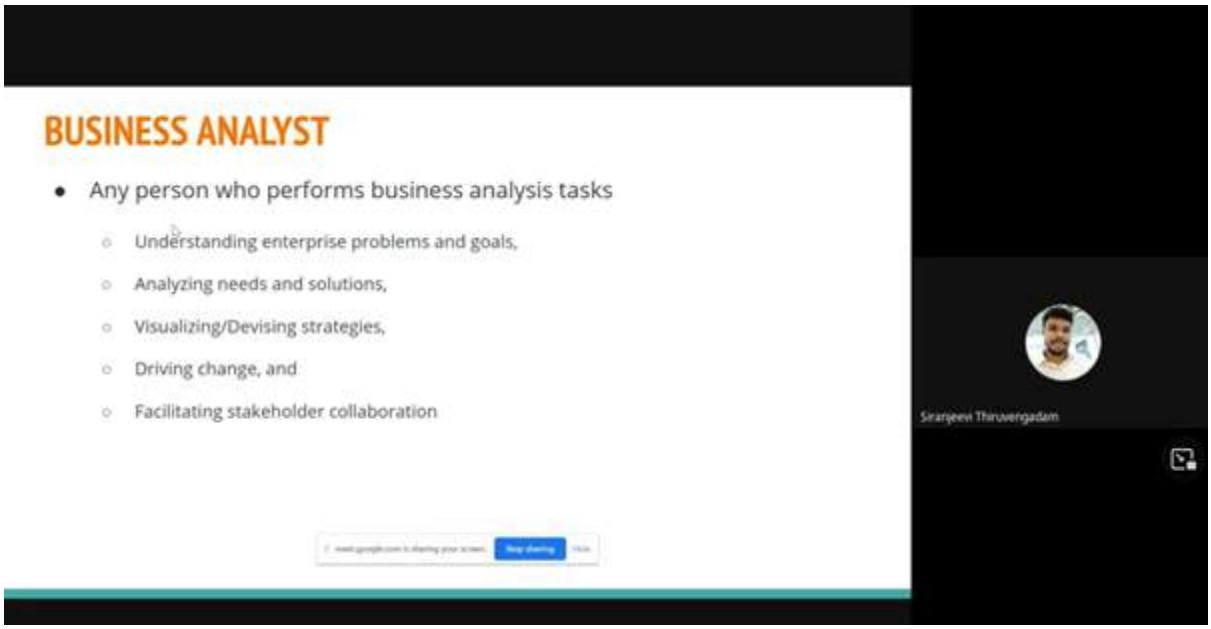
**RESOURCE PERSON:** Siranjeevi T, Lead Business Analyst, Agylysis

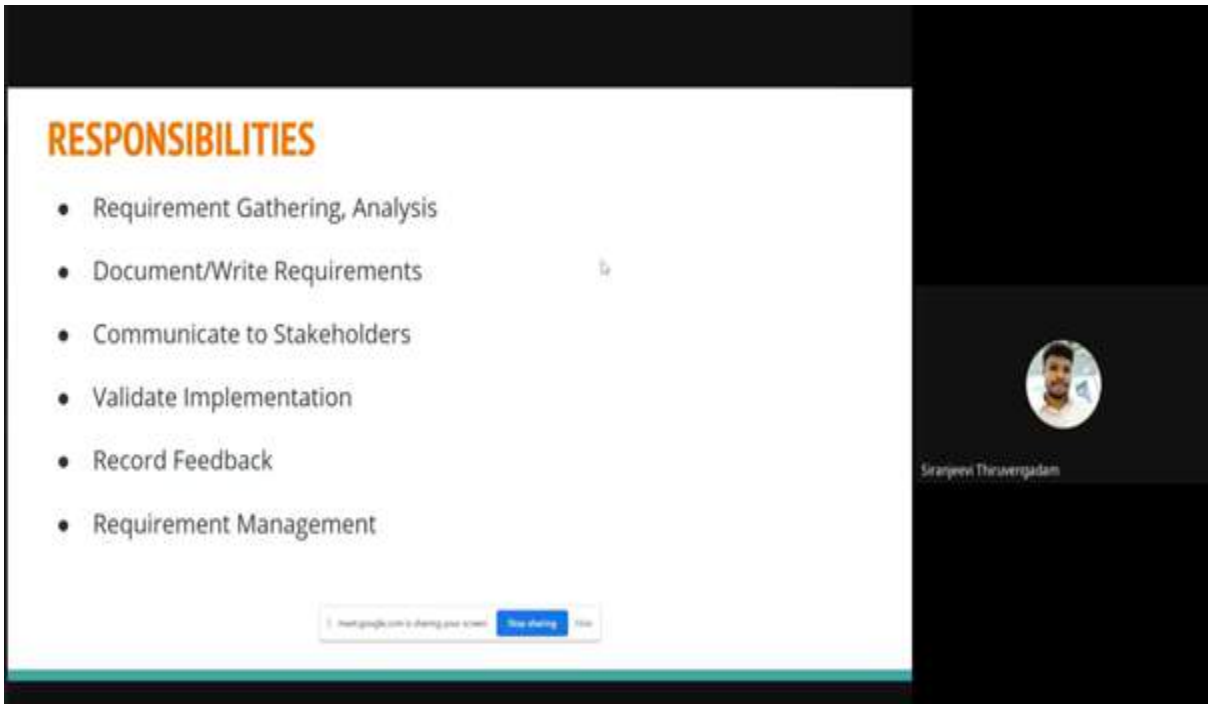


This session mainly focuses on the Insights for the Business Analyst role. This informative session was handled by the esteemed resource person "Mr. Siranjeevi T, Lead Business Analyst, Agylyis". The resource person was very enchanting and enthusiastic and he kindled the interest to become a Business Analyst among the young minds. The entire presentation was very clear and it almost covered everything from what is the role of analyst to Software Development Lifecycle. He also explained how

a user can access customized feeds and contents by illustrating it with LinkedIn. Finally, the presentation covered what will be the career path if he/she chooses the career as Business Analyst. The session was incredibly thought provoking and made everyone get a clear insight about the Business Analyst role. It was a great experience overall and the result of which we presume to be fruitful to all the students.

***"A Business Analyst draws out the needs that are not yet known"***





# GRE & IELTS WORKSHOP

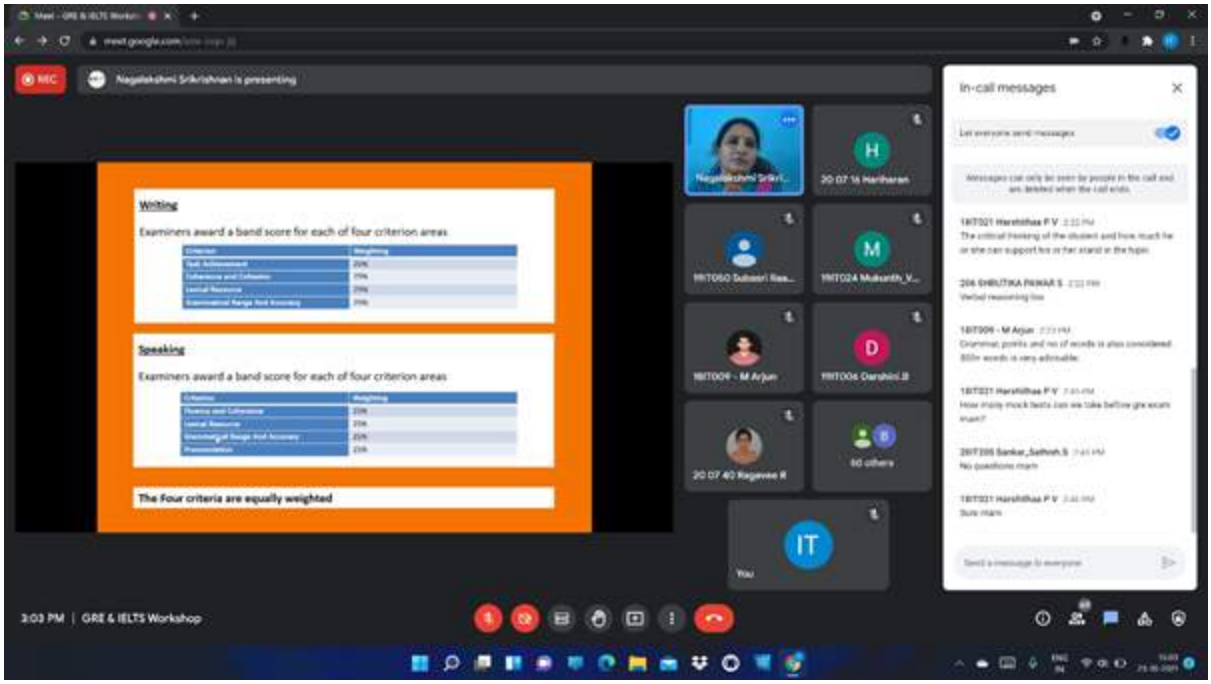
**DATE: 23.10.2021**

**TIME: 2.00 P.M – 3.30 P.M**

**RESOURCE PERSON: Mrs. Nagalakshmi, Cambridge Certified Verbal Faculty, Career Zone**

This session was aimed at widening the perspective of the students who are interested in studying abroad. The resource person intrigued students with her engaging presentation which was mainly focused on two of the most important competitive exams to study abroad – GRE and IELTS. She gave a clear insight on why to study abroad and

its benefits. She then highlighted the importance of studying GRE and IELTS that plays a major role when it comes to admission process in foreign universities. Her presentation provided a better understanding of both GRE and IELTS exams in which she covered syllabus or topics, different sections like listening, speaking, writing and reading, the question pattern, its weightage and a few tips to crack those exams. The session was ended with a positive note where the resource person interacted with many students who were opened to ask their queries. And finally, this session helped moving one more step ahead for the GRE and IELTS aspirants.



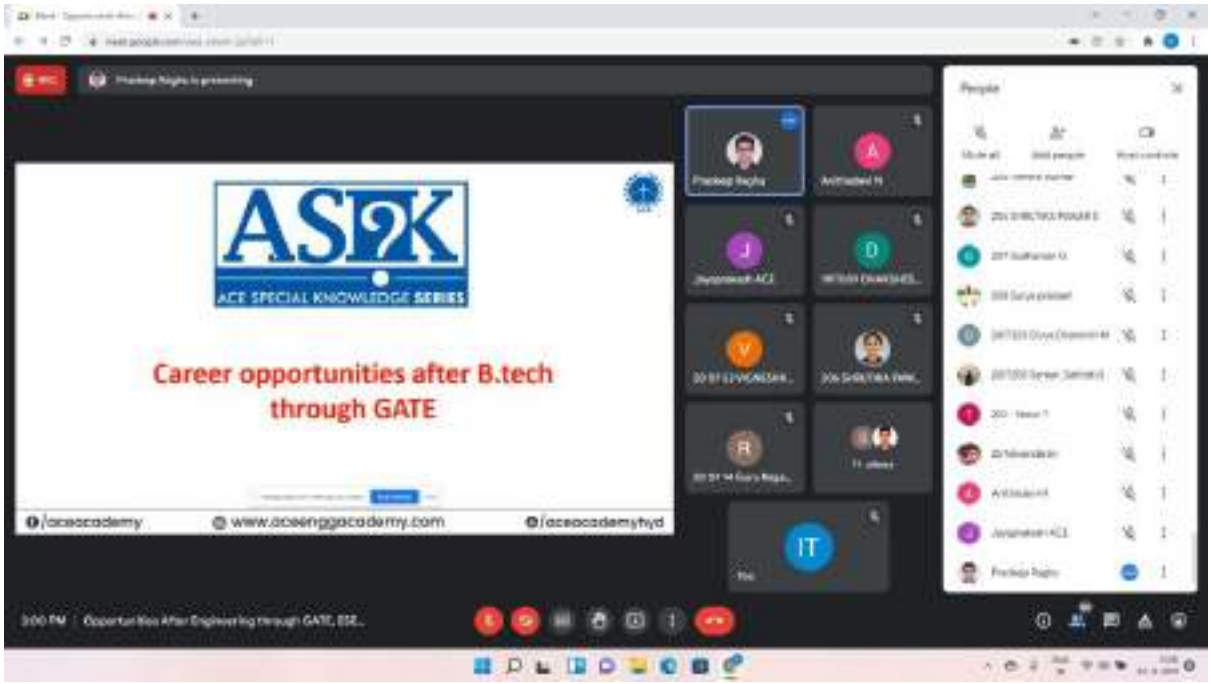
# OPPORTUNITIES AFTER ENGINEERING THROUGH GATE, ESE, PSU

**DATE:** 02.12.2021

**SESSION DURATION:** 2:00 pm to 3:30 pm

**RESOURCE PERSON:** Mr. Pradeep Raghu, Faculty (GATE & ESE),
ACE Engineering Academy

This session was concentrated on future career opportunities after B. Tech. The resource person covered both technical and non-technical career perspectives. The presentation then mainly focused on GATE preparation, how it improvises our resume and then open various other opportunities in government as well as private sectors. He also elaborated on the vital role played by GATE score in order to get into top tier universities for master's degree. He also gave us wider perspective of the GATE examination, format changes over the years and guidelines for preparation. The session was ended with a positive note where the resource person interacted with many students who were opened to ask their queries and he also gave some effective and useful tips during these exam preparations. And finally, this session helped moving one more step ahead for the GATE Aspirants.



# HOW TO PLAN FOR STARTUP AND LEGAL AND ETHICAL STEPS

**DATE** **:** 09.05.2022

**SESSION DURATION** **:** 3.00 P.M – 6.00 P.M

**TOPIC** **:** How to plan for Startup and legal and Ethical Steps

**CHIEF GUEST** **:** Mr.Rahul Devidas, Director, CIRCOR International

**INVITATION:**

The valedictory function of the Association of Information technology was organized on 08th May, 2022 in the library conference hall from 2:00 pm to 5:30 pm. The Chief Guest of the valedictory function was Rahul Devidas, Director of Business Development M&A and Strategy, CIRCOR International, Coimbatore, who is also a successful entrepreneur, motivational speaker and a mentor of various start - ups.

The function started with a prayer song which was sung by the 3rd year students, followed by the welcome address given by Harshavardhan, the Secretary of Association of IT.

Then was the felicitation address given by Dr N.K Karthikeyan, the HOD of IT department wherein he addressed the audience on the present-day market trends and the scope of the booming IT fields for the next couple of years he also motivated and guided the students in their pursuit of growth.

Further the association coordinator Dr.N.Anithadevi shared a few words.

After which the annual report was delivered by Ajay M, secretary- Association of IT.

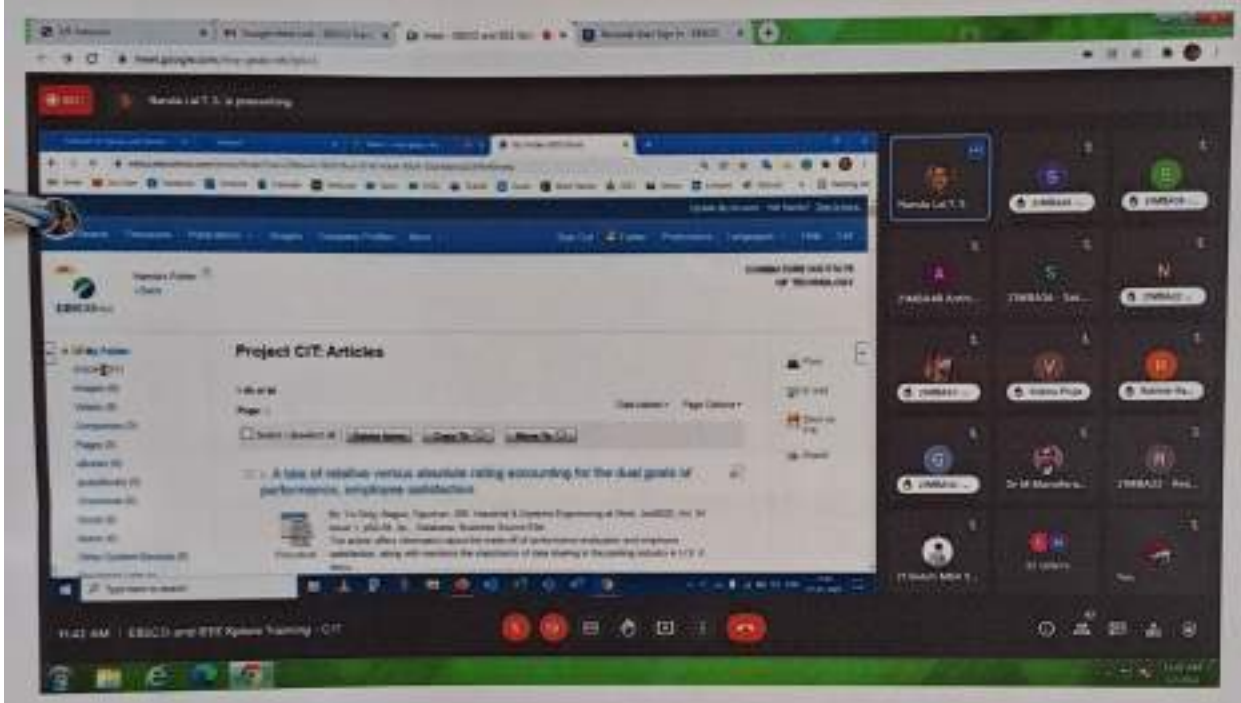
Then the function commenced, the winners of the events, hackathon and syllogism were announced and the prizes were distributed to the respective participants by the honourable chief guest. The students showed much enthusiasm in participation as well as during the prize distribution.

Moreover, the chief guest Rahul Devidas, gave an enlightening speech on how to plan for startup and legal and ethical steps for the same. Also, about their new trends which guided the students interested in start-ups to begin a start-up and motivated the others to start one. He also discussed about the various pros and cons and the global marketing trends. Adding on, he shared his experience in his fields of knowledge. The session went on well with interactions between the students and the chief guest as well as the staffs and the chief guest. Finally, he concluded by clarifying the doubts of the students.

Finally, the event concluded by the vote of thanks given by Clarissa, Event manager of association of IT.

# EBSCO INFORMATION TRAINING

| | | |
|---|---|---|
| SPEAKER | : | Mr.Nanda T.S. |
| DESIGNATION | : | Senior Training Manager<br>EBSCO Information Services |
| DATE | : | 07.01.2022 |
| TIME | : | 11.00am-12.30 pm |



The Department had subscribed to EBSCO which is a global provider of e-resources for libraries, including but not limited to full text Management Magazines and Journals. The session provided hands- on training on using EBSCO for conducting research and other scholarly work.

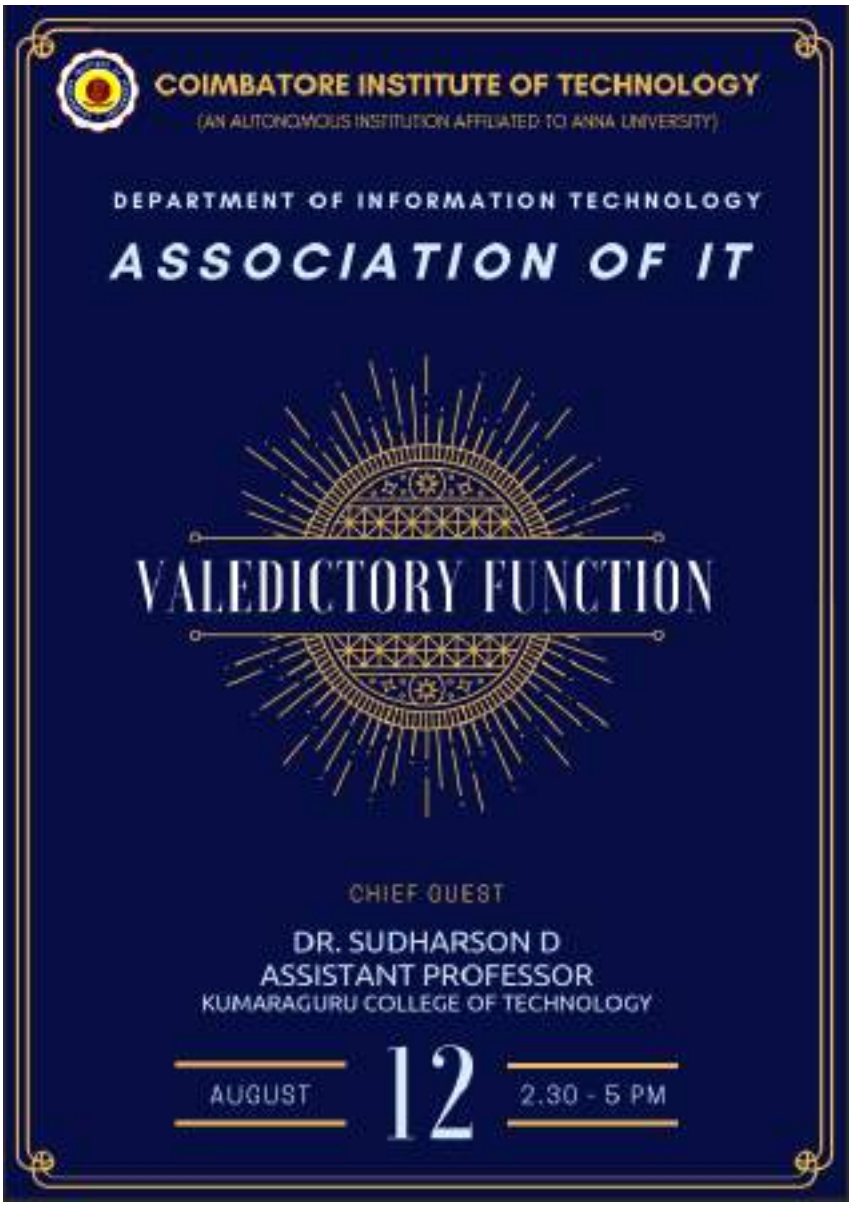
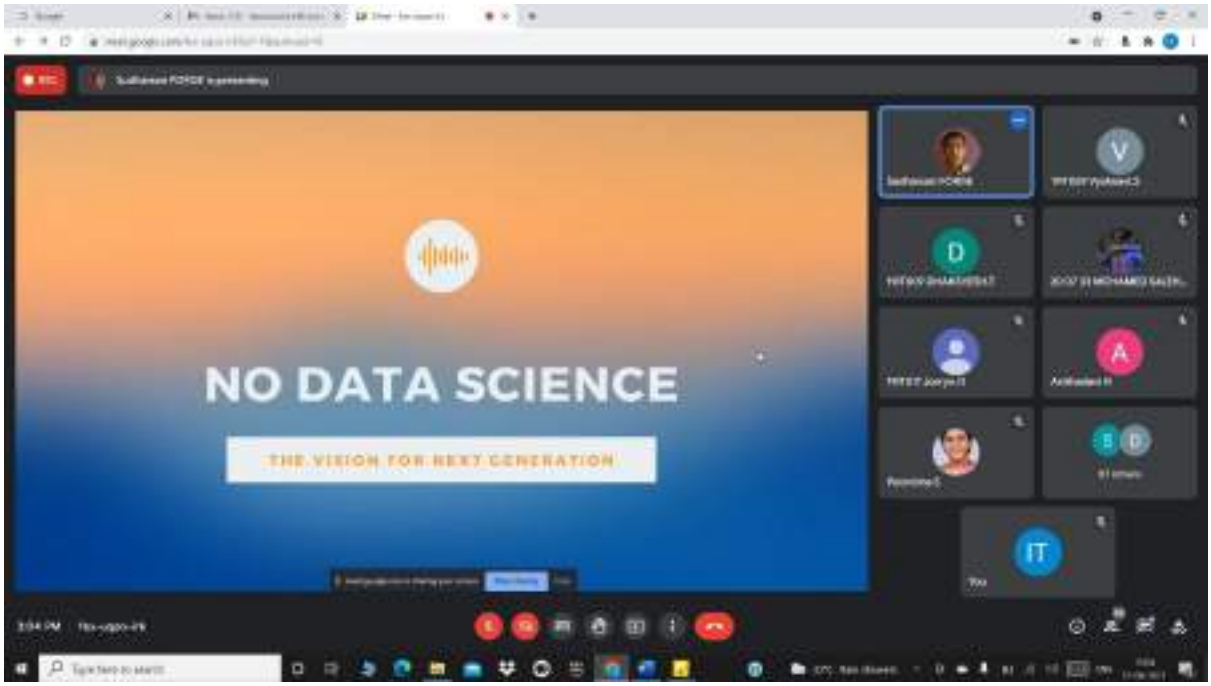
**RESOURCE PERSON** **:** Dr Sudharson D, Assistant Professor, KCT



This session was planned to valedict the members of the Association of IT for the academic year 2020 – 21. Starting with a positive note initially, the felicitation address was delivered by the Head of the department. Then the winners of the various competitions for this academic year such as Hackathon, Syllogism etc, were announced and congratulated. The former Secretary of Association IT addressed the annual report

on what they achieved. Then comes the important moment of the session where the resource person released our department magazine named “Technowize”. The magazine contains many creative projects, articles etc which were presented by the students of IT. Later, the resource person started his presentation based on the topic “Career verticals and no code data science”. He depicted the numerous other career choices that a student can opt for who are not interested in the coding field. The potential for quantum computing and data science is huge in the future. Hence, he explained the concept behind ‘No Data Science’ with simple understandable presentations. He demonstrated how to implement the data science concept without any coding involved which was quite interesting and something new for the students to learn. He concluded his presentation with a Question-and-Answer session and students came up with their doubts and got clarified. Ultimately, motivational words and encouragement throughout the session made students give their attention. It was a learning experience overall and we hope the best for the beginning of a new journey next year.



# IMPACT OF BLOCK CHAIN REVOLUTION IN INDUSTRY

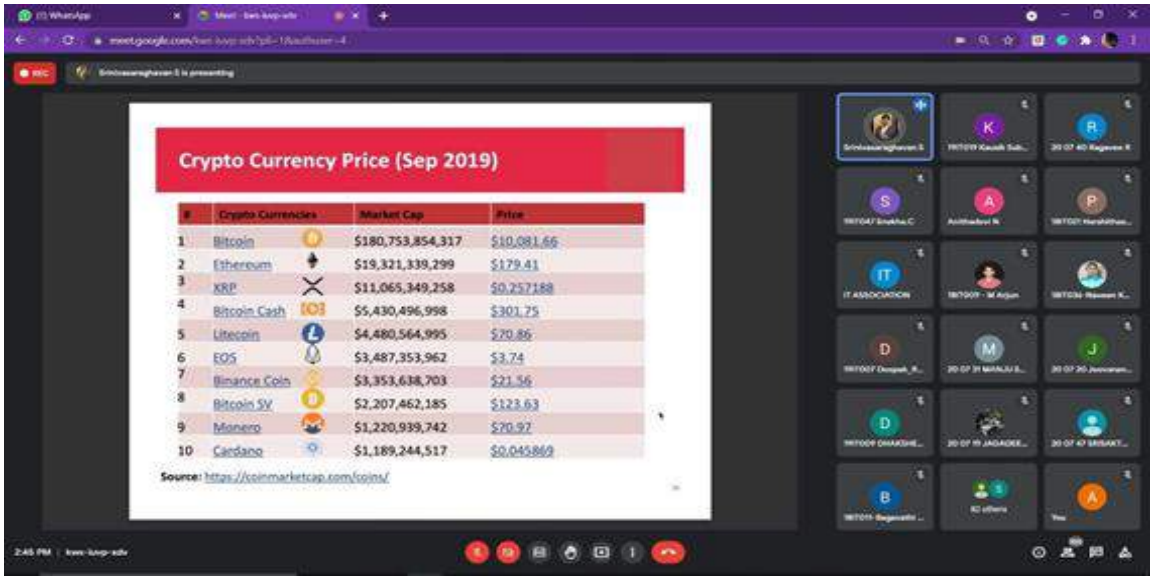
**DATE** **:** 19.08.2021

**TIME** **:** 2.30 P.M – 4.30 P.M

**CHIEF GUEST** **:** Mr. Srinivasa Raghavan, Research and Developer

The inaugural ceremony of the Association of Information Technology commenced with the prayer song. Then it was followed by a short welcome address. Next a small note of address was given by Dr.N.Anithadevi, Assistant Professor, Department of IT. The words were really encouraging and motivated every one of us to actively participate in the association activities. Next, the Association's annual plan for the year 2021 – 2022 was released by Ajay, Secretary which comprised of events like Syllogism, Coding contests and Hackathon etc., Following this, the association members for the year 2021 – 2022 was released. Next, the informative session on the topic **"Impact of**

**Block chain Revolution in Industry"** was started by the esteemed resource person **"Mr. Srinivasa Raghavan"**, Research and Developer, Smart Ant Technologies. Initially he started the session by giving a short introduction about What is block chain. Then he explained about the impacts of crypto currency and its current trends. He gave an insight about distributed ledger technology. He clearly explained the use of hashing and its role in encryption and decryption of information. The session was so clear that even beginners can learn about block chain technology easily. The future of the security system was also covered by the speaker. The end of his presentation included the most frequently asked questions about block chain which is very useful and informative. The students' queries and doubts were cleared by the speaker and it was a wonderful session to learn about block chain.

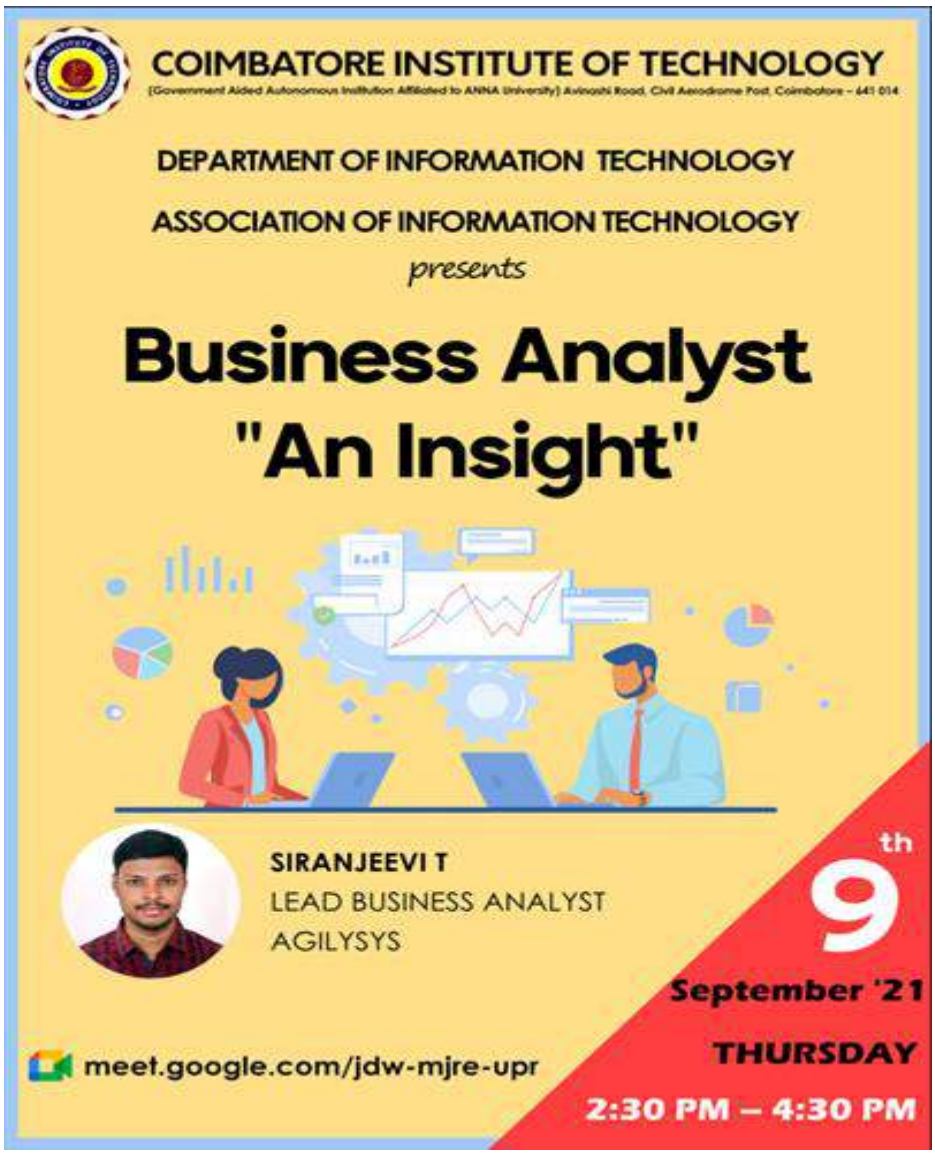


# BUSINESS ANALYST "AN INSIGHT"

**DATE:** 09.09.2021

**SESSION DURATION:** 2.30 P.M – 4.30 P.M

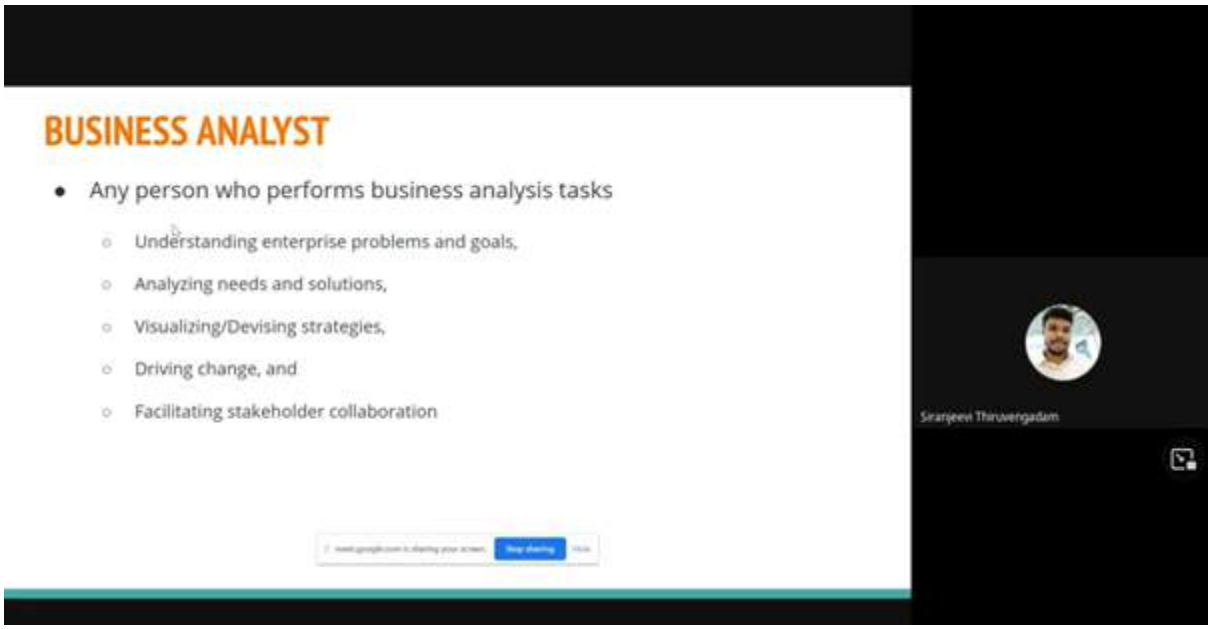
**RESOURCE PERSON:** Siranjeevi T, Lead Business Analyst, Agylysis

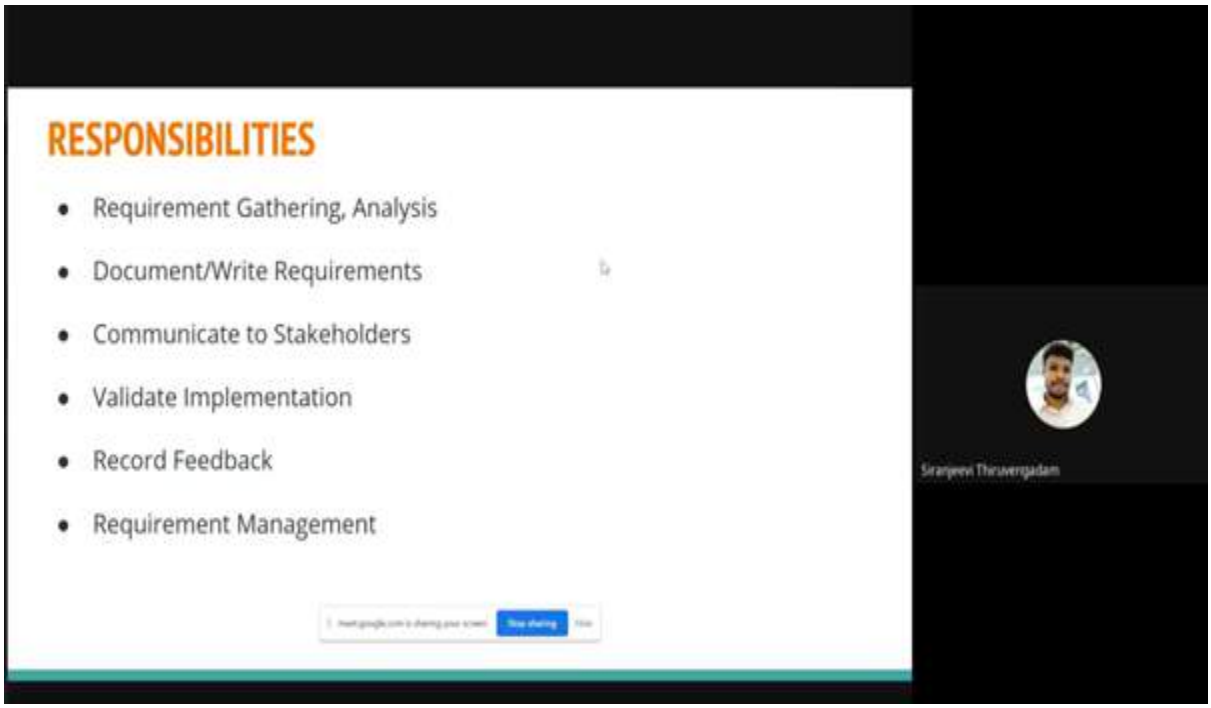


This session mainly focuses on the Insights for the Business Analyst role. This informative session was handled by the esteemed resource person "Mr. Siranjeevi T, Lead Business Analyst, Agylyis". The resource person was very enchanting and enthusiastic and he kindled the interest to become a Business Analyst among the young minds. The entire presentation was very clear and it almost covered everything from what is the role of analyst to Software Development Lifecycle. He also explained how

a user can access customized feeds and contents by illustrating it with LinkedIn. Finally, the presentation covered what will be the career path if he/she chooses the career as Business Analyst. The session was incredibly thought provoking and made everyone get a clear insight about the Business Analyst role. It was a great experience overall and the result of which we presume to be fruitful to all the students.

***"A Business Analyst draws out the needs that are not yet known"***





# GRE & IELTS WORKSHOP

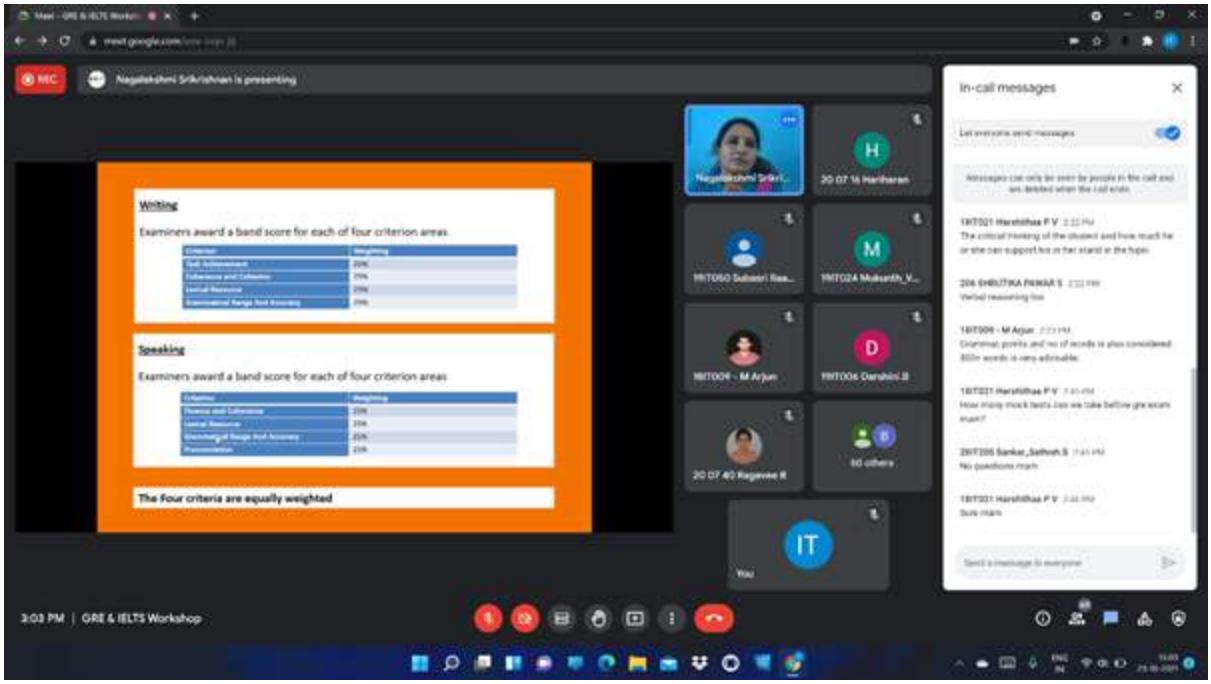
**DATE: 23.10.2021**

**TIME: 2.00 P.M – 3.30 P.M**

**RESOURCE PERSON: Mrs. Nagalakshmi, Cambridge Certified Verbal Faculty, Career Zone**

This session was aimed at widening the perspective of the students who are interested in studying abroad. The resource person intrigued students with her engaging presentation which was mainly focused on two of the most important competitive exams to study abroad – GRE and IELTS. She gave a clear insight on why to study abroad and

its benefits. She then highlighted the importance of studying GRE and IELTS that plays a major role when it comes to admission process in foreign universities. Her presentation provided a better understanding of both GRE and IELTS exams in which she covered syllabus or topics, different sections like listening, speaking, writing and reading, the question pattern, its weightage and a few tips to crack those exams. The session was ended with a positive note where the resource person interacted with many students who were opened to ask their queries. And finally, this session helped moving one more step ahead for the GRE and IELTS aspirants.



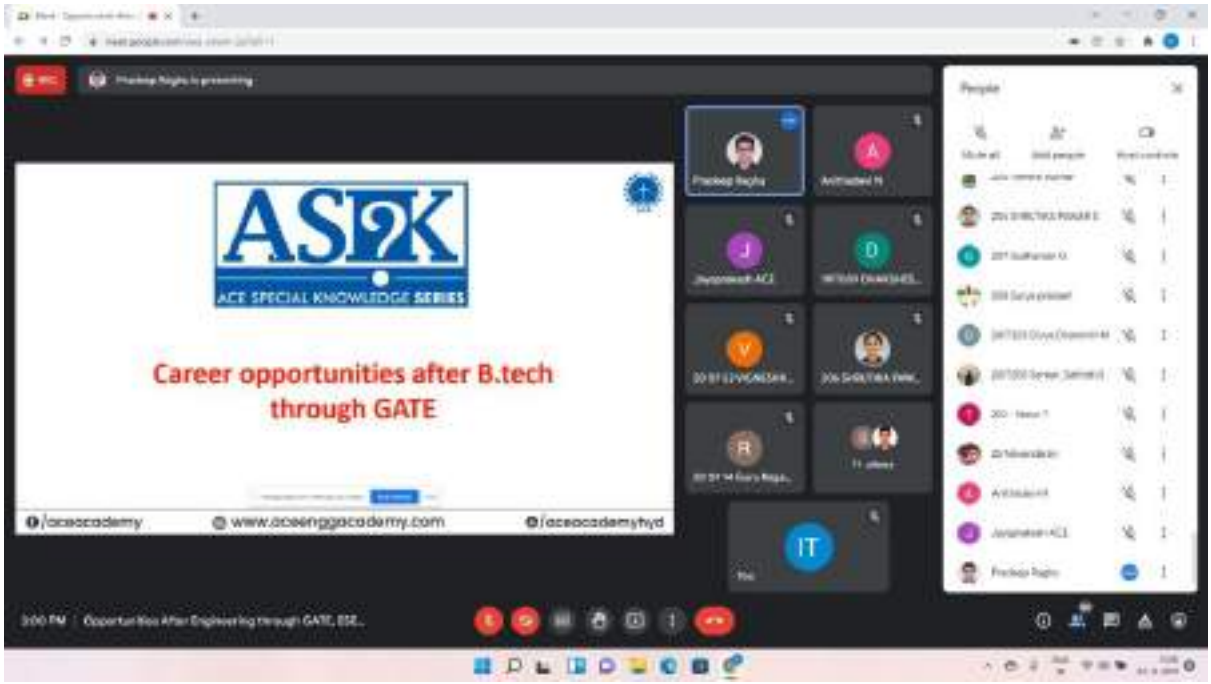
# OPPORTUNITIES AFTER ENGINEERING THROUGH GATE, ESE, PSU

**DATE:** 02.12.2021

**SESSION DURATION:** 2:00 pm to 3:30 pm

**RESOURCE PERSON:** Mr. Pradeep Raghu, Faculty (GATE & ESE),
ACE Engineering Academy

This session was concentrated on future career opportunities after B. Tech. The resource person covered both technical and non-technical career perspectives. The presentation then mainly focused on GATE preparation, how it improvises our resume and then open various other opportunities in government as well as private sectors. He also elaborated on the vital role played by GATE score in order to get into top tier universities for master's degree. He also gave us wider perspective of the GATE examination, format changes over the years and guidelines for preparation. The session was ended with a positive note where the resource person interacted with many students who were opened to ask their queries and he also gave some effective and useful tips during these exam preparations. And finally, this session helped moving one more step ahead for the GATE Aspirants.



# HOW TO PLAN FOR STARTUP AND LEGAL AND ETHICAL STEPS

**DATE** **:** 09.05.2022

**SESSION DURATION** **:** 3.00 P.M – 6.00 P.M

**TOPIC** **:** How to plan for Startup and legal and Ethical Steps

**CHIEF GUEST** **:** Mr.Rahul Devidas, Director, CIRCOR International

**INVITATION:**

The valedictory function of the Association of Information technology was organized on 08th May, 2022 in the library conference hall from 2:00 pm to 5:30 pm. The Chief Guest of the valedictory function was Rahul Devidas, Director of Business Development M&A and Strategy, CIRCOR International, Coimbatore, who is also a successful entrepreneur, motivational speaker and a mentor of various start - ups.

The function started with a prayer song which was sung by the 3rd year students, followed by the welcome address given by Harshavardhan, the Secretary of Association of IT.

Then was the felicitation address given by Dr N.K Karthikeyan, the HOD of IT department wherein he addressed the audience on the present-day market trends and the scope of the booming IT fields for the next couple of years he also motivated and guided the students in their pursuit of growth.

Further the association coordinator Dr.N.Anithadevi shared a few words.

After which the annual report was delivered by Ajay M, secretary- Association of IT.

Then the function commenced, the winners of the events, hackathon and syllogism were announced and the prizes were distributed to the respective participants by the honourable chief guest. The students showed much enthusiasm in participation as well as during the prize distribution.

Moreover, the chief guest Rahul Devidas, gave an enlightening speech on how to plan for startup and legal and ethical steps for the same. Also, about their new trends which guided the students interested in start-ups to begin a start-up and motivated the others to start one. He also discussed about the various pros and cons and the global marketing trends. Adding on, he shared his experience in his fields of knowledge. The session went on well with interactions between the students and the chief guest as well as the staffs and the chief guest. Finally, he concluded by clarifying the doubts of the students.

Finally, the event concluded by the vote of thanks given by Clarissa, Event manager of association of IT.

| **3** | Webinar on "Career Guidance" | 1.2.2021 | **Mr. Gowtham Kalyan,**<br>HR at Ericsson India \| Recruitment \| Engagement \| NHRD \| Rotaract Chairman | 80 |

The event was taken over by **Chief Guest Mr. R.Chellapan**, Managing Director, Swelect Energy Systems LTD (Formely known as Numeric Power Systems LTD) Swelect Group Swelect Energy Systems PTE LTD, Singapore, Swelect Inc, USA, HHV Solar Technologies Limited, Amex Alloys PVT LTD and a proud alumni of CIT.

The guest was very keen to motivate the students because he always addresses the students as Future Architect of India. The start off of the guest was regarding his travel and experience in his carrier starting from being a senior executive in Ramakrishna steels. Following this, was his story of developing a public company named Numeric Engineers now so called as Swelect Energy Systems. He gave a brief note of all the works that was carried out by the company from the domain of power electronics to power quality and continuity.

A guest lecture on **PROJECT MANAGEMENT** was masterminded and conducted on January 11$^{th}$ 2021 which witnessed an active participation from the student community.

The event was flagged off formally with **Ms.Mythili** (III year ECE), Promotion Manager of IETE Students' Forum, delivering the welcome address.

This was followed by a ceremonious introduction of our beloved chief guest, **Mr. Shriram Vasudevan,** Former In charge and Mentor Cisco Thingqbator, Principal of K.Ramakrishna College of Technology(New), by **Ms.K.Maunasree** (III year ECE) Member of ECE Association and IETE Students' Forum.

The chief guest took the reins of the session by sharing numerous project ideas that he had undertaken. He enlightened the students on comprehensive list of domains such as Sophisticated Automatic Doctor Machine, Driving Assistance for middle class family carsand Feedback Collection for Fastag sans form filling etc.,

A webinar on **CAREER GUIDANCE** was planned and conducted on 1 st February 2021 for third year students of ECE Department at 2.30 PM.

The event was started with the welcome address by **T. Vignesh Raaj** (III year ECE), Joint Treasurer of ECE Association. He extended his hearty welcome to the chief guest, faculties and the students. Following this warm welcome was a grateful introduction of our beloved chief guest **Mr. Gowtham Kalyan,** HR at Ericsson India | Recruitment | Engagement | NHRD | Rotaract Chairman.

The webinar session was then handed over to the Chief Guest. He emphasized the importance of working on the hardware and software domains in a company.

TEQIP-III Sponsored Intensive Training on

"C Programming-Phase-I"

11th to 13th December 2019

**REPORT**

TEQIP-III Sponsored Intensive Training on "C Programming-Phase-I was organized by the Department of Electronics and Communication Engineering, Coimbatore Institute of Technology, Coimbatore during 11th to 13th December 2019. Around 118 UG students, 2 PG students have attended the programme.

The Programme started with the Overview of Programming skill and its applications delivered by Mr E. Karthik, Consultant. Afternoon session was handled by Mr.P.Vidhyasagar, Consultant. His lecture focused on the Fundamentals of C and how to define different data types.

The next day the session starts with an in-depth coverage of operators and special operators. They also focused on precedence and associativity of operators.

On the last day looping concepts were covered which includes for, while and do..while. The session was continued with branching statements (if, if..else, nested if) . programs were given for different patterns using these concepts. Finally, the session ends with String Operators and Preprocessors.

TEQIP-III Sponsored Intensive Training on

"C Programming-Phase-II"

14th & 15th December 2019

## REPORT

TEQIP-III Sponsored Intensive Training on "C Programming-Phase-II was organized by the Department of Electronics and Communication Engineering, Coimbatore Institute of Technology, Coimbatore during 14th and 15th December 2019. Around 118 UG students, 2 PG students have attended the programme.

The Programme started with the Overview of Arrays and its applications, delivered by Mr E. Karthik, Consultant. Afternoon session was handled by Mr.P.Vidhyasagar, Consultant. His lecture focused on the Array operations namely inertion, deletion, merging, searching, sorting.

The next day Mr E. Karthik, continued the session with multi-dimensional arrays and its applications. Next, the session was handled by Mr.P.Vidhyasagar, Consultant, covering the concepts of functions. He explained in-depth with an example for the concepts of function Prototype, function call, Recursion.

## REPORT ON TEQIP-III SPONSORED

## "INTENSIVE TRAINING ON APPLICATIONS OF C-PHASE-I"

TEQIP-III Sponsored "Intensive Training On Applications Of C- Phase I" was held from 22nd Feb to 24th Feb'20 by Electronics and Communication Engineering Department. One hundred and twenty six UG students of Third year BE ECE attended this programme.

The programme was handled by Mr.E.Karthik (Consultant & Trainer) and Mr.Sai Kiran Bukka(Trainer). Session I started with an introduction to structures and unions followed with a coding practice and debugging concepts. Day 2 dealt with pointers along with coding practice and debugging concepts. Day 3 was an extension of the concept of pointers with functions.

The students appreciated the programme and found it very useful. Since a wide variety of topics were covered with worked out programs and problems , all the students found it extremely useful, and all of them were very participative and attentive during the lecture hours.

It is expected that this programme will be useful for the participant students doing their project works , placement and when they work in industry after completion of their studies. Students gave a very positive feedback and fulfillment in understanding the subject.
