

## Incubation cell at Coimbatore Institute of Technology

Incubation cell of entrepreneurship development cell [EDC] of Coimbatore Institute of Technology was established on Friday dated 14/6/2019 with the relentless and sustained support our principal of Coimbatore institute of technology Dr.V.Selladurai and TEQIP officer Dr.V.Manikandan.

**SLIPPER SHOTS** (“Students Learning in Peer to Peer Educational Renovation to Shoot Higher Objectives in a Time Set”) is the first start-up to get incubated in Coimbatore Institute of Technology.

### STAGE I

The core team of the start-up pitched their idea to the board members of the TEQIP on 11/3/2019. After scrutinizing, the board members along with TEQIP officer Dr.V.Manikandan approved them paving way for the incubation.

Slipper shots, a 8 member team comprising of students from multiple disciplines (B.E Mechanical Engineering, B.Tech Information Technology, M.sc software systems, M.sc data science) is currently working on peer to peer interactive education solution.

### STAGE II

#### TEQIP (Phase III)

Third phase of Technical Education Quality Improvement Programme (TEQIP-III) which is fully integrated with the twelfth Five-year Plan objectives for Technical Education as a key component for improving the quality of Engineering Education.

Dr.V.Selladurai, Principal of the institution and Dr.V.Manikandan, TEQIP officer helped Slipper Shots with all the facilities and requirements for the incubation. Slipper Shots was established under the guidance of staff advisor of EDC Dr.R.Maheswari. The Workspace provided is within the Micro Small scale and Medium Enterprises (MSME) in M-113 Main block, Coimbatore Institute of Technology.

**SLIPPER SHOTS**
